The ordination of a gay bishop in the USA revealed sharp differences in the Anglican Church world wide. The Church of England is seen as torn apart by divisions. Evangelical churches and clergy threaten separation. Behind the conflicts lies 'churchmanship'. 'Anglo-catholic', 'Evangelical', 'Liberal', 'Charismatic' and similar labels are in regular use; those who stand for particular churchmanships use labels both as battle-cries and as accusations. *Evangelicals Etcetera* is a comprehensive and authoritative guide to clergy churchmanship. Four major questions are asked and answered in this book. What is churchmanship? Can it be measured? Are particular kinds of people drawn to particular forms of churchmanship? What difference does churchmanship make to the way Anglican clergy believe and behave?

*Beyond the Walls of Separation* is an essential and easy-to-read guidebook for chaplains and volunteers working in the context of prison, and for all those who are professionally or through family links related to those in prison. The book tells the story of what life behind bars is, and how inmates experience transformation through Christian faith: People at the crisis points of their life, where they are shattered, and where little is left of what made them, may experience life as fragile and as a transparent filter for the mysterious. Yet they also may experience God's life-giving presence. Love, expressed in forgiveness--against all odds, against all merits and previous experiences--lies at the root of many stories of transformation that emerge from prison. The book guides visitors to approach inmates without condescension, with an awareness of the social dimension of power and inequality, and with sensitivity to the suffering and alienation that individual prisoners experience. The many years of prison ministry in

different cultural contexts and with inmates from all nations have taught the author that Christ does not need to be brought to prison through visitors, through evangelistic events, or through Christian outreach. He is already powerfully present in prison.

If most pastors were pressed to describe an average day of ministry, they'd have trouble doing it. In a single day, a pastor may fill many different roles in quick succession, from counselor to theologian to student to CEO to custodian (well, let's hope there's usually someone else available to perform that last role). Some roles come more naturally than others, but every pastor wants to perform each role to the best of their ability. In *The 10 Key Roles of a Pastor*, church consultant Gary L. McIntosh shows pastors how to - understand and juggle their many essential roles - prioritize their time and energy - manage their people's expectations of them - and empower others to take up the vital work of the church body. Pastors just starting out in ministry, as well as those who have been at it a while and find themselves overworked and overwhelmed, will value this practical resource. It is also an enlightening read for those in church leadership who would benefit from understanding the pressures their pastor faces on a daily basis.

Today's parish leaders are expected to be holy and prayerful spiritual guides, great preachers and compassionate confessors, but also to make important decisions in key areas like finance, budgeting, hiring and firing, fundraising, risk management, relationship-building, and more—often with virtually no transition or training. And with all the requisite education in philosophy and theology they must provide future pastors, in addition to formation in priestly spirituality and pastoral care, seminaries can do little to prepare priests to deal with the difficult temporal issues pastors face. *A Pastor's Toolbox* is designed to help fill that void. It is loaded with valuable information, insights, and practical tools that pastors need in order to begin handling the complexities of parish management in the twenty-first century. The book is an outgrowth of *The Toolbox for Pastoral Management*, a nationally recognized joint project of The National Leadership Roundtable on Church Management and Seton Hall University. The Leadership Roundtable is a nonprofit organization of Catholic lay leaders, religious, and clergy working together to promote excellence and best practices in the management, finances, communications, and human resources development of the Catholic Church in the U.S. through the greater incorporation of the expertise of the laity. Christian pastoral care is a narrative, ecclesial, theological practice (NET). As a narrative practice, pastoral care attends to the inseparable interconnection between our own lifestories, others' stories, the larger cultural stories, and God's story. As a ministry of the church, pastoral care is an ecclesial practice that derives its motivation, purpose, and identity from the larger mission of the church to bear witness to and embody God's mission of love that extends beyond the church for the transformation of the world. As a theological practice, pastoral care is grounded in God's love story. God's profound love for humankind heals our brokenness when human love fails and invites us into an ongoing process of growth in love of God, self, and neighbor. Intended for those who provide care with and on behalf of religious communities, author Karen Scheib focuses on listening and "restorying" practices occurring in the context and setting of congregations. By coauthoring narratives that promote healing and growth in love, pastoral caregivers become cocreators and companions who help others revise and construct life-stories reshaped by the grace of God. What Karen Scheib has done in this book is to reposition pastoral care as a theological activity performed in the context of the church. She draws deeply upon her Wesleyan theological heritage, upon an understanding of life in its fullness as growth in love and grace, and upon a "communion ecclesiology" undergirded by a communal understanding of the Trinitarian life of God. Thus grounded, she envisions pastoral care first as a rhythm of the life of the whole church and secondarily as a work of trained pastors. In her vision, pastoral care is rescued from a narrow understanding of it as exceptional acts of intervention performed only in moments of dire crisis. Instead, it becomes a "daily practice of pastoral care," an attending, in love, to the stories of others and a "listening for ways God is already present in a life story." Solidly theological, grounded in the life of the church, and eminently teachable – Karen Scheib has given us a great gift in this book." from the Foreword -Thomas G. Long, Bandy Professor of Preaching, Emeritus, Candler School of Theology, Emory University, Atlanta, GA. "In a wonderfully engaging, reflective, and useful way, Karen Scheib captures something absolutely essential to pastoral care and yet often overlooked—the

