And yet we played on, because we had hope that we might be the lucky ones." In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea.

He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean

more interesting, especially for those students who have heretofore felt Korean grammar to be difficult. Further, this series equally serves as a general Korean grammar reference that can be used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand. ??? ??? This study examines how the concept of "Korean woman" underwent a radical transformation in Korea's public discourse during the years of Japanese colonialism. Theodore Jun Yoo shows that as women moved out of traditional spheres to occupy new positions outside the home, they encountered the pervasive control of the colonial state, which sought to impose modernity on them. While some Korean women conformed to the dictates of colonial hegemony, others took deliberate pains to distinguish between what was "modern" (e.g., Western outfits) and thus legitimate, and what was "Japanese," and thus illegitimate. Yoo argues that what made the experience of these women unique was the dual confrontation with modernity itself and with Japan as a colonial power.

Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri’s roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country’s biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wanna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea’s brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.

Hyaewol Choi examines the formation of modern gender relations in Korea from a transnational perspective. Diverging from a conventional understanding of 'secularization' as a defining feature of modernity, Choi argues that Protestant Christianity, introduced to Korea in the late nineteenth century, was crucial in shaping modern gender ideology, reforming domestic practices and claiming new space for women in the public sphere. In Korea, Japanese colonial power - and with it, Japanese representations of modernity - was confronted with the dominant cultural and material power of Europe and the US, which was reflected in Korean attitudes. One of the key agents in conveying ideas of "Western modernity" in Korea was globally connected Christianity, especially US-led Protestant missionary organizations. By placing gender and religion at the center of the analysis, Choi shows that the development of modern gender relations was

rooted in the transnational experience of Koreans and not in a simple nexus of the colonizer and the colonized.

Modern Korean breaks new ground in the field of Korean studies by providing students with a skillfully constructed text for intermediate-level Korean-language study. The text emphasizes the development of reading proficiency, but its exercises, which employ a communicative approach emphasizing student-student and student-teacher interactions in real-life scenarios, reinforce skills

learned through conversation practice. Its twenty-four lessons are divided into two groups of twelve lessons each. A single lesson consists of a main text, written in expository or descriptive prose that often incorporates a conversational style; a dialogue; a discussion of new word usage and structural patterns; substitution and grammar drills; exercises; and a vocabulary list. Lessons in the second half of the book introduce Chinese characters. Along with improving their language skills, students will gain from this volume the means to better understand Korean society and culture. Among the text topics covered are Korean history, geography, holidays, literature, customs, and people. Used either for classroom instruction or for self-study, Modern Korean guides the student through a critical transition in the learning process, from the ability to carry on a conversation to the acquisition of intermediate skills needed to read the written language.

In the past ten years, China has rapidly emerged as South Korea's most important economic partner. With the surge of goods and resources between the two countries, large waves of Korean migrants have opened small ethnic firms in Beijing's Koreatown, turning a once barren wasteland into the largest Korean enclave in the world. *The Cost of Belonging: An Ethnography of Solidarity and Mobility in Beijing's Koreatown* fills a critical gap in East Asian and migration studies through an investigation of how the rise of transnationalism has impacted the social and economic lives of South Koreans searching for wealth and stability in China. Based off in-depth ethnographic fieldwork, this book studies the tensions, relationships, and perceptions in the ethnic enclave of Wangjing between Korean Chinese cultural brokers and South Koreans starting out as entrepreneurs. Expanding upon classic anthropological theories of community and space, Yoon broadens our understanding of the migrant middle class in the era of global capitalism and neoliberal markets. The transnational enclave was once an incubator of the middle class dream, but does it continue to provide its inhabitants with the emotional resources to achieve both wealth and community? *The Cost of Belonging* challenges theoretical assumptions that transnationalism leads to a renaissance of ethnic identity and greater opportunities for migrants, unpacking how these entrepreneurs and dreamers coexist and evolve, both emotionally and financially, in the era of globalization. *The Cost of Belonging* is a volume in the series *ISSUES OF*
