*Running from Safety* Richard Bach,1995-11-01 A half-mile up, suspended by nylon wings and the promise of good lift, life hangs on a pledge. Richard Bach made that pledge, fifty years before, to return to the frightened child he used to be and teach him everything he had learned from living. His promise went unfulfilled until one day, hovering between earth and sky, Richard encounters Dickie Bach, age nine--irrepressible challenger of every notion Richard embraces.... In this exhilarating adventure, Richard and Dickie probe the timeless questions both need answered if either is to be whole: Why does growing spiritually mean never growing up? Can we peacefully coexist with the consequences of our choices? Why is it that only by running from safety can we make our wildest dreams take flight?

**Out of My Mind** John Brunner,2014-04-01 Thirteen stories of the past, present, and future from the Hugo Award-winning author of *Stand on Zanzibar*. In *Out of My Mind*, John Brunner, in mid-career, selects a double-handful and more of what he considers his best work to date, thirteen stories that represent—under the three categories in which he classifies them: Past, Present, Future—his most challenging and entertaining stories, from present-day fear of nuclear annihilation to a loving, yet also terrifying infinite loop in time that includes a sideways step outside the universe as we know it. Put yourself in the hands of a master and take your imagination for a series of thrill-rides. “One of the most important science fiction authors. Brunner held a mirror up to reflect our foibles because he wanted to save us from ourselves.” —SF Site

*Messiah's Handbook* Richard Bach,2019-08-15 In Richard Bach's best-selling book *Illusions*, the mysterious hero Donald Shimoda seems to carry the keys to the universe with him as he barnstorms the Midwest in a Travel Air biplane. Shimoda's secret is a small book, bound in what appears to be suede, called the *Messiah's Handbook*. This slim volume, which the hero frequently quotes, is said to contain whatever you need to know. All Shimoda has to do is hold a question in his mind, close his eyes, open the book at random, open his eyes-- and the answer is there. Here, at last, is the lost book from *Illusions*--the *Messiah's Handbook*. Within these pages, you will find the answers to all your most important questions as well as answers to questions that you may have never thought to ask--until now.

**Stranger to the Ground** Richard Bach,1972

**Secrets of a Buccaneer-Scholar** James Bach,2012-12-11 Like so many young people, James Bach, the son of the famous author Richard Bach (*Jonathan Livingston Seagull*) struggled in school. While he excelled in subjects that interested him, he barely passed the courses that didn't. By the time he was sixteen he had dropped out. He taught himself computer programming and software design and started working as a manager at Apple Computers only four years later - and he never looked back. With *The Secrets of a Buccaneer Scholar*, James shows us how he developed his own education on his own terms, how that unorthodox education brought him success, and how the reader can do it too. In his uniquely pithy and anecdotal style James uses the metaphor of a buccaneer to describe anyone whose love of learning and pursuit of knowledge is not bound by institutions or authorities. James outlines the eleven elements of his self-education method and shows how every reader - simply investing time and passion into educating themselves about the things that really interest them - can develop a method for acquiring knowledge and expertise that fits their temperaments and showcases their unique abilities and skills. Particularly well-suited for an audience grappling with the challenges posed by the internet, but also appropriate for parents looking to help and school their children or employees hoping to jumpstart their careers, *The Secrets of a Buccaneer Scholar* is a groundbreaking and uplifting work that empowers and inspires its readers.

**The Other Side of God** Susan D. Kalior,2007-05-01 Metaphysical Psychology: Journey into yourself in this surrealistic adventure into the human psyche and multi-dimensional realities in Book One of the Other Side series. The reader is catalyzed into a personal journey as the pages are turned, inviting a meditative experience to expand awareness, deepen self-appreciation, ease personal pain, heal psychological wounds, and bring one into a more fruitful life experience. Packed with cutting-edge metaphysical insights and powerful psychological understandings, this story further sheds light on the human cycle, the earth, and mystical dimensions. A sage known as the Fool on the Hill guides a struggling woman into herself and frees her into the quintessential meaning of life beyond social perception and conventional belief systems. The adventure begins when she crosses into where perceptions of reality are born, then into the land of dreams, worlds of meditation, and levels of death. Her exploration continues in the lake of self-image where she fights for her authenticity, the zone of internal balance where she learns to be centered in herself, the desert of loneliness where she strives for independence, and the cave of strife where she beholds the importance of chaos. She struggles to traverse the minefields of love without surrendering herself to another, to make peace with her personal demons in the tunnel of confrontation, to find out who she really is in the house of illusions, and come into who she must be in the realm of earth-shaking transitions. Her journey concludes in the skies of synchronicity where self understanding flourishes and insights abound. This manuscript is a tribute to the inner sage in us all.

Ram Dass, in the introduction, says: Being with Emmanuel one comes to appreciate the vast evolutionary context in which our lives are being lived . . . . And at each moment we are at just the right place in the journey. As Emmanuel points out, 'Who you are is a necessary step to being who you will be.'