utter centrality of storytelling/listening, the power of stories to heal, and their vital connection to bigger stories told within religious communities. This book is a real milestone, reclaiming the importance of “narrative knowing” and grounding care not only in community but also within a comprehensive theological framework.” --Bonnie J. Miller-McLemore, E. Rhodes and Leona B. Carpenter Professor of Religion, Psychology, and Culture, The Divinity School and Graduate Department of Religion, Vanderbilt University Divinity School, Nashville, TN “Implementing narrative personality and therapy theories and anchored in ecclesiology and Wesleyan theology (NET), Karen Scheib’s book advances a long awaited and holistic approach to pastoral care. Her NET approach presents the embodiment of pastoral care by emphasizing both narrative and paradigmatic knowing, proposes the subjectivity of our stories in pastoral care by pointing out the interchangeability between us and our stories as subject and object, and underscores the dynamic process of pastoral care through the interconnection of the storyteller, listener, and context. Scheib’s image of story companion contributes to the field as a new paradigm of pastoral care and promises to be a significant resource in generating hope and growth in love for both pastoral caregiver and receiver.” —Angella Son, Associate Professor, Drew University, Madison, NJ "Pastoral theologian Scheib describes a narrative, ecclesial, and theological approach for listening to people’s life stories in such a way as to engender spiritual formation and growth in love. Scheib clarifies the connections between caring conversations and Christian theology. Clear and accessible prose as well as helpful exercises and discussion starters make this a fine teaching text." -The Christian Century, Sept. 29, 2016.

Accomplished author Richard Stoll Armstrong speaks openly and honestly about how a pastor functions with evangelical sensitivity in the roles of visitor, counselor, teacher, discipler, administrator, and public figure. He describes the specific opportunities for evangelism in each of these functions. Ways are suggested in which pastors can lead conversations and group or class meetings that open up opportunities for discussion of faith questions.

A youth pastor—whether paid or unpaid, full-time or part-time, right out of college or right out of retirement—has a big job to do. Actually, anyone who accepts God's call to help young people grow as disciples of Christ has several big jobs to do. The youth minister must be a teacher who can communicate the essentials of the faith; a friend who can listen to and be present with young people; a prophet who challenges teens to live lives of justice and righteousness; and an administrator who can manage the day-to-day logistics of youth ministry. Youth Pastor: The Theology and Practice of Youth Ministry provides a biblical and theological grounding for the many jobs a youth minister does, explains what each of these jobs entails, and helps youth pastors identify where their gifts lie and where they still need to grow. Whether you are a first-time youth minister or a seasoned youth ministry veteran, Youth Pastor gives you valuable tools for evaluating your ministry and vocation. It also serves as an excellent text for undergraduate courses in youth ministry. In *Finding Voice*, Kincaid employs an often used but somewhat elusive metaphor, "voice," as a way of speaking of pastoral identity and contends that a lively, imaginative pastoral voice emerges from a thorough grasp of context, theology, pastoral roles, personal journey, and systemic dynamics. Designed as a text for the field education, contextual education, and supervised ministry experiences of seminary students and others preparing for congregational leadership, *Finding Voice* examines in depth how people are experiencing each of these constituent parts of pastoral voice at their student ministry sites not only to learn about each of the areas, but also to recognize and understand what is being called forth in the students as they engage these five key experiences and begin to visualize their future ministry. The book further explores the opportunities created when the five aspects of pastoral identity are in conflict with one another. In the absence of any one of these or the imbalance of them, pastoral voice gets skewed, and vibrant, effective ministry is undermined. *Finding Voice* urges students to begin now, with field education, to engage a practice of ministry that is imaginative, courageous, nimble, and faithful.

