Ganesha, the elephant-headed god, is easily the most recognizable and loveable of Hindu deities. But pinpointing his various attributes is not quite so simple. He is at once the portly, merry, childlike god and the sage, complex philosopher. He is the presiding deity of material wealth and the lord of spirituality. He removes all impediments for his devotees but creates all manner of difficulties for the transgressors, man or god. And associated with every aspect of Ganesha-be it his extraordinary birth, his elephant head, his broken tusk, his vehicle (the mouse), his appetite, his anger-are scores of myths, each more colourful than the other. In this thoroughly researched and delightfully narrated book, Royina Grewal gives us the many stories of Ganesha, exploring their significance and how they reflect the times and the cultures during which they originated.

Why every ACT question can only have one valid answer, no matter how much it might seem otherwise sometimes... How to look at ACT questions the same way ACT, Inc. does when it writes them... Why it's so important to work with real test questions from ACT, Inc....and why you shouldn't pay much attention to the official written explanations for those questions... What you're actually supposed to do when the ACT asks you about an author's attitude... The important implications of viewing time as an investment on test day... Why focusing on the wrong answers can be just as important as finding the right one...and how to do it effectively... The simple formula that allows you to crank out a top-scoring essay (that is, if you even need to take the ACT Writing test in the first place)... The special grammatical rules tested on the ACT English section-which may differ from what's commonly accepted in a high school or college classroom... The unwritten rules for every kind of ACT question... The many ways to approach an ACT Math question, and which ones are likely to work best for you... Why every real ACT Math question can potentially be answered in under 30 seconds... And much, much more than we can fit in this space...
