The United States is one of history's great Christian nations, but our unique history, success, and global impact have seduced us into believing we are something more--God's New Israel, the new order of the ages, the last best hope of mankind, a redeemer nation. Using the subtle categories that arise from biblical narrative, *Between Babel and Beast* analyzes how the heresy of Americanism inspired America's rise to hegemony while blinding American Christians to our failures and abuses of power. The book demonstrates that the church best serves the genuine good of the United States by training witnesses--martyr-citizens of God's Abrahamic empire.

In the novel, Siddhartha, a young man, leaves his family for a contemplative life, then, restless, discards it for one of the flesh. He conceives a son, but bored and sickened by lust and greed, moves on again. Near despair, Siddhartha comes to a river where he hears a unique sound. This sound signals the true beginning of his life—the beginning of suffering, rejection, peace, and, finally, wisdom

The prime purpose of this book is to present, in small compass, clearly reasoned opinions of men who have treated the philosophy of art not less with simplicity of language than depth of understanding -- novelist and essayist not less than professed critic. A further purpose is to present a brief series of most brilliant descriptions of specific and famous works of art, architecture, sculpture, and painting, by men whose names are synonyms for all that is brilliant. Considered as a whole the collection centres upon a single point, namely, increase of appreciation and love of art behind which, said Rossetti, lies "passionate emotion," and the condition of which is "fundamental brain work." It is a book about men who live, eternal, in their buildings, pictures, sculptures. It is a book by men who have, for the most part, already eternalized themselves in their writings. - Foreword.

Mr. Thundermug is the inventive, entertaining, and—against all odds—poignant story of an animal who acquires the ability to eloquently speak human language. Using his own beautiful, eerie lithograph illustrations, Cornelius Medvei places us in a vivid world that is both familiar and alien. It's a world in which Mr. Thundermug and his family take up occupancy in an abandoned apartment building. On the roof of that building, Mr. Thundermug gazes at the heavens and thinks deep thoughts while his wife picks bugs off him and eats them. Understandably, he's somewhat confused by his complex existence as a fluent member of human society who has the essential nature of a more ancient species, but he assimilates as best he can. His worlds inevitably collide, and he is eventually brought to court for a petty crime and asked to defend himself in impossible ways. Simultaneously playful and foreboding, Mr. Thundermug announces the arrival of a bold and imaginative talent.

Recognising strangeness in familiar objects, the present in the past, the construed in what is authentic -- the four masterly photographers show excerpts from our world in which the boundary between reality and imagination becomes blurred. From fleeting everyday scenes to mysterious happenings and historical events, they reveal a complex and multi-layered reality. Thomas Demand, Philip-Lorca diCorcia, Andreas Gursky and Jeff Wall use the proximity to reality and the momentary nature of photography in order to create their idiosyncratic viewpoints of reality. What is real? They play with the viewers' perceptions, irritate and invite them to an individual interpretation of what is shown. This exclusive volume presents the works of the stars of the contemporary international photography scene magnificently and in clearly narrated texts.
