

Safe And Sound Twist Of Fate Book 2

Contains the first printing of *Sartor resartus*, as well as other works by Thomas Carlyle. This edited collection approaches the most pressing discourses of the Anthropocene and posthumanist culture through the surreal, yet instructive lens of Jeff VanderMeer's fiction. In contrast to universalist and essentializing ways of responding to new material realities, VanderMeer's work invites us to re-imagine human subjectivity and other collectivities in the light of historically unique entanglements we face today: the ecological, technological, aesthetic, epistemological, and political challenges of life in the Anthropocene era. Situating these messy, multi-scalar, material complexities of life in close relation to their ecological, material, and colonialist histories, his fiction renders them at once troublingly familiar and strangely generative of other potentialities and insight. The collection measures VanderMeer's work as a new kind of speculative surrealism, his texts capturing the strangeness of navigating a world in which "nature" has become radically uncanny due to global climate change and powerful bio-technologies. The first collection to survey academic engagements with VanderMeer, this book brings together scholars in the fields of environmental literature, science fiction, genre studies, American literary history, philosophy of technology, and digital cultures to reflect on the environmentally, culturally, aesthetically, and politically central questions his fiction poses to predominant understandings of the Anthropocene.

I've been drowning for a long time. I never thought I'd find someone who knows what that's like... Self-proclaimed playboy, Aiden Vale, has it all - good looks, successful career, plenty of cash in the bank and an endless supply of men who know the score... that one night is just that. So the last thing he wants, or needs, is to forge a connection that might mean revealing more of himself than he's ready to. But when fate intervenes, putting Aiden in the path of someone who threatens to knock down his carefully constructed walls, he's quick to realize the young man he's become infatuated with is hiding a painful secret. I finally have a shot at freedom. I'll never let anyone take that from me ever again... Ash Valentine is just looking for a way out, and the last thing he wants or needs is another man controlling every aspect of his life. Desperate for the cash that will help him flee his abusive boyfriend, Ash accepts what is supposed to be a temporary job at a local coffee shop. But nothing prepares him for the gorgeous and enigmatic Aiden Vale, and the small acts of kindness the charming coffee shop regular bestows on him or the new friends he begins to make along the way. Terrified of once again becoming too reliant on someone else to take care of him, Ash refuses Aiden's repeated offers of help in any form. But when it becomes clear that there's something more behind Aiden's need to save him, Ash begins to wonder if he's found someone who needs saving just as badly. I know he wants to save me, but what if he's the one who needs saving... As their tentative friendship turns into something more, long buried secrets begin to surface. When Aiden's need to protect Ash clashes with the younger man's desire for independence, memories of the one he couldn't save begin to tear at the fragile cords of Aiden's soul, and he's forced to face a truth he's been hiding from for a long time. Threatened with losing what they've only just found, will Aiden and Ash find a way to accept their pasts or will they let the pain drag them below the surface for good?

In 2008, Ashoka launched the "Changemaker Campus Initiative" which applies Ashoka's rigorous criteria to select and support universities as they develop and implement a comprehensive social entrepreneurship plan. Through the lessons learned from this network, and with input from its broader global network of those experienced in the field, Ashoka aims to set a new standard for social entrepreneurship education. Indeed, despite the rising demand, there remains a dire need for quality coursework and global teaching case studies. Social entrepreneurs – and the pressing challenges they solve – are not bound by geographic borders or a single political environment, yet there is a lack of the materials necessary to equip

