

Robert S Mueller Iii

Who wants to lug that bulky Mueller Report around? Flipping through it is a nightmare. And what a waste of paper! Printing, carrying, organizing and searching through the lengthy 448-page Mueller Report is logistically inefficient. Whether printed on paper or viewed on a screen, the hurdles and limitations of navigating are cumbersome and frustrating. This book displays the complete text of Robert Mueller's 448-page U.S. Department of Justice Report on the Investigation into Russian Interference in the 2016 Presidential Election, Volumes 1 and 2, compressed onto 113 pages. The white margins have been cropped out and the downsized pages laid on a 4x1 grid. The text is small but readable for most people. When the book is open, the reader can view 8 pages at a time on a 2-page spread. For quick and easy reference, descriptive headers on every page provide the volume, section, and original page numbers, as well as descriptions of the subjects on the page. The original Mueller Report provides no comparable guide. Flipping through this volume also provides perspective on the size and locations of redacted material that single-page viewing cannot convey. This book is a handy alternative to other printed versions of this important document.

There has never been a more important political investigation than Robert S. Mueller III's into President Donald Trump's possible collusion with Russia. His findings are elaborated in this report issued by the Department of Justice. Volume I describes the factual results of the Special Counsel's investigation of Russia's interference in the 2016 presidential election and its interactions with the Trump Campaign. Section I describes the scope of the investigation. Sections II and III describe the principal ways Russia interfered in the 2016 presidential election. Section IV describes links between the Russian government and individuals associated with the Trump Campaign. Section V sets forth the Special Counsel's charging decisions. Volume II addresses the President's actions towards the FBI's investigation into Russia's interference in the 2016 presidential election and related matters, and his actions towards the Special Counsel's investigation. Volume II separately states its framework and the considerations that guided that investigation.

If you are looking for the original documentation in larger print this is what you need. The Mueller Report - May Edition, redacted officially titled Report on the Investigation into Russian Interference in the 2016 Presidential Election The official report documenting the findings and conclusions of Special Counsel Robert Mueller's investigation into Russian actions to interfere in the 2016 United States presidential election, allegations of conspiracy or coordination between Donald Trump's presidential campaign and Russia, and allegations of obstruction of justice. Black & Withe Original Report in Large Clear d104. Original Report in Large Clear d104. Large Size 8,5 x 11. Volume I concludes that Russian interference in the 2016 presidential election. Volume II of the report addresses obstruction of justice. Annex A, Annex C, Annex D. .Total 450 Pages. The redacted report as issued by US. Dept. of Justice.

This is the redacted version of the Mueller Report released to the public. This is the second volume of the two volume report in letter size. Appendixes are also part of this volume. On May 17, 2017 Deputy Attorney General Rod Rosenstein appointed Robert S. Mueller III, under 28 CFR § 600.1, as special counsel to take over and expand an existing FBI counterintelligence investigation into possible Russian interference in the 2016 Presidential election. The report was submitted to Attorney General William Barr on March 22, 2019 and a redacted version of the report was publicly released on April 18, 2019. It is divided into two volumes. Volume II Trump's reaction to Mueller appointment Obstruction of justice Episodes of alleged obstruction Appendixes

This is the redacted version of the Mueller Report (revised May 6, 2019) released to the public. This is the second volume of the two volume report in letter size. Appendixes are also part of this volume. On May 17, 2017 Deputy Attorney General Rod Rosenstein appointed Robert S. Mueller III, under 28 CFR § 600.1, as special counsel to take over and expand an existing FBI counterintelligence investigation into possible Russian interference in the 2016 Presidential election. Volume II Trump's reaction to Mueller appointment Obstruction of justice Episodes of alleged obstruction Appendixes

