The Psalms of Islam A collection of supplications and whispered prayers composed by the great-grandson of the Prophet (s). Includes supplication for the Coming of the Month of Ramadhan, and supplication for Bidding Farewell to the Month of Ramadhan. At the end there is also the famous Treatise on Rights that explains beautifully the rights in an Islamic point of view.

The life of Imam Hasan (as) was both eventful and full of lessons, and yet the significance of his role seems to have been ignored, forgotten, or eclipsed by the extent of focus on Imam Husayn (as). Why has history blackened the radiant face of that Imam in whose adoration forty thousand people unanimously raised their hands to pledge allegiance, and the outside of whose house was continually overflowing with people?

The hadith, the sayings attributed to the Prophet Muhammad, form a sacred literature which for the Muslims ranks second in importance only to the Qur'an itself. As a source of law, ethics and doctrine, the vast corpus of hadith continue to exercise decisive influence. Islamic scholarship has hence devoted immense efforts to gathering and classifying the hadith, and ensuring their authenticity. This book is the only introduction in English which presents all the aspects of the subject. It explains the origin of the literature, the evolution of the isnad system, the troubled relationship between scholars and the state, the problem of falsification, and the gradual development of a systematic approach to the material. This edition is a fully revised and updated version of the original, which was first published in 1961 to considerable scholarly acclaim. Muhammad Zubayr Siddiqi was Professor of Islamic Culture in the University of Calcutta.

This fascinating and important book attempts to investigate the nature of the seven Ahruf in which the Qur'an has been revealed and the reason for the variations in readings among the Qurraa of the Quran. It studies, examines, and discusses: the revelation of the Qur'an in the seven ahruf concluding that they represent seven linguistical ways of recitation; the compilation of the Quran during the lifetime of the Prophet and the preservation of the Quran in the memories of the Companions as well as in written form, the compilation during the time of Abu Bakr, and the further compilation during the time of Uthman; the problem of naskh to demonstrate the completeness and trustworthiness of the

Quran and that no verses are missing or were read and abrogated by naskh al-tilawah either with or without hukm; the Uthmanic masahif and their relation to the seven ahraf; the language of the Quran and whether it includes one, several, or all the dialects of the Arabs; the origin of the qiraat and conditions governing accepted readings; and ikhtiyar (i.e., the selection of one reading rather than another) and the rules governing the Qurraa' who selected a reading.

Living and Dying with Grace is a book of aphoristic Sufi teachings on how to make one's way in the world—especially on how to bring spiritual insight to the affairs of daily life. Sufism, the mystical branch of Islam, contains a vast body of knowledge concerning the inner development of the complete human being. Among the greatest of Sufi masters, Hadrat 'Alî (598-661 CE), cousin and son-in-law of the Prophet Muhammad, is regarded as a paragon of compassion and virtue and a master of both exoteric and esoteric knowledge. He was not only a great warrior, statesman, and scholar, but also a devoted husband and father. Success in this life, 'Alî teaches, is bestowed on those who maintain generosity, intelligence, perseverance, integrity, and calm reflection. As for success in the hereafter, 'Alî says, "God, the Glorified, admits to Paradise anyone, at will, for truthfulness of intention and goodness of innermost thoughts." This book contains four hundred of Hadrat 'Alî's teachings, showing how people can use the everyday realities of their lives to cultivate wisdom and well-being, both temporal and eternal, offering a path to living and dying with grace.

The love of the family of the Prophet Muhammad(s.a.w) and his family, his ahl al-bayt, Allah's peace and blessings be upon them, is something common amongst all Muslims. After all, Allah commanded His final Prophet(s.a.w) to tell the Muslims: "Say: I ask no reward of you except the love of my near and dear ones." (42:23)

Ibna tawus in his book Muhaj al Dawat and Kafami in his book Misbah narrate this dua'a on the authority of Imam Ali ibna abi Talib who learned it from the Holy Prophet. The Holy Prophet advised him to recite this dua'a regularly, whether in prosperity or poverty, till death, because it unveils the secretes of creation and divine strategy. Words can not describe its merits.

Handbook on Islam is a manual on the three-dimensional way of Islam, Iman and Ihsan that emerged from Madinah and was the light for the whole of the West, from the Bilad as-Sudan, including Nigeria, right up to Andalus, modern-day Spain, an Islam that holds law, spirituality and a clear intellectual tradition in balance.

A prominent rabbi and imam, each raised in orthodoxy, overcome the temptations of bigotry and work to bridge the chasm between Muslims and Jews Rabbi Marc Schneier, the eighteenth generation of a distinguished rabbinical dynasty, grew up deeply suspicious of Muslims, believing them all to be anti-Semitic. Imam Shamsi Ali, who grew up in a small Indonesian village and studied in Pakistan and Saudi Arabia, believed that all Jews wanted to destroy Muslims. Coming from positions of mutual mistrust, it seems unthinkable that these orthodox religious leaders would ever see eye to eye. Yet in the aftermath of 9/11, amid increasing acrimony between Jews and Muslims, the two men overcame their prejudices and bonded over a shared belief in the importance of opening up a dialogue and finding mutual respect. In doing so, they became not only friends but also defenders of each other's religion, denouncing the twin threats of anti-Semitism and Islamophobia and promoting interfaith cooperation. In Sons of Abraham, Rabbi Schneier and Imam Ali tell the story of how they became friends and offer a candid look at the contentious theological and political issues that frequently divide Jews and Muslims, clarifying erroneous ideas that extremists in each religion use to justify harmful behavior. Rabbi Schneier dispels misconceptions about chosenness in Judaism, while Imam Ali explains the truth behind concepts like

