Values and Involvement in a Grammar School Ronald King,1998 First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

Values&Involv Gram Sch Ils 240 Ronald King,2013-11-05 This is Volume XXVII of twenty eight in a series on the Sociology of Education. First published in 1969, this study is an investigation of the values and school involvement in a boy's maintained grammar school in London.

School Organisation and Pupil Involvement Ronald King,2017-05-08 First published in 1973, this book is based on research carried about by Ronald King on integral parts of school organisation, including the assembly, uniform, rewards and punishments, games and out-of-school activities, curriculum, prefectorial system and school councils, in a sample of seventy-two schools. It measures and explores the level of pupils' involvement in the school, in terms in their evaluations and effective dispositions, in relation to pupil age, sex and social background. This book will be a valuable resource for those studying the sociology and history of education, as well as educational research and school organisation.

Failure-Free Education? David Reynolds,2010-02-25 David Reynolds is recognised internationally as one of the leaders of the school effectiveness and school improvement movement, and Failure Free Education? brings together for the first time many of his most influential and provocative pieces. Drawing on the author's work from over three decades, these extracts from his seminal books, chapters, papers and articles combine to give a unique overview of how the movement developed, the problems involved in the application of the knowledge and the disciplines' potentially glittering future now. The book also covers the issues raised by, and lessons learned from, his close involvement with English government educational policymaking from the mid 1990s to date. This book is essential reading for those who seek to understand how we can make every school a good school, and what the obstacles may be to achieving that goal.

My Footprints on the Sands of Time Bethwell A. Ogot,2003 While Allan Ogot's circuits of influence have been very wide, and while he has participated in conferences and forums around the world, he has never yielded his intellectual and personal anchorage in Kenya - though he has had numerous opportunities to accept distinguished chairs overseas. Extraordinarily, Allan Ogot has sustained his incredible level of service and scholarship through shifting and challenging conditions within

Kenya and within Africa, navigating changing economic and political circumstances. His steady hand and persistent commitment to the highest ideals of scholarly engagement and community provide remarkable model for all who are dedicating themselves and will dedicate themselves to Africanist scholarship. This autobiography provides a commentary on the history of Kenya as seen through Allan Ogot's life experiences.

The SAGE Handbook of Curriculum, Pedagogy and Assessment Dominic Wyse, Louise Hayward, Jessica Pandya, 2015-12-03 The research and debates surrounding curriculum, pedagogy and assessment are ever-growing and are of constant importance around the globe. With two volumes - containing chapters from highly respected researchers, whose work has been critical to understanding and building expertise in the field - The SAGE Handbook of Curriculum, Pedagogy and Assessment focuses on examining how curriculum is treated and developed, and its impact on pedagogy and assessment worldwide. The Handbook is organised into five thematic sections, considering: · The epistemology and methodology of curriculum · Curriculum and pedagogy · Curriculum subjects · Areas of the curriculum · Assessment and the curriculum · The curriculum and educational policy The SAGE Handbook of Curriculum, Pedagogy and Assessment's breadth and rigour will make it essential reading for researchers and postgraduate students around the world.

Felimanuel Series Emmanuel Gbireh, 2012 It is chiefly through books that we enjoy intercourse with superior minds. In the best books, great men talk to us, give us their most precious thoughts, and pour their souls into ours. God be thanked for books. They are the voices of the distant and the dead, and make us heirs of the spiritual life of past ages. Books are true levelers. They give to all who will faithfully use them, the spiritual presence of the best and greatest of our race. William Ellery Channing Some of the things you will discover in Felimanuel Series, *The Magical Secret to Success in English Language, Essay Writing for Junior and Senior High Schools Volume 1, With Bonus Success Secrets*: The book is comprehensively, logically and coherently written and the language used is also easy to understand; hence, little or no further explanation is needed. The book teaches how to choose examination questions and answer them without sweat. Sample outlines/plans and sample essays have been written to guide pupils and students. The bonus success secrets will help pupils and students to pass in all seemingly difficult subjects like mathematics and science. The bonus success secrets will also guide pupils and students towards the attainment of greater success in life. The book has been designed in such a way that it can be used for examination purposes and for other practical uses in the day-to-day life of whoever uses it faithfully. In writing this book on English Language, essay writing, I decided to move away from the traditional way of some authors flooding their English Language, essay writing books with so many sample essays based on my experiences as an English teacher some years back. Many pupils / students have the habit of memorizing written essays found in books and reproduce them during examinations, class exercises or when given project/home work when they see that the question being asked is similar to the answered one they came across. I hope the experts in the educational sector will agree with me that this does

not augur well for the proper development of the child because he/she would not have the opportunity to think and plan on his /her own before writing a script with originality (I stand to be corrected if I am mistaken). It is in line with this that I have given only single sample essays per essay topic treated with more suggested outlines/plans. Most people often fail to plan their lives and this usually have disastrous effects on them. Also in writing examination, most candidates fail to plan their essays before answering selected questions. As the old adage says, If you fail to plan, you plan to fail. It is based on the above that in writing this book, I dedicated the first chapter to the basics of essay writing. Below is an excerpt of chapter one of the book. After high lighting on the basics of essay writing, I went ahead to discuss what paragraphs are and how they can be used in our daily writings. This is followed by the use of punctuation marks. Here again, I have given a comprehensive write-up as to how punctuation marks can be used to enrich our written works. Other topics covered in the book are writing of narrative essays, descriptive essays, friendly letters, semi- formal letters, summary writing, argumentative essays, speeches and talks, report writing, articles for publication, expository essays and advertisement. After a comprehensive, logical and coherent treatment of each topic, I followed up with sample questions, outlines/plans and essays. These are only to serve as a guide to users of the book. I will like to take this opportunity to entreat teachers to encourage pupils /students whom they teach to learn how to write an outline/plan and to use it when answering essay related questions, not only with English language, but with all other subjects that they deem it fit to apply. Some people may not see the usefulness of the outline/plan, but it helps the pupil / stude