students with the skills and mind-set required to catalyze systemic social change. What few high-quality case studies do exist typically highlight social entrepreneurs within the United States. This cooperation with oikos within the Social Entrepreneurship Track of the annual oikos Global Case Competition is a critical vehicle for tackling that challenge. As a result of this effort, more locally relevant case studies are being written, peer-reviewed, and judged than ever before, and are able to make their way into the hands of global audiences eager to adopt them into their courses. Building social entrepreneurship skills and problem-solving abilities are best practiced and honed using real-life examples and strategic challenges – not just learning theories in a vacuum. Case studies provide this exposure and real-time training in systemic problem-solving. Through these 15 teaching cases, students learn that social entrepreneurship is about identifying root causes of problems and applying a solution that tackles the system. As study upon study has shown, the band-aid approach does not work. To effectively address a social problem, the solution must continually adapt and evolve based on market feedback about what works and what needs to change in the model. Case Studies in Social Entrepreneurship and Sustainability is the second volume resulting from the oikos Global Case Writing Competition – an annual program launched in 2003 to promote the publication of high-quality teaching cases in corporate sustainability. This book expands the collection with award-winning global cases in the rapidly growing field of social entrepreneurship and sustainability. In view of the growing importance of various sustainability trends, management schools are increasingly challenged to adapt their entrepreneurship and business curricula. Management education needs to reflect the trends and provide a broadened understanding of value creation. Sustainability is a concept that demands that organizations consider the legitimate expectations of different stakeholders in their value creation processes. At the same time, it underlines the fact that many sustainability trends offer new business opportunities that entrepreneurs will seize. As a result, value creation processes need to be reorganized in order to create economic capital while developing social capital and preserving natural capital. Indeed, entrepreneurial organizations are increasingly dealing with these challenges. The case studies in this book explore both the opportunities and pitfalls entrepreneurs – working with organizations with for-profit, hybrid and non-profit business models – face in targeting sustainability issues and how their values and core assumptions impact their business strategies. They describe new patterns of value creation, new alliances, and the challenges of dealing with existing paradigms. It is clear that new ways of doing business with a common objective of maximizing social impact are substantially shaping markets and society. This textbook of competition-winning case studies for management education in the field of social entrepreneurship and sustainability provides excellent learning opportunities, tells engaging stories, deals with recent situations, includes quotations from key actors, is thought-provoking and controversial, requires decision-making and provides clear take-aways. Online Teaching Notes to accompany each chapter are available on request with the purchase of the book.

Inspired by gang wars in Quebec Canada in the late 1990s, Messenger of Death takes the reader into the frightening and fascinating world of bikers' turf wars. The streets of a peaceful city turn into scenes of Hollywood-style assassinations, explosions, and motorcades to killed

gangsters' funerals. The drama unfolding in the novel conveys the tragedy of love and death of those who live in the underworld, as well as innocent people, who happen to cross their way. A dangerously sexy new standalone romance from New York Times bestseller Kim Karr. We each had a plan. We knew what we were doing. Until love got in our way. The first time Caleb Holt strode into the room I was absolutely certain I knew his type. A man too gorgeous for his own good, he was sexy, brooding, and so full of himself, I thought he could easily be fooled. I was wrong. Those brilliant green eyes followed me everywhere. With each glance, I swore he could see into my soul, read my determination, uncover my secrets. It worried me. I should have stayed far away from him. I didn't. It just seemed impossible to fight the searing desire that flowed through my veins whenever he was near. I could have tried harder. The thing was I belonged to another man, as in the other man owned me, literally. Caleb didn't care. He should have. Before Caleb came into my life I had a plan to get back what was taken from me. The cost was irrelevant. Now I'm not sure I can sell my soul to the devil because I fear it belongs to him. The problem is he has a plan of his own and I can't risk his plan taking priority over mine. Not even for love. When playing a game of cat and mouse the heart can never win. Or can it?

Melba Bradley had not been out of Chattanooga, Tennessee in her life. But having just graduated from four years of nursing school, she decided to take a vacation before settling into a job and working herself to death for the rest of her life. And the place she was going to see on her first out-of-state trip ever was New York City, New York. After all, she had family there; her father Jack's brother Cubon lived there with his wife Eileen and their daughters Verlanda and Trina. In all of Melba's twenty two years, it had always been the New York Bradleys that had flown down to see them in Chattanooga, but because it had been five years since their last flight down, Melba thought she'd go against the grain and fly up to see them for once. And Verlanda had assured her that once there, she was going to show her all New York City had to offer. And that was Verlanda's intention. Out of a vacation that is meant to last for two weeks, Melba enjoys three glorious days as Verlanda shows her all the New York City sights and introduces to her all her sophisticated friends. And one of those friends is a nail technician named Judy who works for Verlanda's best friend Niecey's Hair Salon, who's a palmistry freak on the side and reads the palms of both Verlanda and Melba, telling them what to expect in their near futures. For Verlanda, she's going on a trip, while Melba is going to meet a man—although under very dangerous circumstances. Melba doesn't believe that for a minute. But she wonders when they return home to find her Uncle Cubon distressed by a phone call from his mother in Philadelphia stating she had to go into the hospital for tests and needed to have someone at her home to receive a package she is expecting to arrive in a couple of days, and Cubon naturally asks Verlanda, who has no choice other than go to Philadelphia and house sit for her grandmother. Melba sees her to the bus station and returns to her cousin's home with the promise to her to stay with her parents until Verlanda gets back in the couple of days, since the New York element can be dangerous for a tourist not schooled in its ways. Only problem is that Verlanda did not tell her that because of something she did a week before her arrival, her innocent hick cousin from the Tennessee sticks is about to walk into a trap that's going to land her in some very dangerous

