Jocie Brooke has never wanted for love, despite the fact that she hardly remembers her mother. Jocie's father, preacher David Brooke, has done his best to be both father and mother to his daughter. Even Jocie's spinster Great-aunt Love, who's slowly going senile, cares for Jocie in her own stern way. But in their small town of Hollyhill, Kentucky, painful secrets lie just beneath the surface, and inquisitive spirits discover surprising truths. There's a reason why Aunt Love hides behind black dresses and a stoic countenance. And David takes his morning walks not just for quiet solitude, but to wrestle with the past. Full of stories of lost loves and the trials of small-town living, this heartwarming novel explores the journey of faith and family.

In 2009 the University Medicine Greifswald launched the "Greifswald Approach to Individualized Medicine" (GANI\_MED) to implement biomarker-based individualized diagnostic and therapeutic strategies in clinical settings. Individualized Medicine (IM) has led not only to controversies about its potentials, but also about its societal, ethical and health economic implications. This anthology focusses on these areas and includes – next to clinical examples illustrating how the integrated analysis of biomarkers leads to significant improvement of therapeutic outcomes for a subgroup of patients – chapters about the definition, history and epistemology of IM. Additionally there is a focus on conceptual philosophical questions as well as challenges for applied research ethics (informed consent process, the IT-based consent management and the handling of incidental findings). Finally it pays attention to health economic aspects. The possibilities of IM to initiate a paradigm shift in the German health care provision are investigated. Furthermore, it is asked whether the G-DRG system is ready for the implementation of such approaches into clinical routine.

Learn the secrets of communication that win elections, promotions, and customers, from Roger Ailes, media consultant to Presidents Ronald Reagan and George H.W. Bush, and the founder of Fox News. When you communicate with others, everything that makes you unique comes into play. From your appearance to your voice, from your beliefs to your life experience, you're constantly sending signals about the kind of person you are. All of these signals, such as your facial expressions, your body movements, your vocal pitch, and more, are powerful and important in convincing others of your message. In *You Are the Message*, Roger Ailes argues that each and every one of us has the tools within us to persuade and influence others. And in this practical, sensible and entertaining book, you'll learn how to present a message so compelling that even your most stubborn detractor will see the merit of your ideas.

Time to go....I've taken enough of your time..... My life has been a good life. I think I handled everything that was thrown at me. I know others were involved in some of the trials and tribulations that came my way and I hope I handled them OK. If I didn't, I'm truly sorry. Growing up I thought my childhood was bad in some respects. But a couple of things have changed that idea. One was writing this story. The other was back into the 80's when my mother moved to Seattle and I listened to her talk to my daughters about my childhood. When I listened to her tell those stories, I realized I had built a wall around my upbringing and I was steadfast in thinking, "it wasn't as good as it could have been". Those stories made me realize, "I did have a good childhood", and just maybe..... I could have been a better son.

This is the first multi-volume collection of major writings on cultural anthropology, the sub-field of anthropology which is concerned with how people in different places live and understand the world around them. It covers key methodologies (participant observation, ethnography) and topics (kinship, ritual, values) and maps the development of the field from its beginnings in the mid-nineteenth century through to recent and current debates on the 'critique of anthropology' and the rise of new methodologies such as multi-sited research. The four volumes are arranged thematically and each is separately introduced. Drawing upon essays from anthropology and related disciplines, the volumes together chart the origins of the field, explore its core theories and methods, and trace the proliferation of sub-fields that it has generated, including anthropology of art, urban anthropology, medical anthropology and the anthropology of gender and sexuality. With key texts from James George Frazer, Lewis Henry Morgan, Bronislaw Malinowski, Franz Boas, Ruth Benedict, Margaret Mead, Lucy Mair, Claude Levi Strauss, Melford Spiro, Marshall Sahlins, Laura Nader, Maurice Godelier, David Graeber, Suad Joseph and many more, this set is an essential resource for scholars and students of the subject.

Eva is walking by the river with her seven-year-old daughter when they catch sight of a man's body in the water. Eva tells her daughter to wait while she calls the police, but when she reaches the phone box she doesn't call them. Instead she phones her father, and makes no mention of her discovery. When the body is eventually found, it soon becomes clear to Inspector Sejer and

his team that this was no accidental drowning - the man was the victim of a very violent killer. But the trail has gone cold. Until, one night, Eva receives a phone call...

A proposed railway on the 5th European Railway Corridor (Venice-Kiev) between the northern Adriatic ports of Koper (Slovenia) and Trieste (Italy) and the interior of Slovenia required extensive karstological studies and planning. This book contains the knowledge gained from these studies as well as further information on the regional karst surface and underground, the karst hydrogeology and the specific caves of the Beka-Ocizla cave system.

These memoirs of the great fellwalker Alfred Wainwright, author of the Pictorial Guides to the Lakeland Fells and many other volumes of walking guides and sketchbooks, are full of his thoughts on life and on his experiences on the fells. Wainwright writes about his boyhood in Blackburn, his work and interests as a young man, and the visit to the Lake District at the age of 23 which kindled in him a lasting passion for the fells. He reveals how he set about researching and compiling the Pictorial Guides, the labour of love which occupied so many years of his life. For walkers and other lovers of the Lakeland fells, this is a great read.

\* Collection of the most innovative and incisive writing on the environmental policies of the EU \* Essential reference and course book for environmental politics and European politics courses \* Emphasises how policy is a dynamic process and examines the roles of the main actors and institutions The European Union has come to dominate the way environmental policy is thought about, developed and implemented throughout Europe. It is also a guide and benchmark for policy elsewhere in the world. This Guide brings together the best and most influential work on the full range of EU environmental policy. Incorporating a range of case studies, it draws out the links between levels of governance and the role of environment in other policy areas such as agriculture, trade and transport. The editor's introduction explores the important theoretical and empirical questions raised by the development of EU policy and the challenges of the new sustainability agenda. The result is a highly useful primer and source book for all those involved or studying environmental politics and policy, not just in Europe but in other regions too.

For more than 120 years (1714–1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.