Now you can read the Mueller Report for yourself. This historic document may reflect a pivotal moment in American history. Never before has a US President been investigated for possible collusion with a foreign government. In 450 pages Robert Mueller sets forth his findings in a meticulous fashion. This report is submitted to the Attorney General pursuant to 28 C.F.R. § 600.8(c), which states that, "[a]t the conclusion of the Special Counsel's work, he ... shall provide the Attorney General a confidential report explaining the prosecution or declination decisions [the Special Counsel] reached." The Russian government interfered in the 2016 presidential election in sweeping and systematic fashion. Evidence of Russian government operations began to surface in mid-2016. In June, the Democratic National Committee and its cyber response team publicly announced that Russian hackers had compromised its computer network. Releases of hacked materials--hacks that public reporting soon attributed to the Russian government--began that same month. Within the Executive Branch, these investigatory efforts ultimately led to the May 2017 appointment of Special Counsel Robert S. Mueller, III. The order appointing the Special Counsel authorized him to investigate "the Russian government's efforts to interfere in the 2016 presidential election," including any links or coordination between the Russian government and individuals associated with the Trump Campaign. As set forth in detail in this report, the Special Counsel's investigation established that Russia interfered in the 2016 presidential election principally through two operations. First, a Russian entity carried out a social media campaign that favored presidential candidate Donald J. Trump and disparaged presidential candidate Hillary Clinton. Second, a Russian intelligence service conducted computer-intrusion operations against entities, employees, and volunteers working on the Clinton Campaign and then released stolen documents. The investigation also identified numerous links between the Russian government and the Trump Campaign. Although the investigation established that the Russian government perceived it would benefit from a Trump presidency and worked to secure that outcome, and that the Campaign expected it would benefit

The long awaited Muller Report is finally published and made available to the public. The results of Special Counsel Robert Mueller's investigation provide answers to questions that caught the attention of the entire American public. Since the first evidence of Russian interference in the 2016 presidential election came up, the Democratic public has raised suspicion in President Trump's involvement. The special counsel was appointed to examine these allegations and to determine the fact regarding the biggest political scandal in the recent American history. On April 18, 2019, a redacted version of the Muller report was released to Congress and the public. In this report Robert Muller presented his findings regarding the Russian interference interfere in the 2016 United States presidential election, allegations of conspiracy or coordination between Donald Trump's presidential campaign and Russia, and allegations of obstruction of justice. Contents: The Special Counsel's Investigation Russian "Active Measures" Social Media Campaign Russian Hacking and Dumping Operations Russian Government Links to and Contacts With the Trump Campaign Prosecution and Declination Decision Executive Summary to Volume II Background Legal and Evidentiary Principles Factual Results Of The Obstruction Investigation Legal Defenses to the Application of Obstruction-Of-Justice Statutes To The President

This is the redacted version of the Mueller Report (revised May 6, 2019) released to the public in letter size. It contains both volumes and the appendixes. On May 17, 2017 Deputy Attorney General Rod Rosenstein appointed Robert S. Mueller III, under 28 CFR § 600.1, as special counsel to take over and expand an existing FBI counterintelligence investigation into possible Russian interference in the 2016 Presidential election. The report was submitted to Attorney General William Barr on March 22, 2019 and a redacted version of the report was publicly released on April 18, 2019. It is divided into two volumes. Volume I Russian interference Conspiracy or coordination Volume II Trump's reaction to Mueller appointment Obstruction of justice Episodes of alleged obstruction Appendixes

This is the complete text of the report popularly referred to as the Mueller Report, or more formally referred to as the Report On The Investigation Into Russian Interference in The 2016 Presidential Election. This is the complete report as issued in its redacted form by the U.S. Department of Justice on April 18, 2019. Both volumes one and two are included.

The Special Counsel investigation was a United States law enforcement investigation of Russian interference in the 2016 Presidential Election. According to its authorizing document, written and signed by Deputy Attorney General Rod Rosenstein, the investigation included any possible links or coordination between Donald Trump's presidential campaign and the Russian government as well as "any matters that arose or may arise directly from the investigation" including potential obstruction of justice by Donald Trump and others, including Vice President Mike Pence and the members of Trump's transition team. It was conducted by the United States Department of Justice Special Counsel's Office, headed by Robert Mueller, former Director of the Federal Bureau of Investigation.

The New York Times Bestseller This is the full text, Volumes 1 and 2, of special counsel Robert Mueller's investigation. It is THE REPORT AND NOTHING BUT THE REPORT, in a beautifully typeset edition, with full searchability in ebook formats, presented exactly as released by the Attorney General of the United States, with no positioning—such as a celebrity introduction—that would give it a bias or impede its clarity. One of the most-talked-about investigations in American history, the subject of constant media discussion and speculation, non-stop and controversial attacks from the president, and the eager anticipation of a public wondering what the truth is, this long-awaited publication is an historic event. The Mueller Report continues Melville House's "tradition of publishing pivotal public documents."—The New York Times