The *Oxford Handbook of the Sociology of Religion* draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in-depth survey into its changing forms and content in the contemporary world. The role and impact of religion and spirituality on the politics, culture, education and health in the modern world is rigorously discussed and debated. The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion. Using a combination of theoretical, methodological and content-led approaches, the fifty-seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law, ecology to art, music to cognitive science, crime to institutional health care and more. The developing character of religion, irreligion and atheism and the impact of religious diversity on social cohesion are explored. An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship. The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline.

*Biblical Perspectives on Leadership and Organizations* links biblically-based principles to the study of organizational practices by examining topics including motives, meaningful work, and spiritual leadership from a biblical perspective integrated with findings from contemporary research.

Why does the church teach? And what should it teach? In recent years, traditional Sunday school and education programs have declined in influence and effectiveness. Education in the church is often sidelined by other competing priorities, and our efforts become haphazard and random. As a result, many Christians have not learned the fundamental doctrinal content of the faith. As a response, a growing number of church ministries have moved toward an emphasis on Christian spiritual formation. But churches must hold together education and formation, the teaching of the faith and the forming of the faithful. In this comprehensive text, Gary Parrett and Steve Kang attend to both the content and process of educational and formational ministries. They set forth a thoroughly biblical vision for intentional teaching of the Christian faith, with a holistic concern for what and whom is taught as well as how and why. Fully apprised of developments in educational theory and pedagogy, Parrett and Kang propose a core curriculum for recovering the full scope of Christian proclamation and reinvigorating the teaching ministry of the church. Their vision has implications not merely for catechesis, but for preaching, worship, children's and youth ministry, and much more. The body of Christ can become all that God intends it to be, through intentional practices that foster personal and corporate formation. Here is guidance for individuals and congregations on that journey.

Christ commanded the church to make disciples, to produce people who love and obey God, bear fruit, and live with joy. The crisis at the heart of the church is that we often pay lip service to making disciples, but we seldom put much effort behind doing it. For the pastor who is ready to put words into action, *The Disciple-Making Pastor* offers the inspiration and practical know-how to do so. Bill Hull shows pastors the obstacles they will face, what disciples really look like, the pastor's role in producing them, and the practices that lead to positive change. He also offers a six-step coaching process to help new disciples grow in commitment and obedience and practical ideas to integrate disciple making into the fabric of the church.

*Called to Teach* will assist church educators, pastors, and teachers to explore their roles in teaching the Bible. In addition to a series of essays and republished articles by the author there are many examples of teaching activities, workshop designs, and prayer prompted by scripture activities that can be used directly or adapted by the reader. The author calls upon his sixty years experience as a pastor and educator to guide readers through a process of discerning ways to equip leaders and teachers of their churches to be more effective in their leadership roles.

Though the Reformation was sparked by the actions of Martin Luther, it was not a decisive break from the Church in Rome but rather a gradual process of religious and social change. As the men responsible for religious instruction and moral oversight at the village level, parish pastors played a key role in the implementation of the Reformation and the gradual development of a Protestant religious culture, but their ministry has seldom been examined in the light of how they were prepared for the pastorate. *Teaching the Reformation* examines the four generations of Reformed pastors who served the church of Basel in the century after the Reformation, focusing on the evolution of pastoral training and Reformed theology, the theory and practice of preaching, and the performance of pastoral care in both urban and rural parishes. It looks at how these pastors were educated and what they learned, examining not only the study of theology but also the general education in languages, rhetoric and dialectic that future pastors received at the city's Latin school and in the arts faculty of the university. It points to significant changes over time in the content of that education, which in turn separated Basels pastors into distinct generations. The study also looks more specifically at preaching in Basel, demonstrating how the evolution of dialectic and rhetoric instruction, and particularly the spread of Ramism, led to changes in both exegetical method and homiletics. These developments, combined with the gradual elaboration of Reformed theology, resulted in a distinctive style of Reformed Orthodox preaching in Basel. The development of pastoral education also had a direct impact on how Basels clergy carried out their other duties: catechization, administering the sacraments, counseling the dying and consoling the bereaved, and overseeing the moral conduct of their parishioners. The growing professionalization of the clergy, the result of more intensive education and more stringent supervision, contributed to the gradual implantation of a Reformed religious culture in Basel.

