curricular connections that link reading and science skills in every chapter; hundreds of Leveled Readers for differentiated instruction; and time-saving strategies that create extra time in your day to do science. Hardbound Student Edition is organized into four units: Life, Earth, Physical, and Space and Technology. Each unit contains a balance between key science content and hands-on activities that support each lesson. Based on the Cornell note-taking format, this resource incorporates writing into the learning process. Directly linked to the student text, this notebook provides a systematic approach to learning science by encouraging students to engage by summarizing and synthesizing abstract concepts in their own words

For grades K-6.

With rich content that captures children's imaginations and built-in reading and vocabulary instruction, your child will not only be learning, he'll be preparing for success while learning the responsibilities of citizenship at every grade level. Captivate your child with numerous colorful visuals and activities that will engage their interest in social studies. Connect, Experience, Understand Connecting is all about activating prior knowledge and jumpstarting your child's journey into social studies. Essential Questions help students see the "big ideas" they're learning about, and activate prior knowledge. They allow students to engage in an active discussion of what they already know about the topic, but also encourage them to think further. Scott Foresman Social

Studies offers a variety of ways for your child to think critically about key concepts so they actively experience the world they live in. Developing true understanding means that students don't simply memorize facts, dates, and places. It means taking what they've learned and transferring that knowledge to new content, situations, ideas, and to their own lives. The goal is to help students become successful learners who will remember not only what they have learned, but how to learn more!

Scott Foresman Science ( 2006) components for Grade 3.

Our proven Spectrum Science grade 4 workbook features 144 pages of fundamentals in science learning. Developed to current national science standards, covering all aspects of fourth grade science education. This workbook for children ages 9 to 10 includes exercises that reinforce science skills across the different science areas. Science skills include: • Data Collection • Conservation of Matter • Life Cycles • Metals and Alloys • Space Technology • Changes in Population • Problem Solving Our best-selling Spectrum Science series features age-appropriate workbooks for grade 3 to grade 8. Developed with the latest standards-based teaching methods that provide targeted practice in science fundamentals to ensure successful learning!