NEW YORK TIMES BESTSELLER • In the first and only inside account of the Mueller investigation, one of the special counsel's most trusted prosecutors breaks his silence on the team's history-making search for the truth, their painstaking deliberations and costly mistakes, and Trump's unprecedented efforts to stifle their report. "Weissmann delivers the kind of forceful, ringing indictment that Mueller's report did not."—The New York Times In May 2017, Robert Mueller was tapped to lead an inquiry into Russian interference in the 2016 presidential election, coordination by foreign agents with Donald Trump's campaign, and obstruction of justice by the president. Mueller assembled a "dream team" of top prosecutors, and for the next twenty-two months, the investigation was a black box and the subject of endless anticipation and speculation—until April 2019, when the special counsel's report was released. In *Where Law Ends*, legendary prosecutor Andrew Weissmann—a key player in the Special Counsel's Office—finally pulls back the curtain to reveal exactly what went on inside the investigation, including the heated debates, painful deliberations, and mistakes of the team—not to mention the external efforts by the president and Attorney General William Barr to manipulate the investigation to their political ends. Weissmann puts the reader in the room as Mueller's team made their most consequential decisions, such as whether to subpoena the president, whether to conduct a full financial investigation of Trump, and whether to explicitly recommend obstruction charges against him. Weissmann also details for the first time the debilitating effects that President Trump himself had on the investigation, through his dangling of pardons and his constant threats to shut down the inquiry and fire Mueller, which left the team racing against the clock and essentially fighting with one hand tied behind their backs. In *Where Law Ends*, Weissmann conjures the camaraderie and esprit de corps of the investigative units led by the enigmatic Mueller, a distinguished public servant who is revealed here, in a way we have never seen him before, as a manager, a colleague, and a very human presence. Weissmann is as candid about the team's mistakes as he is about its successes, and is committed to accurately documenting the historic investigation for future generations to assess and learn from. Ultimately, *Where Law Ends* is a story about a team of public servants, dedicated to the rule of law, tasked with investigating a president who did everything he could to stand in their way.

Written by Special Counsel Robert S. Mueller III the "Report On The Investigation Into Russian Interference In The 2016 Presidential Election" has been released. Already generating as many questions as it answered, as well as contradictory statements from politicians and pundits on all sides of the political spectrum, the Mueller Report's revelations and conclusions are sure to be debated for years to come. Now the American people can read the report for themselves and draw their own conclusions.

In the future, The Mueller Report may be judged as the most important document of our time. And no matter where you reside on the American political spectrum, you will probably agree that it will have far-reaching implications for the balance of power among the three coequal branches of government that create, administer, and apply the laws of our republic. With forewords by Lt. Col. Allen B. West (Ret.), and the Hon. Dan Boren, both former congressmen who served on opposite sides of the aisle while Robert Mueller served as director of the FBI, they hold insight into the leadership of the organization created expressly to investigate the questions answered by this report.

The rights of all Americans are at stake in the selection of an FBI Director. He has extraordinary power to affect the lives of ordinary Americans. By properly using the investigative powers, the FBI can protect the security of all of us to combat sophisticated crime, espionage and terrorism. But these same powers the FBI has, if they are unchecked, they can undermine our civil liberties, our freedom of speech and association, and the right to privacy. If the FBI leaks information, they can destroy the lives and reputations of people who have not been charged or had a trial. And, worse, such leaking can be used for political intimidation and coercion. By respecting constitutional safeguards for criminal suspects, the FBI can help ensure that persons accused of Federal crimes receive a fair trial and that justice is served. The paramount standard for evaluating a new Director is his demonstrated adherence to the Constitution as the bulwark of liberty and the rule of law. Many in our country have lost some confidence in the Bureau. That is more than just a PR problem, because if you erode public trust, then you erode the ability of the FBI to do its job.

ROBERT S. MUELLER's inquiry into President Donald Trump's possible collusion with Russia has engulfed US politics and US-Russia relations for the last two years, reaching levels of hysteria among political pundits and the media. Was it a "witch hunt," as Trump supporters believed, or a necessary look into impeachable offenses?

