Winner of the Man Booker International Prize 2011 In the "stifling heat of equatorial Newark," a terrifying epidemic is raging, threatening the children of the New Jersey city with maiming, paralysis, lifelong disability, and even death. This is the startling theme of Philip Roth's wrenching new book: a wartime polio epidemic in the summer of 1944 and the effect it has on a closely knit, family-oriented Newark community and its children. At the center of *Nemesis* is a vigorous, dutiful twenty-three-year-old playground director, Bucky Cantor, a javelin thrower and weightlifter, who is devoted to his charges and disappointed with himself because his weak eyes have excluded him from serving in the war alongside his contemporaries. Focusing on Cantor's dilemmas as polio begins to ravage his playground—and on the everyday realities he faces—Roth leads us through every inch of emotion such a pestilence can breed: the fear, the panic, the anger, the bewilderment, the suffering, and the pain. Moving between the smoldering, malodorous streets of besieged Newark and Indian Hill, a pristine children's summer camp high in the Poconos—whose "mountain air was purified of all contaminants"—Roth depicts a decent, energetic man with the best intentions struggling in his own private war against the epidemic. Roth is tenderly exact at every point about Cantor's

passage into personal disaster, and no less exact about the condition of childhood. Through this story runs the dark questions that haunt all four of Roth's late short novels, *Everyman*, *Indignation*, *The Humbling*, and now *Nemesis*: What kind of accidental choices fatally shape a life? How does the individual withstand the onslaught of circumstance? A stunningly powerful novel of humanity's will to survive against all odds during an epidemic by a winner of the Nobel Prize for Literature. An International Bestseller • "This is a shattering work by a literary master."—*Boston Globe* A city is hit by an epidemic of "white blindness" which spares no one. Authorities confine the blind to an empty mental hospital, but there the criminal element holds everyone captive, stealing food rations and raping women. There is one eyewitness to this nightmare who guides seven strangers—among them a boy with no mother, a girl with dark glasses, a dog of tears—through the barren streets, and the procession becomes as uncanny as the surroundings are harrowing. A magnificent parable of loss and disorientation, *Blindness* has swept the reading public with its powerful portrayal of our worst appetites and weaknesses—and humanity's ultimately exhilarating spirit. "This is a an important book, one that is unafraid to face all of the horror of the century."—*Washington Post* A *New York Times* Notable Book of the Year A *Los Angeles Times* Best

For fans of Elena Ferrante and Paulo Coelho comes a moving and elegant novel about the friendship between two young Italian boys from different backgrounds and how their connection evolves and challenges them throughout their lives. “Few books have so accurately described the way stony heights can define one's sense of joy and rightness...an exquisite unfolding of the deep way humans may love one another” (Annie Proulx). Pietro is a lonely boy living in Milan. With his parents becoming more distant each day, the only thing the family shares is their love for the mountains that surround Italy. While on vacation at the foot of the Aosta Valley, Pietro meets Bruno, an adventurous, spirited local boy. Together they spend many summers exploring the mountains' meadows and peaks and discover the similarities and differences in their lives, their backgrounds, and their futures. The two boys come to find the true meaning of friendship and camaraderie, even as their divergent paths in life—Bruno's in the mountains, Pietro's across the world—test the strength and meaning of their connection. “A slim novel of startling expansion that subtly echoes its setting” (Vogue), *The Eight Mountains* is a lyrical coming-of-age story about the power of male friendships and the enduring bond between fathers and sons. “There are no more universal themes than those of the landscape,

friendship, and becoming adults, and Cognetti's writing becomes classical (and elegant) to best tell this story...a true novel by a great writer" (Rolling Stone Italia).

A woman in Italy returns to the village where she grew up to reflect on her childhood. She is able to vicariously live her parents' life, including their wedding.