Prep Curtis Sittenfeld,2010 Lee Fiora is a shy fourteen-year-old when she leaves small-town Indiana for a scholarship at Ault, an exclusive boarding school in Massachusetts. Her head is filled with images from the school brochure of handsome boys in sweaters leaning against old brick buildings, girls running with lacrosse sticks across pristine athletics fields, everyone singing hymns in chapel. But as she soon learns, Ault is a minefield of unstated rules and incomprehensible social rituals, and Lee must work hard to find - and maintain - her place in the pecking order.

Challenges to School Exclusion and Ann Blair,Karen Eden,Neville Harris,2002-11-01 Permanent exclusion is the most severe sanction a school can impose on a child and the number of permanently excluded children is rising. Based on systematic observation of exclusion appeal panel hearings.Challenges to School Exclusion offers a unique insight into the appeal process. It focuses on: *mechanisms by which parents and children can challenge permanent exclusion *the law and current practice *the social context of exclusion *reforms of the appeal system made by the School Standards and Framework Act *the DfEEs latest guidance on pupil inclusion. Challenges to School Exclusion is the first study to examine permanent exclusion. The findings reveal serious deficiencies in the appeal system, including a frequent failure to deal fairly

with excluded children. The text will be of particular interest to head teachers, local education authorities, school governors, education lawyers and education charities.

Carmel College Jeremy Rosen,2022-04-29 Carmel College was a Jewish Public School founded by Rabbi Dr. Kopul Rosen. It opened in September 1948 and closed in June 1997. This is one person's personal story of the school which was an impressive experiment in combining Jewish education with western culture in the context of a British education.

The Other in the School Stories Ulrike Pesold,2017-03-27 In *The Other in the School Stories: A Phenomenon in British Children's Literature* Ulrike Pesold examines the portrayal of class, gender, race and ethnicity in selected school stories and shows how the treatment of the Other develops over a period of a century and a half. The study also highlights the transition from the traditional school story to the witch school story that by now has become a subgenre of its own. The school stories that are analysed include selected works by Thomas Hughes, Rudyard Kipling, Enid Blyton and J.K. Rowling.

Schools and Societies Steven Brint,2017-01-04 *Schools and Societies* provides a synthesis of key issues in the sociology of education, focusing on American schools while offering a global, comparative context. Acknowledged as a standard text in its first two editions, this fully revised and updated third edition offers a broader sweep, stronger theoretical foundation, and a new concluding chapter on the possibilities of schooling. Instructors, students, and policymakers interested in education and society will find all quantitative data up to date and twenty percent more material covering advances in research since the last edition. This book is distinguished from others in the field by its breadth of coverage, compelling institutional history, and lively prose style. It opens with a chapter on schooling as a social institution. Subsequent chapters compare schooling in industrialized and developing countries, and discuss the major purposes of schooling: transmitting culture, socializing young people, and sorting youth for class locations and occupations. The penultimate chapter looks at school reform efforts, drawing for the first time on comparative studies. A new coda ends the book by considering the educational ideals schools should strive for and how they might be attained. This third edition of *Schools and Societies* delivers the accessible explanations instructors rely on with updated, expanded information that's even more relevant for students.

The Passionate Economist Sally Sheard,2014 Brian Abel-Smith was one of the most influential figures in the shaping of social welfare in the twentieth century. A modern day Thomas Paine, the British economist and expert advisor was driven to improve the lives of the poor, working with groups like the World Health Organization, International Labour Organization, and the World Bank to help bring health and social welfare services to millions across the globe. *The Passionate Economist* is the first biography to chronicle his life and the many programs he helped create. Sally Sheard details Abel-Smith's work as an economist and advocate, setting it against the backdrop of the larger history of health and social welfare development since the 1950s. She analyzes these developments and the effects that long-running welfare debates have had on both poverty and state responses to it. She compares welfare implementation in different developing countries and examines how

it was administered by the agencies for which Abel-Smith worked. The result is an accessible book on a leading humanitarian and, through him, a history of exactly how we have cared for each other in the globalized era.

Revolution and Reaction Roger Price,2022-02-06 This book, first published in 1975, examines the events of the French Second Republic, the themes of protest and repression in particular. It analyses how popular discontent is mobilised and becomes political protest and revolution, and how the machinery of government operates in a crisis situation.

Women's Education in the Third World Gail P. Kelly,Carolyn M. Elliott,1983-06-30 Gail Kelly and Carolyn Elliott have assembled the latest and best available scholarship from a range of disciplines to illuminate the determinants, nature, and outcomes of women's education in third World nations. This study focuses on the undereducation of women in Africa, Asia, Latin America and the Middle East, delving into its causes, changes in female education patterns and the significance of these changes to societies and to women's lives. Articles in this volume lay the foundation for further research by examining women's schooling from the novel perspective that the social and economic outcomes of women's education are shaped by gender-sex systems that subordinate women to men.