circumstances. Will Napoleon be able to save her? Melba woke up hours later to find herself in a small room devoid of everything but a small table and a chair. She sat in her coat in the chair, her hands and feet tied, her mouth bound with strong cloth tape, wondering where she was and how long she had been bound there. Better yet, she wondered who had kidnapped her and in fact who would want to. The growling of her stomach came to remind her that it was time for a meal, Melba didn't know whether breakfast, lunch or dinner. Thanks to her hands being tied behind her back and to the chair, she couldn't see her watch to know what time it was and there was no clock in the small room to alert her otherwise. Which meant that she was going to have to wait for whoever had left her there to come for her and that could be another long hour's wait, if it wasn't the person's intention for her to die there altogether. She wished she could rub her neck, where a sharp pain registered from too much uncomfortable sitting. She wondered if it was Monday or maybe Tuesday, Melba had no way of knowing just how long she had been tied in the chair. If only she could scream she might be able to claim someone's attention, alert them to the fact that she had come to, but that was made impossible by the strong tape covering her mouth. Unless.... Taking a deep breath, Melba began to force shrill sounds from her throat as she were screaming with her mouth closed. Louder, until her throat ached from the strain and she was forced to stop. The Tale of Cho Ung is one of the most widely read and beloved stories of Chosŏn Korea. The anonymously written tale recounts the adventures of protagonist Cho Ung as he fearlessly confronts and overcomes obstacles and grows into a heroic young man. As a child, Ung flees a wicked tyrant who wrongfully killed his father and took advantage of the emperor's death to seize the throne from the young prince. Driven by his passion, righteousness, and sense of duty, he pursues retribution and restores justice. His journey, from its innocent beginnings to his final triumph, unfolds as a complex tapestry of loyalty, honor, retribution, and love interspersed with threads of romance and the supernatural. This first translation into English of The Tale of Cho Ung offers a glimpse into the vernacular and popular literature of the late Chosŏn period, exemplifying the types of stories and heroes that were favored by its reading public. The tale emphasizes individual affections and ethics between child and parent, husband and wife, subject and ruler, pupil and teacher, yet explores human life in all its complexity, even subtly dissenting against traditional Korean social norms. This unabridged translation draws upon the many surviving editions of the novel, which vary in length and format. In her introduction, Sookja Cho addresses how the novel evolved and changed over time, while her annotations help to reveal the depths of a text that conveys the richness and complexity of premodern Korean literature and culture.

The stories and legends of the Bushmen were told to Conrad when he was twelve years old. He was on a hunting trip with his father, Jack Hartmann, a brutal but confused man who 'gave' Conrad an old Bushman to teach him the ways of the land. Bastiaan taught him not only about the beasts and plants and soil, but inculcated in Conrad a philosophy that would remain with him throughout his life. But at home Conrad learns a different set of rules as he and Beeky, the young sister he adores, huddle together listening to the sound of his mother being beaten and told she is trash. Jack Hartmann, a senator and man of power in the community, hates his wife and daughter as much as he loves his son and Conrad's mother impresses on him that he

must always protect and guard his little sister. As they achieve maturity, Conrad appears to conform to the vision his father has for him. He joins the army, fighting on the Namibian borders - a savage and hideous conflict. But Beeky defies her father and the establishment, goes her own way, yearning for a new South Africa, a new life, tenderness and kindness in place of hatred and derision. The story of their fulfilment, tragedy, and the return of hope is the story of an ancient land fighting towards redemption.
