In power for forty-four years and counting, Fidel Castro has done everything possible to define Cuba to the world and to itself -- yet not even he has been able to control the thoughts and dreams of his people. Those thoughts and dreams are the basis for what may become a post-Castro Cuba. To more fully understand the future of America's near neighbor, veteran reporter Eugene Robinson knew exactly where to look -- or rather, to listen. In this provocative work, Robinson takes us on a sweaty, pulsating, and lyrical tour of a country on the verge of revolution, using its musicians as a window into its present and future. Music is the mother's milk of Cuban culture. Cubans express their fondest hopes, their frustrations, even their political dissent, through music. Most Americans think only of salsa and the Buena Vista Social Club when they think of the music of Cuba, yet those styles are but a piece of a broad musical spectrum. Just as the West learned more about China after the Cultural Revolution by watching From Mao to Mozart, so will readers discover the real Cuba -- the living, breathing, dying, yet striving Cuba. Cuban music is both wildly exuberant and aching melancholy. A thick stew of African and European elements, it is astoundingly rich and influential to have come from such a tiny island. From rap stars who defy the government in their lyrics to violinists and pianists who attend the world's last Soviet-style conservatory to international pop stars who could make millions abroad yet choose to stay and work for peanuts, Robinson introduces us to unforgettable characters who happily bring him into their homes and backstage discussions. Despite Castro's attempts to shut down nightclubs, obstruct artists, and subsidize only what he wants, the musicians and dancers of Cuba cannot stop, much less behave. Cubans move through their complicated lives the way they move on the dance floor, dashing and darting and spinning on a dime, seducing joy and fulfillment and next week's supply of food out of a broken system. Then at night they take to the real dance floors and invent fantastic new steps. Last Dance in Havana is heartwrenching, yet ultimately as joyous and hopeful as a rocking club late on a Saturday night.

Richly illustrated with photographs by award-winning nature photographer Noppadol Paothong, and accompanied by the text of accomplished natural history writer Kathy Love, this book tells the story of the sage-grouse, its habitat in the vast Sagebrush Sea of the Intermountain West, and the threats faced by both. Although the sage-grouse once flourished in many Western US states and provinces of Canada, in the past century its populations have diminished drastically. Today, fewer than 400,000 sage-grouse remain, and conservative legislation challenging the preservation of public wild lands increasingly threatens the sage-grouse. This book is designed not only to build awareness on the issues threatening the sage-grouse, but to stimulate and inspire readers to join the fight for environmental conservation and wilderness preservation. Bird lovers, nature enthusiasts, and residents of the American West will delight in viewing the beauty of the sage-grouse and emerge with a deeper sense of the many interests affecting the sagebrush ecosystem and the conservation efforts being implemented. This book is one of the most visually stunning and comprehensive documentations of one of the most iconic species of the United States, great for Bird lovers, nature enthusiasts, students, and residents of the American West.

The fifteenth collection by a celebrated poet whose "terrific, boisterous energy has never flagged" (Megan Harlan, *San Francisco Chronicle*). In *Save the Last Dance*, Gerald Stern gives us a stunning collection of his intimately personal—yet always universal, and always surprising—poems, rich with humor and insight. Shorter lyric poems in the first two parts continue the satirical and often redemptive vision of his last collection, *Everything Is Burning*, while never failing to carve out new emotional territory. In the third part, a long poem called "The Preacher," Stern takes the book of Ecclesiastes as a starting point for a meditation on loss, futility, and emptiness, represented here by the concept of a "hole" that resurfaces throughout.