The Crucial #1 New York Times Bestseller "The Mueller report is that rare Washington tell-all that surpasses its pre-publication hype...the best book by far on the workings of the Trump presidency." —Carlos Lozada, *The Washington Post* The only book with exclusive analysis by the Pulitzer Prize-winning staff of *The Washington Post*, and the most complete and authoritative available. Read the findings of the Special Counsel's investigation into Russian interference in the 2016 election, complete with accompanying analysis by the *Post* reporters who've covered the story from the beginning. This

edition from The Washington Post/Scribner contains: —The long-awaited Report On The Investigation Into Russian Interference In The 2016 Presidential Election —An introduction by The Washington Post titled “A President, a Prosecutor, and the Protection of American Democracy” —A timeline of the major events of the Special Counsel’s investigation from May 2017, when Robert Mueller was appointed, to the report’s delivery —A guide to individuals involved, including in the Special Counsel’s Office, the Department of Justice, the FBI, the Trump Campaign, the White House, the Trump legal defense team, and the Russians —Key documents in the Special Counsel’s investigation, including filings pertaining to General Michael T. Flynn, Paul Manafort, Michael Cohen, Roger Stone, and the Russian internet operation in St. Petersburg. Each document is introduced and explained by Washington Post reporters. One of the most urgent and important investigations ever conducted, the Mueller inquiry focuses on Donald Trump, his presidential campaign, and Russian interference in the 2016 election, and draws on the testimony of dozens of witnesses and the work of some of the country’s most seasoned prosecutors. The special counsel’s investigation looms as a turning point in American history. The Mueller Report is essential reading for all citizens concerned about the fate of the presidency and the future of our democracy.

NOW A NEW YORK TIMES, WASHINGTON POST, WALL STREET JOURNAL, USA TODAY, AND PUBLISHERS WEEKLY BESTSELLER. There has never been a more important political investigation than Robert S. Mueller III’s into President Donald Trump’s possible collusion with Russia. His momentous findings can be found here, complete with: The 300+ pages of the historic report, as released by the Justice Department An introduction by constitutional scholar, eminent civil libertarian, and New York Times bestselling author Alan Dershowitz. The relevant portions of Title 28 of the Code of Federal Regulations, the 1999 provisions written by former acting Solicitor General Neal Katyal, which establish and regulate the powers of the special counsel. Rod Rosenstein’s 2016 order appointing Robert Mueller III as special counsel and outlining the scope of his investigation. Attorney General William Barr’s four-page summary of the report, as sent to Congress. Barr’s explanation of the four reasons for redacting the report, and a key for identifying them in the color-coded report The wait is over. Robert Mueller, a lifelong Republican, has concluded his investigation and submitted its findings to Attorney General William Barr. Barr has told Congress that Mueller found no proof of collusion between the Trump campaign and Russia, and did not come to a conclusion on obstruction of justice—neither concluding the president committed a crime nor exonerating him. But Mueller’s report was over 300 pages and Barr’s summary was only four pages, raising questions about the conclusions of a historic investigation. Special Counsel Robert Mueller III’s probe into Russian influence on the 2016 election of Donald Trump—including links between the campaign and Russian interests, obstruction of justice by President Trump, and any other matters that may have arisen in the course of the investigation—has been the focal point of American politics since its inception in May 2017. Democrats in the US House of Representatives hoped to use the report to begin impeachment proceedings, with the support of those critical of the president. Media tracked Mueller’s every move, and the investigation was subject to constant speculation by political pundits everywhere. It resulted in the indictments of Michael Flynn, Paul Manafort, Roger Stone, and many others. President Trump and his supporters affirmed that the investigation was a “witch hunt” and the product of a plot by the political establishment—the “deep state”—to delegitimize his presidency. Mueller’s findings—at least according to Barr—allowed the latter to claim victory. But now, thanks to a subpoena from House Judiciary Committee chairman Jerry Nadler for the full report, a resolution from the House of Representatives to release the full report to the public (though blocked in the Senate by Mitch McConnell), and popular demand, it’s time for public to judge if that is true. The Mueller investigation will join Watergate, and the Mueller Report will join the 9/11 Commission Report, the Warren Report, and the Starr Report, as one of the most important in history. The Mueller Report is required reading for everyone with interest in American politics, for every 2016 and 2020 voter, and every American. It’s now available here as an affordable paperback, featuring an introduction from eminent civil libertarian, Harvard Law Professor Emeritus, and New York Times bestselling author Alan Dershowitz, who provides a constitutional, civil law-based commentary sorely needed in today’s media landscape.

The wait for The Mueller Report is over. This strikingly designed edition has been prepared by expert typographers – allowing for an optimised, immersive reading experience. "From the moment [the report] was published, two separate news universes took shape. In one, the special counsel's report was presented as a smoking-gun chronicle of high crimes and misdemeanours. In the other, it was heralded as a credibility-shredding blow to the president's opponents."—The Atlantic Make up your own mind. The Mueller Report is a must read political blockbuster.