jihad and Shari'a. And on the Israeli-Palestinian conflict, the two speak forthrightly on the importance of having a civil discussion and the urgency of reaching a peaceful solution. As Rabbi Schneier and Imam Ali show, by reaching a fuller understanding of one another's faith traditions, Jews and Muslims can realize that they are actually more united than divided in their core beliefs. Both traditions promote kindness, service, and responsibility for the less fortunate—and both religions call on their members to extend compassion to those outside the faith. In this sorely needed book, Rabbi Schneier and Imam Ali challenge Jews and Muslims to step out of their comfort zones, find common ground in their shared Abrahamic traditions, and stand together and fight for a better world for all.

The Prophet and the Age of Caliphates is an accessible history of the Near East from c.600-1050AD, the period in which Islamic society was formed. Beginning with the life of Muhammad and the birth of Islam, Hugh Kennedy goes on to explore the great Arab conquests of the seventh century and the golden age of the Umayyad and Abbasid caliphates when the world of Islam was politically and culturally far more developed than the West. The arrival of the Seljuk Turks and the period of political fragmentation which followed shattered this early unity, never to be recovered. This new edition is fully updated to take into account the considerable amount of new research on early Islam, and contains a completely revised bibliography. Based on extensive reading of the original Arabic sources, Kennedy breaks away from the Orientalist tradition of seeing early Islamic history as a series of ephemeral rulers and pointless battles by drawing attention to underlying long term social and economic processes. The Prophet and the Age of Caliphates deals with issues of continuing and increasing relevance in the twenty-first century, when it is, perhaps, more important than ever to understand the early development of the Islamic world. Students and scholars of early Islamic history will find this book a clear, informative and readable introduction to the subject.

A Collection of Prayers The Alawites, also known as Alawis (Alawiyyah), are a prominent religious group, centred in Syria, who follow a branch of the Twelver school of Shia Islam but with syncretistic elements. Alawites revere Ali (Ali ibn Abi Talib), and the name 'Alawi' means followers of Ali. The sect is believed to have been founded by Ibn Nusayr during the 9th century. For this reason, Alawites are sometimes called 'Nusayris', though this term has come to have derogatory connotations in the modern era; another name, 'Ansari' (al-Ansariyyah), is believed to be a mistransliteration of 'Nusayri'. Today, Alawites represent 12 percent of the Syrian population and are a significant minority in Turkey and northern Lebanon. There is also a population living in the village of Ghajar in the occupied Golan Heights. They are often confused with the Alevis of Turkey, another Shia sect. Alawites form the dominant religious group on the Syrian coast and towns near the coast which are also inhabited by Sunnis, Christians, and Ismailis. Alawites have historically kept their beliefs secret from outsiders and non-initiated Alawites, so rumours about them have arisen. Arabic accounts of their beliefs tend to be partisan (either positively or negatively).

A celebrated collection of supplication and whispered prayers attributed to Imam Zain Al Abedin, the great grandson of Prophet Muhammad (S.A.W) and son of Imam Husayn Ibn Ali (A.S). Al Sahifa Al Sajjadiyya is an example of the highest form of eloquence. According to Shia narrations, the book is said to have been composed after the Battle of Karbala (680 AD) and describes the relationship between man and God. Shia tradition considers this book with great respect, ranking it behind the Quran and Ali's Nahj al-Balagha. Sahifa-e-Sajjadia comprises of heart touching supplications given to us as a gift from our beloved Imam Ali Ibn Al Hussain. To be honest, I would read Sahifa-e-Sajjadia rarely; only if it would be mentioned to read a particular supplication in some salat to be read on special holy days. This was mainly because of its inaccessibility as an easy read. Most books that I would find are in Arabic. English is a language most easily understood by many. Hence the thought of compiling these beautiful supplications in a commonly used, global language arose. It's amazing how when Allah decides to bless you, he will cause situations to come together in your favour. This is compilation in the form of a beautifully coloured and designed book is a humble step towards reaching out to people who can make these supplications a part of their routine read and put them to good use in their daily lives. We wish our readers a happy read! "Be thankful for the unknown blessings already on their way"

The is a book of prayers and devotional observances. Among the religious traditions of humanity the Imami Shi'ah tradition within Islam is unmatched in its rich corpus of devotional texts (du'a and ziyarah literature) handed down from the original leaders of the faith, the Prophet Muhammad and the Imams of his family, the Ahl al-Bayt. The Mafatih al-Jinan is the most popular manual of Islamic devotional observances and prayer-texts by Shaykh Abbas Qummi, which draws its contents from well-known, reliable sources. As a manual of devotional literature, the Mafatih al-Jinan follows a long tradition established by the Misbah al-Mutahajjid of Shaykh Tusi (d. 460/1067) and followed up in the works of Sayyid Ibn Tawus (d. 664/1265), Kaf'ami (d. 905/1499) and others. Most of the contents of the Mafatih are drawn from these earlier works. Since its publication, the Mafatih has enjoyed an uncontested popularity among Farsi-speaking Muslims, and its Arabic and Urdu versions are widely used by the devout in the Arab world and the Indian subcontinent.