The great novel of the American dream, of "the universal eligibility to be noble," Saul Bellow's third book charts the picaresque journey of one schemer, chancer, romantic, and holy fool: Augie March. Awarded the National Book Award in 1953, *The Adventures of Augie March* remains one of the

classics of American literature. An impulsively active, irresistibly charming and resolutely free-spirited man, Augie March leaves his family of poor Jewish immigrants behind and sets off in search of reality, fulfillment, and most importantly, love. During his exultant quest, he latches on to a series of dubious schemes – from stealing books and smuggling immigrants to training a temperamental eagle to hunt lizards – and strong-minded women – from the fiery, eagle-owning Thea Fenchel, to the sneaky and alluring Stella. As Augie travels from the depths of poverty to the peaks of worldly success, he stands as an irresistible, poignant incarnation of the American idea of freedom. Written in the cascades of brilliant, biting, ravishing prose that would come to be known as “Bellocian,” *The Adventures of Augie March* re-wrote the language of Saul Bellow’s generation.

Italy, a land of relentless, shimmering heat, centuries-old olive groves and families who have lived there for generations. She spends long afternoons enveloped in a sunstruck stupor, reading her grandmother's paperbacks. Everything changes the summer she meets the three boys who live on the farm next door: Nicola, Tommaso and Bern—the man Teresa will love for the rest of her life. Raised like brothers on a farm that feels to Teresa almost suspended in time, the three boys share a complex, intimate, and seemingly unassailable bond. But no bond is unbreakable and no summer truly endless, as Teresa soon discovers. Because there is resentment underneath the surface of that strange brotherhood, a twisted kind of love that protects a dark secret. And when Bern—the enigmatic, restless gravitational center of the group—commits a brutal act of revenge, not even a final pilgrimage to the edge of the world will be enough to bring back those perfect, golden hours in the shadow of the olive trees. An unforgettable story of enduring love, the bonds between men, and the all-too-human search for meaning, Heaven and Earth is Paolo Giordano at his best: an author capable of unveiling the depths of the human soul, who has now given us the old-fashioned pleasure of a big, sprawling novel in which to lose ourselves.

afterwards, Sarah confesses that she is pregnant, but from a casual encounter. She comes to rely on Pietro's mother for support, leaving all three in a painful limbo, unable to move on or return to the way things were. Into the void falls Olmo, an old man haunted by memories of war. At first he provides a distraction, but when he asks Pietro to travel to Russia on his behalf, to right a wrong from his past, he offers this most troubled of young men the chance of a new beginning. A man falls from the fourth floor. It is the only choice he has left to stop suffering. As he falls he announces his last wish, but then his body freezes a few centimetres above the ground. A thread of light descends from above him, he clings to it, and tries to escape from the dark well of depression that has swallowed him. Aldo Amedei is a successful journalist who has lost everything, even his dreams. The past is regret, the present is populated by monsters and ghosts, but he tries to follow that thread of light, that crazy desire that kept him alive, by running the New York marathon. He doesn't even know why he thought of it; after all, he is a man who takes his car to drive a hundred metres. He starts running, like an escaped prisoner hunted by his nightmares. He falls, he gets up, he falls again and gets back on his feet. And each time it hurts more and more. But he doesn't let go. For love, and with the love of Teresa, his young partner. Spitting out his soul along streets full of toil, angels and vultures, he comes back to life, to passion and to dreams. He's helped by a doctor, a unexpected coach and a grandson even crazier than himself. He becomes another person, embedding people into his heart, along with laughter, surprises and new emotions. But his enemies don't give up, they chase him, determined to bring him back into the black well of depression. There's everything still to play for, as in the last challenge, between life and death: the 42 kilometres and 195 metres of the New York marathon. Against the wind and

The award winning *Accabadora* is an exceptional English-language debut, written with intriguing subtlety reflecting a sensual picture of local Italian life and death in villages during the 1950's. A time where family ties and obligations still decide much of life's ebb and flow. A must read for those who love a touch of the unusual. Formerly beautiful and at one time betrothed to a fallen soldier, Bonaria Urrai has a long held covenant with the dead. Midwife to the dying, easing their suffering and sometimes ending it, she is revered and feared in equal measure as the village's *Accabadora*. When Bonaria adopts Maria, the unloved fourth child of a widow, she tries to shield the girl from the truth about her role as an angel of mercy. Moved by the pleas of a young man crippled in an accident, she breaks her golden rule of familial consent, and in the recriminations that follow, Maria rejects her and flees Sardinia for Turin. Adrift in the big city, Maria strives as ever to find love and acceptance, but her efforts are overshadowed by the creeping knowledge of a debt unpaid, of a duty and destiny that must one day be hers. *Accabadora* has been awarded seven major literary prizes, including Italy's prestigious Premio Campiello.

