Conceived by Colin Chapman, the Lotus 72 is one of the most successful Formula 1 cars ever made. This innovative car – with its wedge-shaped profile, side-mounted radiators and inboard front brakes – was driven during 1970 by Jochen Rindt, Formula 1's posthumous World Champion, and also gave Emerson Fittipaldi the World Champion's crown in 1972. Here, in this new Haynes Manual, is a unique perspective on what it takes to restore, maintain and race a Lotus 72, as well as an insight into the design and engineering of this legendary racing car.

In today's world taking an insurance is become a necessary requirement for cars and all types of vehicles we use in everyday life. We need to know before taking the insurance what problems will come later when we go for a claim. While taking insurance is hassle free and easy, when it comes to getting claims we face a lot of hurdles which we need to be aware while taking the insurance. Also, after we have taken such insurances for our cars/vehicles we also need to know about the problems we are facing in getting the insurance claim for our vehicle. Also, one needs to check the safety features the car provides. Accidents occur mainly because of weak lights and front glass getting foggy resulting in poor visibility..
