

Scottish Legal System Essentials Scots Law Essentials

Examines the influence of classical philosophy on revenge narratives by Shakespeare and his contemporaries

Whether you're studying Scots law, comparative law, law in Europe or looking to convert to Scots law, this invaluable guide will quickly equip you with all the basics of the Scottish legal system. Fully updated for the third edition, it is the ideal textbook for busy law students and revising for those all-important exams. Summary sections of Essentials Facts and Essential Cases will help you to identify, understand and remember the key elements of the subject.

In this updated edition of his "utterly magnificent" social history, the Scottish parliamentarian examines the privatization of Scotland's common land (Sunday Herald, UK). As an author, activist, and politician, Andy Wightman has made a career of fighting for Scottish land reform. In this provocative and influential book, Wightman offers a revealing analysis of how and why landowners got their hands on the millions of acres that were once held in common. He also tells the untold story of how the Scottish legal and political establishment appropriated land through legal fixes. Throughout, Wightman poses some provocative questions: Have attempts to redistribute power made any difference? What are the implications of the debt-fueled housing bubble, the Smith Commission, and the new Scottish Government's proposals on land reform? Can we get our common good land back? For all those with an interest in urban and rural land in Scotland, this edition of *The Poor Had No Lawyers*, updated with new statistics, provides a fascinating analysis of one of the most important political questions in Scotland.

A tailor-made text for students undertaking the Cert/Dip HE Law, HNC in Law or the BA in Law. It is also a suitable course text for law elements of the Cert/Dip HE Accounting and the BA in Accounting. It contains all of the essential information students need when preparing for exams and includes useful summary sections of essential facts and essential cases. An invaluable text which students can use to gain a quick understanding of a new subject, to help them through a course or as an aid to revision for exams. This book is also an excellent resource for those who need to refresh their knowledge of the subject. Table of Cases, Table of Statutes and an Index are included. Contents: Introduction Doctrines of the Constitution Structure of Government in the UK Subordinate Legislation The Ultra Vires Doctrine Judicial Review Natural Justice Ombudsmen Tribunals and Inquiries

Scots Law The Scottish Legal System is a popular introductory text aimed at the Scottish law undergraduate. The book sets out to present the "legal system and law of Scotland as a unique and constantly changing human enterprise" and places the Scottish Legal System in its broader political and social context. This new edition is thoroughly updated to reflect recent legislative and case law developments.

This study and revision guide provides a clear account of the structure of Roman government and society: its sources and development of Roman Law, the three keystones of Roman Law - The Law of Persons, The Law of Things and the Law of Actions - and the reception of Roman Law into medieval Canon Law and the *Ius Commune*.

Whether you are studying Law in Scotland or looking to convert to Scots law, this invaluable guide will quickly equip you with all the basics of the Scottish legal system. Fully updated for the third edition, it is the ideal textbook for busy law students and revising for those all-important exams. Summary sections of Essentials Facts and Essential Cases will help you to identify, understand and remember the key elements of the subject.

A clear and concise study and revision guide for students of family law in Scotland Covering all the major legislation, Scottish Family Law is designed for new students of the subject. It gives you a framework for understanding how family law operates and will help you to prepare for your exams. Each chapter includes lists of essential facts and cases to illustrate how the rules described are applied in practice. Key Features Takes full account of the substantial statutory developments in the field since the Family Law (Scotland) Act 2006 Covers two major recent Acts: the Children's Hearings (Scotland) Act 2011 and the Marriage and Civil Partnership (Scotland) Act 2014 Includes important new legislation such as the Adoption and Children (Scotland) Act 2007 and the Human Fertilisation and Embryology Act 2008

EU law has greatly influenced national law in Scotland, the UK and the rest of Europe. As a result, private international law is an essential area of study and of increasing importance to lawyers throughout the EU. Private International Law Essentials is the concise guide to private international law that you need, whether you're studying, revising or a practicing lawyer looking for a summary of the law in UK jurisdictions. David Hill looks at the key elements and issues of private international law, as well as the statutes and Conventions (e.g. Brussels, Lugano) and EU Regulations applying throughout the UK.

From defamation to dangerous animals, and from negligence to nuisance, *Delict Essentials* will introduce you to the Scots law of delict. Fully updated for the third edition, this concise guide will give you the key facts that you need, whether you're a busy law student revising for those all-important exams or a professional practitioner looking to brush up on your knowledge. It will also be useful for those studying comparative criminal law or tort across different jurisdictions.

Discover how the law of evidence operates within Scotland, and in the larger context of UK and European laws of evidence. The new edition has been updated to take account of case law developments since the last edition, plus the Double Jeopardy (Scotland) Act 2014, the Criminal Justice (Scotland) Act 2016 and changes made to the law on vulnerable witnesses by the Victims and Witnesses (Scotland) Act 2014. Helpful student features include Essential Facts and Essential Cases for each chapter.

Scottish Legal System Edinburgh University Press

How does law protect your ideas and privacy in Scotland and the UK? The Scots common law of property is strongly realist in its concepts, and restricts itself to tangible objects - objects, land, things attached to the land. But what about non-physical property, such as your intellectual property and your private personal information? These types of property are of increasing importance in this technological age. From copyright to patents, from data protection to freedom of information, and from e-commerce to cybercrime, Intellectual Property Law Essentials explains how UK statute law protects and regulates your information and ideas. End-of-chapter summaries of essential facts highlight the key things you should have learned, and summaries of essential cases show how the law is enforced in practice.