Moving and unsentimental story of inner reconstruction after a devastating loss. Shortlisted for the prestigious Premio Strega in Italy in 2014, this is the story of a broken family coming to terms, in the aftermath of the earthquake in L'Aquila in 2009, with the loss of one of them - a twin sister, a daughter, a mother - while living in temporary accommodation on the outskirts of the city. The terse and clean voice of the spiky, single, thirty-something female narrator wards off sentimentality while guiding us through the inner reconstruction undertaken by each character individually and by the family as a whole, letting us witness the extraordinary poetic power of love and the renewal of hope.

“One Country under Blood” debunks the myth of a happy unification of Italy. What was made to pass as a struggle for independence, was truly an invasion perpetrated by the House of Savoy and its masonic affiliates with the connivance of the Mafia and Camorra cartels. After the annexation of the Kingdom of the Two Sicilies, the riches of southern Italy were transferred to banks in the north to fuel the industrial development of Lombardy and Piedmont. Disfranchised and impoverished, millions of southern “Italians” had no other choice but to turn into outlaws or leave their ancestral homeland and immigrate to the United States, Australia and

"A fast-paced, gripping story set in a world of gruesome violence and perversity, where 'why?' is not a question and murder happens on a whim: but where a very faint ray of grace and hope lights up the landscape of salt and blood and ice. A tour de force of narrative tension and a masterful reconstruction of a lost world that seems to exist at the limits of the human imagination." --Hilary Mantel "This is a novel that takes us to the limits of flesh and blood. Utterly convincing and compelling, remorselessly vivid, and insidiously witty, *The North Water* is a startling achievement."

voyage in the Himalayas. Why climb a mountain without ever reaching the summit? In 2017, Paolo Cognetti returned to Nepal, not to conquer the mountains but to journey through the high valleys of the Dolpo with a copy of Peter Matthiessen's *The Snow Leopard* in hand. Drawing on memories of his childhood in the Alps, Cognetti explored the roots of life in the mountains, truly getting to know the communities and the nature that forged this resilient, almost mythical region. Accompanying him was Remigio, a childhood friend who had never left the mountains of Italy, and Nicola, a painter he had recently met. Joined by a stalwart team of local sherpas, the trio started out in the remote Dolpo region of Nepal. From there, a journey of self-discovery shaped by illness, human connection, and empathy was born. *Without Ever Reaching the Summit* features line illustrations drawn by the author.

Una cosa è chiara: Soltanto uno rimarrà in piedi, alla fine.

A mother recounts her life story to her long-lost daughter in this sweeping historical novel about a community torn between Italian fascism and German Nazism. In the small village of Curon in South Tyrol, seventeen-year-old Trina longs for a different life. She dedicates herself to becoming a teacher, but the year that she qualifies—1923—Mussolini's regime abolishes the use of German as a teaching language in the annexed Austrian territory. Defying their ruthless program of forced Italianization, Trina works for a clandestine network of schools in the valley, always with the risk of

capture. In spite of this new climate of fear and uncertainty, she finds love and some measure of stability with Erich, an orphaned young man and her father's helper. Now married and a mother, Trina's life is again thrown into uncertainty when Hitler's Germany announces the "Great Option" in 1939, and communities in South Tyrol are invited to join the Reich and leave Italy. The town splits, and ever-increasing rifts form among its people. Those who choose to stay, like Trina and her family, are seen as traitors and spies; they can no longer leave the house without suffering abuse. Then one day Trina comes home and finds that her daughter is missing... Inspired by the striking image of the belltower rising from Lake Resia, all that remains today of the village of Curon, Marco Balzano has written a poignant novel that beautifully interweaves great moments in history with the lives of everyday people.

Danny Yzemeski is a husky, pop radio-loving loner balancing a dysfunctional homelife with the sudden harsh realities of freshman year at a high school marked by racial turbulence. But after tragedy strikes the family, Danny's mother becomes increasingly erratic and angry about the seismic cultural shifts unfolding in her city and the world. As she tries to hold it together with the help of Librium, highballs, and breakfast cereal, Danny finds his own reason to carry on: rock and roll. In particular, the drum and guitar-heavy songs of local legends like the MC5 and Iggy Pop.
