Writing Fast Programs John S. Riley,2006 Writing Fast Programs provides the basic elements of code optimization and provides strategies for reducing bottlenecks in practical simulation and numerical modeling code. The target audience is scientists and engineers and students in these fields. One pre-publication reviewer called this a much-needed intermediate text to bridge the gap between existing introductory and more advance programming books aimed at scientists. Writing Fast Programs does not teach basic programming; some programming proficiency is assumed, along with familiarity with the basic programming terminology. Code examples are presented in C, but BASIC (as a convenient pseudo-language) examples are provided for those not familiar with C. In general, the strategies presented are not language specific and should therefore benefit a wide programming audience. For example, similar techniques have been discussed for Java.

The Imperfectionists Tom Rachman,2010-04-06 From the author of *The Italian Teacher*, this acclaimed debut novel set in Rome follows the topsy-turvy lives of the denizens of an English language newspaper. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Janet Maslin, *The New York Times* • *The Economist* • NPR • Slate • *The Christian Science Monitor* • *Financial Times* • *The Plain Dealer* • *Minneapolis Star Tribune* • *St. Louis Post-Dispatch* • *The Kansas City Star* • *The Globe*

and Mail • Publishers Weekly Look in the back of the book for a conversation between Tom Rachman and Malcolm Gladwell Fifty years and many changes have ensued since the paper was founded by an enigmatic millionaire, and now, amid the stained carpeting and dingy office furniture, the staff's personal dramas seem far more important than the daily headlines. Kathleen, the imperious editor in chief, is smarting from a betrayal in her open marriage; Arthur, the lazy obituary writer, is transformed by a personal tragedy; Abby, the embattled financial officer, discovers that her job cuts and her love life are intertwined in a most unexpected way. Out in the field, a veteran Paris freelancer goes to desperate lengths for his next byline, while the new Cairo stringer is mercilessly manipulated by an outrageous war correspondent with an outsize ego. And in the shadows is the isolated young publisher who pays more attention to his prized basset hound, Schopenhauer, than to the fate of his family's quirky newspaper. As the era of print news gives way to the Internet age and this imperfect crew stumbles toward an uncertain future, the paper's rich history is revealed, including the surprising truth about its founder's intentions. Spirited, moving, and highly original, *The Imperfectionists* will establish Tom Rachman as one of our most perceptive, assured literary talents.