Available IMMEDIATELY as a print-on-demand book, this letter-sized facsimile edition includes every page of the MUELLER REPORT, with no supplementary or explanatory texts. All redaction marks are in place as well. What you get is what the Department of Justice issued online, on April 18, 2019. This is part one and two of the 442-page Mueller report. Part two "addresses the President's actions toward the FBI's investigation into Russian interference in the 2016 presidential election and related matters, and his actions toward the Special Counsel's investigation. Volume II separately states its framework and the considerations that guided the investigation."

A NEW YORK TIMES BESTSELLER Written and designed by the staff of The Washington Post and illustrated by artist Jan Feindt, The Mueller Report Illustrated: The Obstruction Investigation brings to life the findings of special counsel Robert S. Mueller III in an engaging and illuminating presentation. When it was released on April 18, 2019, Mueller’s report laid out two major conclusions: that Russia’s interference in the 2016 presidential election had been “sweeping and systematic” and that the evidence did not establish that Trump or his campaign had conspired with the Kremlin. The special counsel left one significant question unanswered: whether the president broke the law by trying to block the probe. However, Mueller unspooled a dramatic narrative of an angry and anxious president trying to control the criminal investigation, even after he knew he was under scrutiny. Deep inside the 448-page report is a fly-on-the-wall account of

the inner workings of the White House, remarkable in detail and drama. With dialogue taken directly from the report, The Mueller Report Illustrated is a vivid, factually rigorous narrative of a crucial period in Trump’s presidency that remains relevant to the turbulent events of today.

Former special counsel Robert S. Mueller III testifies before the House Judiciary Committee. This is a full record and transcript of these proceedings.

Read the book Democrats doesn't want you to read. There has never been a more important political investigation than Robert S. Mueller III's into President Donald Trump's possible collusion with Russia. This comprehensive and coherently argued book reveals how Mueller report vindicated President Trump and even makes him the most transparent president in US history. PLEASE note that this thorough book is mostly blank but it'sentirely satire.

The historic report on the investigation into Russian interference in the 2016 presidential election—with forewords by two former congressmen. In the future, The Mueller Report may be judged as the most important document of our time. And no matter where you reside on the American political spectrum, you will probably agree that it will have far-reaching implications for the balance of power among the three coequal branches of government that create, administer, and apply the laws of our republic. This edition includes forewords by Lt. Col. Allen B. West (Ret.), and the Hon. Dan Boren, both former US congressmen. Having served on opposite sides of the aisle while Robert Mueller served as director of the FBI, they hold insight into the leadership of the organization created expressly to investigate the questions answered by this report.

The Director of the Federal Bureau of Investigation (FBI) is appointed by the President by and with the advice and consent of the Senate. The statutory basis for the present nomination and confirmation process was developed in 1968 and 1976, and has been used since the death of J. Edgar Hoover in 1972. Over this time, five nominations have been confirmed and two have been withdrawn by the President before confirmation. The position of FBI Director has a fixed 10-year term, and the officeholder may not be reappointed. There are no statutory conditions on the President's authority to remove the FBI Director. The current FBI Director, Robert S. Mueller III, was confirmed by the Senate on August 2, 2001, and his term of office is set to expire in September 2011. In May 2011, President Barack Obama announced his intention to seek legislation that would extend Mr. Mueller's term of office for two years. On May 26, 2011, Senator Patrick Leahy introduced S. 1103, a bill that would extend the term of the incumbent Director of the FBI. This report provides some legislative history surrounding the enactment of the 1968 and 1976 amendments to the appointment of the FBI Director, as well as information on the nominees to the FBI Directorship since 1972. It then discusses precedent for lengthening the tenure of an office and the constitutionality of extending the tenure of the Directorship for the current incumbent, and addresses whether it would be necessary for Mr. Mueller to be appointed a second time. Table. This is a print on demand report.