The law of contract forms the basis of our civil society. Without the law of contract we could not buy food, clothing or a place to live, nor could we book holidays, run a business or manage a football club. But contract law is complex and intricate, and disputes over contracts have led to a wealth of court cases over the years. This updated third edition gives you a clear and concise guide to the basics of the law of contract as it pertains to Scotland, from what a contract is to how they are formed, terminated and breached, and from third-party rights to cross-border contracts.

Discover how the law of evidence operates within Scotland, and in the larger context of UK and European laws of evidence. Helpful student features include Essential Facts and Essential Cases for each chapter.

In Scots law, the legal concept of the trust has a long history of development and, over that time, has come to take on a number of characteristics. Because of this, there is no single definition of a trust that covers every example of the trust relationship. That's where Trusts Law Essentials comes in. This concise volume will quickly introduce you to the Scots law of trusts - from creating a trust and appointing trustees to conflicts of interest and the termination of trusts. It also looks at the different purposes of a trust and the particular issues surrounding charities and charitable trusts. End-of-chapter summaries of essential facts and essential cases will help you to identify, understand and remember the key elements of trusts law in Scotland.

Scots Criminal Law 'A Critical Analysis' provides a clear statement of the current law for students and practitioners, with a theoretical and critical focus. This new edition has been updated to reflect changes in the law since the first edition published.

'Private International Law Essentials' is an invaluable study guide for students. It provides up-to-date, concise and comprehensive coverage of private international law and is the ideal text for students who come new to the subject and for those preparing for exams. This book is also an excellent resource for those who need to refresh or update their knowledge.

Explores the law on rights of personality in Scotland compared to other jurisdictions Taking a comparative perspective, this book explores the trends and issues affecting the law on rights of personality in jurisdictions drawn from the families of common law, civilian law, and mixed legal systems. The main focus is on the private law of personality rights, with due regard paid to the impact of constitutional legislation and other instruments protecting human rights.

How does the legal system accommodate an individual who is simultaneously a child and a criminal? Claire McDiarmid examines a number of serious cases from legal, philosophical and sociological perspectives, including the murder of James Bulger in 1993. She argues that a thorough investigation of the child's criminal capacity, drawing on developmental psychology, is necessary to provide a fair and rational basis for decisions on responsibility and disposal in respect of such children. Childhood and Crime presents a model for achieving this. McDiarmid also examines the existing response of the Scottish legal system to such children, both in the courts and through the children's hearings system, in its search for a fair and compassionate approach that still takes account of the public interest and the need for public confidence in the criminal justice system.

A course on the Scottish legal system is a compulsory part of undergraduate degrees in Scots Law. The Scottish Legal System sets out to present the 'legal system and law of Scotland as a unique and constantly changing human enterprise' and places the Scottish legal system in its broader political and social contexts. This is achieved by covering not only the central aspects of the system, such as the courts and the legal profession, but also the border areas with constitutional law and jurisprudence. This new sixth edition includes new case law on devolution and human rights issues in Scotland. This well established text provides an up-to-date treatment of all significant developments affecting the Scottish legal system.

The book takes full account of the Property Laws in 2007.

Written by a team of experienced academics, 'An Introduction to Law and Legal Obligations' is ideally suited to those studying for the BA degree in law, the Higher National Certificate and the Certificate for Higher Education. Students of accountancy and business studies courses containing law elements will also find the book essential. Each chapter includes a useful summary section to help you identify and revise the key elements.

Drawing on a wealth of experience, Stephen McGowan guides you through the often-perplexing patchwork of statute, policy, convention and jurisprudence that all amount to Scottish licensing law. There is no better guide to how Scottish alcohol licensing law works - and often does not work - in practice.

This one-stop introduction gives you an overview of Scotland's mixed legal system, from its historical roots to how the judicial system works today. The fourth edition is fully updated to cover the latest legislation, rules, case law and the Carloway and Bowen Reviews, and also covers the 2017 general election, the 2016 Scottish Parliament elections, the 2014 Independence

Referendum, the Scotland Act 2016; Article 50 and the EU (Withdrawal Agreement) Bill.

Studying Scots Law provides law students with an invaluable source of reference throughout their studies. Contents includes: The Scottish Legal System - the law in Scotland; The Scottish Legal Profession; Entering the Profession - Courses; The university stage; Alternatives to the law degree; The Diploma in Legal Practice; Professional Training; Continuing legal education; Studying; Lectures, tutorials and seminars; Private study; Researching the law; Essays and examinations; Homily and epilogue; Appendices.

An invaluable study guide for students, providing up to date, concise and comprehensive coverage of public law in Scotland. Ideal text for students who come new to the subject and for those preparing for exams. The book takes full account of the Scottish Parliamentary and local elections in 2007

Recognising the multi-faceted nature of this Scots law, Francis McManus and Eleanor Russell have produced this all-encompassing guide to delict. With numerous case studies and questions for discussion after each chapter, this is essential reading for all students encountering delict for the first time as well as practitioners who require a ready reference for their practice. The Scots law of delict encompasses a vast array of legal sources and contradictions. Many elements are modern and highly developed while others remain ancient and obscure. The majority of delictual principles are case law driven yet, increasingly, legislation plays a part. Further, although the concept of delict is limited to the Scottish jurisdiction, private international law cannot be ignored.

Get started with using the library; find out what statutory interpretation and judicious precedent are; learn about finding and using case law and legislation; discover how to access and cite books, journals and other sources; take your study international with a guide to sources from Europe and further afield; and sail through your coursework and exams with handy tips for legal writing and research.

Everything you need to know about the Scots law of delict and how it interacts with international law, rigorously updated for the 3rd edition.

Why did Enlightenment happen in Edinburgh?
