Usagi Yojimbo is one of the longest running and best-loved comic adventures of all time. Running from 1984 to the present day, and showing no sign of diminishing in popularity, the rabbit ronin is now seen as a figurehead of the comic book scene, and crucial to bringing the ideas of feudal Japan to a wider western audience. Created out of the Swamp by a freak accident, Swamp Thing is an elemental creature who uses the forces of nature and wisdom of the plant kingdom to fight the polluted world's self-destruction. His provocative and groundbreaking writing, combined with masterly artwork by some of the medium's top artists, made SWAMP THING one of the great comics of the late twentieth century. In this second collection, The Swamp Thing says goodbye to the illusion of his own humanity after learning that he is 100% plant, meets a crew of benevolent alien invaders inspired by the classic comic strip Pogo (also set in the swamp), and consummates his relationship with Abigail Arcane as only he could.