Robert Swan Mueller III has been the go to man when secrets go awry. Recruited as a CIA asset in Vietnam as a member of the Phoenix Project it was embedded in him that there are No Borders, No Limits, No Restrictions, and No Repercussions. With these standards ingrained in his persona, Mueller became an invaluable asset in protecting what today is called "The Deep State." Teamed with William Barr the duo was incredibly effective in blocking investigations, erasing and fabricating both evidence, and witnesses. When the need arises, invariably the Deep State Handlers call on "The Mule"

NEW YORK TIMES BESTSELLER • With unparalleled reporting, a Pulitzer Prize-winning New York Times reporter chronicles the clash between a president and the officials of his own government who tried to stop him. "A meticulously reported volume that clearly benefits from the author's extraordinary access . . . [a] startling dissection of the Trump presidency."—The New York Times Drawing on secret FBI and White House documents and confidential sources inside federal law enforcement and the West Wing, Donald Trump v. The United States tells the dramatic, high-stakes story of those who felt compelled to confront and try to contain the forty-fifth president of the United States as he shredded norms and sought to expand his power, bringing American democracy to the brink. Michael S. Schmidt broke many of the major stories of the Trump era, from the news of Hillary Clinton's use of a personal email account to the report on the memos of former FBI director James Comey's conversations with Trump that led directly to the appointment of special counsel Robert S. Mueller III. In Donald Trump v. The United States, Schmidt takes us inside the defining events of a presidency, chronicling the clash between an increasingly emboldened president and the officials of his own government who found themselves trying to thwart the president they had once pledged to serve. Through their eyes and ears, we observe an epic struggle to stop a rogue agent in our nation's highest office. A vital work of journalism, Donald Trump v. The United

States is a riveting contemporary history and a lasting account of just how fragile and vulnerable American democracy really is.

NOW A NEW YORK TIMES, WALL STREET JOURNAL, USA TODAY, AND PUBLISHERS WEEKLY BESTSELLER. There has never been a more important political investigation than Robert S. Mueller III's into President Donald Trump's possible collusion with Russia. His momentous findings can be found here, complete with: The 300+ pages of the historic report, as released by the Justice Department An introduction by constitutional scholar, eminent civil libertarian, and New York Times bestselling author Alan Dershowitz. The relevant portions of Title 28 of the Code of Federal Regulations, the 1999 provisions written by former acting Solicitor General Neal Katyal, which establish and regulate the powers of the special counsel. Rod Rosenstein's 2016 order appointing Robert Mueller III as special counsel and outlining the scope of his investigation. Attorney General William Barr's four-page summary of the report, as sent to Congress. Barr's explanation of the four reasons for redacting the report, and a key for identifying them in the color-coded report The wait is over. Robert Mueller, a lifelong Republican, has concluded his investigation and submitted its findings to Attorney General William Barr. Barr has told Congress that Mueller found no proof of collusion between the Trump campaign and Russia, and did not come to a conclusion on obstruction of justice—neither concluding the president committed a crime nor exonerating him. But Mueller's report was over 300 pages and Barr's summary was only four pages, raising questions about the conclusions of a historic investigation. Special Counsel Robert Mueller III's probe into Russian influence on the 2016 election of Donald Trump—including links between the campaign and Russian interests, obstruction of justice by President Trump, and any other matters that may have arisen in the course of the investigation—has been the focal point of American politics since its inception in May 2017. Democrats in the US House of Representatives hoped to use the report to begin impeachment proceedings, with the support of those critical of the president. Media tracked Mueller's every move, and the investigation was subject to constant speculation by political pundits everywhere. It resulted in the indictments of Michael Flynn, Paul Manafort, Roger Stone, and many others. President Trump and his supporters affirmed that the investigation was a "witch hunt" and the product of a plot by the political establishment—the "deep state"—to delegitimize his presidency. Mueller's findings—at least according to Barr—allowed the latter to claim victory. But now, thanks to a subpoena from House Judiciary Committee chairman Jerry Nadler for the full report, a resolution from the House of Representatives to release the full report to the public (though blocked in the Senate by Mitch McConnell), and popular demand, it's time for public to judge if that is true. The Mueller investigation will join Watergate, and the Mueller Report will join the 9/11 Commission Report, the Warren Report, and the Starr Report, as one of the most important in history. The Mueller Report is required reading for everyone with interest in American politics, for every 2016 and 2020 voter, and every American. It's now available here as an affordable paperback, featuring an introduction from eminent civil libertarian, Harvard Law Professor Emeritus, and New York Times bestselling author Alan Dershowitz, who provides a constitutional, civil law-based commentary sorely needed in today's media landscape.

Special Counsel Robert Mueller's report, delivered to the public in April 2019, is a lengthy 448 pages and spans two volumes. Mike Townsky's 18-minute summary distills the Mueller Report into its key information and analysis.
