Penguin Readers Level 3: the Ring Bernard Smith, 2000-12 Original / British English One day Rafael was well; the next day he was completely mad. What happened to him? The Ring of the Nibelung Richard Wagner, 2018-07-26 A superb new translation of one of the greatest nineteenth century poems: the libretto to Wagner's Ring cycle The scale and grandeur of Wagner's The Ring of the Nibelung has no precedent and no successor. It preoccupied Wagner for much of his adult life and revolutionized the nature of opera, the orchestra, the demands on singers and on the audience itself. The four operas-The Rhinegold, The Valkyrie, Siegfried and Twilight of the Gods - are complete worlds, conjuring up extraordinary mythological landscapes through sound as much as staging. Wagner wrote the entire libretto before embarking on the music. Discarding the grand choruses and bravura duets central to most operas, he used the largest musical forces in the context often of only a handful of singers on stage. The words were essential: he was telling a story and making an argument in a way that required absolute attention to what was said. The libretto for The Ring lies at the heart of nineteenth century culture. It is in itself a work of power and grandeur and it had an incalculable effect on European and specifically German culture. John Deathridge's superb new translation, with notes and a fascinating introduction, is essential for anyone who wishes to get to grips with one of the great musical experiences.

Integral Closure of Ideals, Rings, and Modules Craig Huneke, Irena Swanson, 2006-10-12 Ideal for graduate students and researchers, this book presents a unified treatment of the central notions of integral closure.

Tolkien's Ordinary Virtues Mark Eddy Smith, 2002-01-01 For Christians who are fans of Tolkien, Smith compares the tales of the Hobbits to those of spirituality, wherein God calls those that listen to embark on a journey.

There But For The Ali Smith, 2011-09-13 From the acclaimed, award-winning author—when a dinner-party guest named Miles locks himself in an upstairs room and refuses to come out, he sets off a media frenzy. He also sets in motion a mesmerizing puzzle of a novel, one that harnesses acrobatic verbal playfulness to a truly affecting story. Miles communicates

only by cryptic notes slipped under the door. We see him through the eyes of four people who barely know him, ranging from a precocious child to a confused elderly woman. But while the characters' wit and wordplay soar, their story remains profoundly grounded. As it probes our paradoxical need for both separation and true connection, There but for the balances cleverness with compassion, the surreal with the deeply, movingly real, in a way that only Ali Smith can.

The Perfect Wagnerite A Commentary On The Niblung's Ring Bernard Shaw, 2023-12-01 Bernard Shaw's *The Perfect Wagnerite: A Commentary on the Ring of the Nibelung* is a major work. This book offers an in-depth examination of Richard Wagner's famous opera cycle *Der Ring des Nibelungen*. Shaw's commentary delves into the complex strata of Wagner's magnum opus, providing a multidimensional assessment that goes beyond typical music analysis. He introduces readers to Wagnerian mythology, complex character relationships, and the overarching plot, frequently through the lens of socialism and revolutionary thought. Shaw's opinion that the Ring Cycle might be viewed as a parable for societal reform is one of his core arguments. He sees the demise of the gods and the return of the ring to the Rhine as a metaphor for the inevitable collapse of repressive society systems and the possibility of a more egalitarian future. Shaw's distinct wit and intellectual depth shine through throughout the book as he connects with Wagner's work. His commentary extends beyond musical criticism to include political and philosophical implications. Shaw's approach encourages readers to evaluate Wagner's music dramas in the light of a broader cultural and historical backdrop. In conclusion, George Bernard Shaw's *The Perfect Wagnerite* is a thought-provoking and enduring investigation of Wagner's vast operatic masterpiece, providing readers with a novel perspective that mixes musical analysis with socio-political criticism.
