Saint Peter (died between AD 64 and 68), also known as Simon Peter, Simeon, Simon), Cephas, or Peter the Apostle, was one of the Twelve Apostles of Jesus Christ, and one of the first leaders of the early Church. This bible study is an expository look at the epistles of Peter. The general epistles have in many circles been relegated as secondary to what Paul has taught. In truth, they are so foundational to our faith that Paul cannot be properly understood until we understand the general epistles.

St. Peter Catholic Church, built between 1852 and 1858, marks the introduction of the Gothic Revival style to Memphis, Tennessee. This thesis examines this church in relation to the larger body of work attributed to the architect, Patrick Charles Keely. It is clear that St. Peter Catholic Church, with its crenellated octagonal towers joined by a parapet, is an anomaly among Keely-designed churches and has its closest affinities with the Old Louisiana State Capitol Building, completed in 1852. It is suggested that St. Peter may reflect a rare attempt by Keely to create a regionally oriented Gothic Revival style. The research gathered for this thesis was also presented in an exhibituon, held at St. Peter Catholic Church from June 16 to July 6, 2019. Six didactic panels combined text and images to highlight Gothic Revival architecture, the career of Patrick Keely, and the distinctive features of St. Peter Catholic Church.

He uses many Protestant scholars and historians to support the Catholic position. This book contains the most complete compilation of Scriptural and Patristic quotations on the primacy of Peter and the Papal office of any book available. "This prayer booklet contains reflections based on the stained glass windows we hope to one day enjoy in Saint Peter's. Since Peter is our parish patron, each window depicts an important moment in Peter's spiritual journey. Our hope is that the viewer could prayerfully walk from window to window, similar to the Stations of the Cross, and contemplate the Lord in a fresh way through Peter's eyes. In Peter, we can see ourselves and our own faith journey. While the actual stained glass will be further refined, these first watercolor sketches convey the colors, composition, and spiritual meaning of each window. The last few pages show photos with digital renderings of where each stained glass window will be installed in the sanctuary of Saint Peter's Catholic Church.
