Here is a classic collection from one of America's greatest authors. Though these short stories have universal appeal, they are intensely local in setting. With the exception of "Turn About," which derives from the time of the First World War, all these tales unfold in a small town in Mississippi, William Faulkner's birthplace and lifelong home. Some stories—such as "A Rose for Emily," "The Hound," and "That Evening Sun"—are famous, displaying an uncanny blend of the homely and the horrifying. But others, though less well known, are equally colorful and characteristic. The gently nostalgic "Delta Autumn" provides a striking contrast to "Dry September" and "Barn Burning," which are intensely dramatic. As the editor, Saxe Commins, states in his illuminating Foreword: "These eight stories reflect the deep love and loathing, the tenderness and contempt, the identification and repudiation William Faulkner has felt for the traditions and the way of life of his own portion of the world."

William Faulkner was a master of the short story. Most of the pieces in this collection are drawn from the greatest period in his writing life, the fifteen or so years beginning in 1929, when he published *The Sound and the Fury*. They explore many of the themes found in the novels and feature characters of small-town Mississippi life that are uniquely Faulkner's. In "A Rose for Emily," the first of his stories to appear in a national magazine, a straightforward, neighborly narrator relates a tale of love, betrayal, and murder. The vicious family of the Snopes trilogy turns up in "Barn Burning," about a son's response to the activities of his arsonist father. And Jason and Caddy Compson, two other inhabitants of Faulkner's mythical Yoknapatawpha County, are witnesses to the terrorizing of a pregnant black laundress in "That Evening Sun." These and the other stories gathered here attest to the fact that Faulkner is, as Ralph Ellison so aptly noted, "the greatest artist the South has produced."

From the introduction by Joyce Carol Oates: Between them, our great visionary poets of the American nineteenth century, Emily Dickinson and Walt Whitman, have come to represent the extreme, idiosyncratic poles of the American psyche.... Dickinson never shied away from the great subjects of human suffering, loss, death, even madness, but her perspective was intensely private; like Rainer Maria Rilke and Gerard Manley Hopkins, she is the great poet of inwardness, of the indefinable region of the soul in which we are, in a sense, all alone.