This book examines how social change affects the role of the pastor in an African context. Through field study in African churches, author Zawadi Job Kinyamagoha explores how pastors work amid the tensions of rapid social change and suggests how pastors can constructively respond to social change by using it as an opportunity in their pastoral ministry. Contemporary society is characterized by three cultural spheres: the economic sphere, the public sphere, and the democratic or self-governance rule, the realities of which many pastors seem to overlook. Church authorities seem to

adhere rigidly to strict principles and rules without accommodating the realities of society. Conversely, a changing society demands that pastors work with the reality at hand, leaving pastors caught between two conflicting tensions: the pressure from church authorities and from a changing social reality. The Pastor in a Changing Society seeks to help Tanzanian and African pastors rethink existing doctrines and practices in order to better respond to the reality of a changing society.

As a pastor, do you feel like you're wearing too many hats? If you're a pastor, you know the tension of balancing (or trying to) the many roles and expectations that come with leading a church. But are you able to distinguish which roles are truly essential? And can you measure how you're fulfilling them? Portraits of a Pastor features contributions from evangelical leaders like Jason Allen, Jared Wilson, Daniel Akin, and Owen Strachan on the essential roles and aspects of pastoral ministry. Together the book answers three important questions: What does it mean for the pastor to hold all nine roles? Why should the pastor fulfill these roles? How can the pastor most faithfully fulfill them? A pastor must be a preacher, shepherd, missionary, evangelist, church historian, theologian, man of God, leader of his household, and leader of others—a tall order! After reading Portraits of a Pastor, you'll: Have a clearer vision of the roles you should fulfill in the life of your congregation Be inspired to fulfill your calling by growing in new areas of leadership Know the unbiblical visions of pastoral leadership that may distract you from your core calling It's true: much is demanded of pastors. But it's also true that too much is demanded of most pastors. Know what God has called you to, how to fulfill that calling, and what may be distracting you from it.

Just as Christ was raised from the dead on the third day, a powerful supernatural event is about to occur on the earth. From an obscure Old Testament prophecy comes the shocking prediction of an explosion of heavenly power that will bring healing and revival in a time period identified as the Third Day. Dr. Donald A. Moss takes you on a whirlwind journey into the realm of prophetic revelation to witness the coming in of an exciting, new spiritual order on the earth. You'll discover: \* The "proceeding" Word of God \* Why modern-day Apostles will soon appear \* Why "celebrity" ministries will fade away \* How 3 terrible "enemies" will soon arise from within the modern Church (you'll be given a psychospiritual profile of each enemy that will pinpoint who they are) \* What is about to happen in the coming worldwide economic crisis and why it will actually aid the revival of the Third Day. \* How a new order of unity will bring people of all races and backgrounds together \* How you can live a "supernatural" lifestyle in the coming days "The Third Day presents intelligent evidence that a Divine flashpoint is drawing near. From the biblical perspective, a day is as a thousand years. Two thousand years or two days of grace have elapsed since the death and resurrection of Jesus. The third day or the third one thousand year period from the time of Christ will be a time of finishing grace when the Spirit of the Lord is poured out upon all flesh. It will be as the lightning comes out of the east and shines into the west to prepare believers for the coming of Christ in the clouds. The modern Church must shake the dust of its former understandings and acknowledge this awesome possibility." -Dr. Donald A. Moss African Christians who believe the half-truth that Christianity in Africa is the product of European and American missionary work need this book. Dr. John Kurewa explores Methodist history in Africa, focusing on the early years of United Methodism in Zimbabwe (1890s-1920s). He reveals it was Africans who led the way in propagating

the gospel. Missionaries strategized, but African preachers evangelized. So-called "native helpers" took the gospel to the rural areas and planted the churches, especially in the villages. Kurewa also reveals that in the course of serving the gospel in the African context, indigenous spiritual leaders crafted and modeled a distinctive form of pastoral leadership—the African pastor-teacher—that proved sustainable and fruitful then, and is relevant still today.
