

Seal Of All Prophets

This book presents how ancient Christianity must be understood from the viewpoint of the history of religions in late antiquity. The continuation of biblical prophecy runs like a thread from Jesus through Mani to Muhammad. And yet this thread, arguably the single most important characteristic of the Abrahamic movement, often remains outside the mainstream, hidden, as it were, since it generates heresy. The figures of the Gnostic, the Holy man, and the mystic are all sequels of the Israelite prophet. They reflect a mode of religiosity that is characterized by high intensity. It is centripetal and activist by nature and emphasizes sectarianism and polemics, esoteric knowledge, or gnosis and charisma. The other mode of religiosity, obviously much more common than the first one, is centrifugal and irenic. It favours an ecumenical attitude, contents itself with a widely shared faith, or pistis, and reflects, in Weberian parlance, the routinisation of the new religious movement. This is the mode of priests and bishops, rather than that of martyrs and holy men. These two main modes of religion, high versus low intensity, exist simultaneously, and cross the boundaries of religious communities. They offer a tool permitting us to follow the transformations of religion in late antiquity in general, and in ancient Christianity in particular, without becoming prisoners of the traditional categories of Patristic literature. Through the dialectical relationship between these two modes of religiosity, one can follow the complex transformations of ancient Christianity in its broad religious context.

"The Harbinger opens with the appearance of a man burdened with a message he has received from a mysterious figure called The Prophet. The Prophet has given him nine seals, each containing a message about America's future ... As the story unfolds, each revelation becomes a piece in a greater puzzle -- the ramifications of which will even alter the course of world history."--Publisher's website.

At a time when injustice, immorality and sin ran rampant, the religion of Islam dawned to revive the bond between humanity and its Creator, and to establish peace in the world. It was at the hand of the Prophet of Islam that an unparalleled moral and spiritual transformation took place. But the Holy Prophet Muhammad, peace and blessings of Allah be upon him, prophesied that a time would come when the true teachings of Islam would be forgotten and at this time a divinely appointed reformer would appear to rejuvenate Islam. In fulfilment of this prophecy, Hazrat Mirza Ghulam Ahmad, peace be upon him, appeared in Qadian, India, and claimed to be the divinely appointed reformer awaited by all the world religions. This book comprises an address delivered by the Promised Messiah, in which he speaks about the purpose of his advent and what it means to be an Ahmadi.

The current volume covers scholarly discussions on different topics such as the arrangement and the layout of the Holy Quran, Divine revelation, reality of miracles, polygamy, Jihad with sword, capitation tax, the wives of the Holy Prophet(sa), the Islamic laws regarding marriage and divorce, the electoral system of Khilafat, the just and democratic form of Islamic government etc.

With Muhammad (SAW), the seal of Prophets) and the Quran, the final Divine Book, has come the culmination of the Prophethood and religious evolution. Abdulkarim Soroush is known primarily for his epistemological/hermeneutical theory, the "Contraction and Expansion of Religious Knowledge," and its application to Islamic political theory and religious pluralism. While his Reason, Freedom and Democracy in Islam applies that theory to plurality and the historicity of understanding and interpretation of religion, this book captures some of his original theories about religion itself. The Expansion of Prophetic Experience treats the historicity of the Prophet Muhammad's revelatory experience, including human and contextual influences on the genesis of the sacred Text. It presents substantial aspects of Soroush's Neo-Rationalist hermeneutical project for an Islamic reformed theology and ethics, systematically leading Islamic reformation beyond conventional projects of piecemeal adjustments to the Shari'ah or selective re-interpretations of the Qur'an.

As the reviver of true Islamic teachings, Hazrat Mirza Ghulam Ahmad(as) portrayed to the world the God of Islam; a God Who speaks and

exists. Allah is the name of the One, Supreme-Being also known as God in other faiths. Throughout this book, Hazrat Ahmad(as) details the nature of Allah and how one can establish a living connection with him, leading toward the certainty of His existence. He describes Allah's attributes and what they mean for us, as humans and believers. Hazrat Ahmad(as), through divine signs and proof from the Quran, Sunnah and Hadith proved that Allah talks today as he spoke before. This book answers many questions about Allah – leading toward a better and enlightened understanding of the Creator, ultimately helping us toward better worship of Allah. This book also highlights the deep love Hazrat Ahmad(as) had for Allah.

In a comprehensive study of early Islamic history, Wilferd Madelung examines the conflict which developed after Muhammad's death for the leadership of the Muslim community. He pursues the history of this conflict through the reign of the four 'Rightly Guided' caliphs to its climax in the first inter-Muslim war. The outcome of the war, which marked the demise of the reign of the Early Companions, resulted in the lasting schism between Sunnite and Shi'ite Islam. Contrary to recent scholarly trends, the author brings out Ali's early claim to legitimate succession, which gained support from the Shi'a, and offers a convincing reinterpretation of early Islamic history. This book will make a major contribution to the debate over succession. Wilferd Madelung's book *The Succession to Muhammad* has been awarded the Best Book of the Year prize by the Islamic Republic of Iran for the year 1997.

Through poetry and story, *Daydreams and Night Visions* moves us through Charles Henley's transformational journey from a boy hopelessly addicted to drugs, alcohol, and the strife that accompanies addiction, to a man full of hope, love, and joy. In this book of rhymes and wisdom, we get a glimpse of an emotional state of mind we might not otherwise understand. We get a first-hand view of the conversion from and remorse for a life of sin to the daydreams and night visions that Henley experienced during and after his conversion. These visions made him acutely aware of the struggle between good and evil as demonic forces battled for the possession of his soul. This awareness helped him not only prepare for the battle but claim victory over it. This poetic look at a life of a sinner once saved is a look at faith and hope at the end of the road of despair. It's not only written for those who suffer from similar addictions, it's also written to give hope and advice to friends and relatives who feel helpless as they watch their loved ones losing the battle for their souls—if only for a season.

The Islamic claim to supersede Judaism and Christianity is embodied in the theological assertion that the office of prophecy is hereditary but that the line of descent ends with Muhammad, who is the seal, or last, of the prophets. While Muhammad had no natural sons who reached the age of maturity, he is said to have adopted a man named Zayd, and mutual rights of inheritance were created between the two. Zayd b. Muhammad, also known as the Beloved of the Messenger of God, was the first adult male to become a Muslim and the only Muslim apart from Muhammad to be named in the Qur'an. But if prophecy is hereditary and Muhammad has a son, David Powers argues, then he might not be the Last Prophet. Conversely, if he is the Last Prophet, he cannot have a son. In *Muhammad Is Not the Father of Any of Your Men*, Powers contends that a series of radical moves were made in the first two centuries of Islamic history to ensure Muhammad's position as the Last Prophet. He focuses on narrative accounts of Muhammad's repudiation of Zayd, of his marriage to Zayd's former wife, and of Zayd's martyrdom in battle against the Byzantines. Powers argues that theological imperatives drove changes in the historical record and led to the abolition or reform of key legal institutions. In what is likely to be the most controversial aspect of his book, he offers compelling physical evidence that the text of the Qur'an itself was altered.

Kitab Ash-Shifa bi ta'rif huquq al-Mustafa, (Healing by the recognition of the Rights of the Chosen One), of Qadi 'Iyad (d.

544H/1149CE) is perhaps the most frequently used and commented upon handbook in which the Prophet's, may Allah bless him and grant him peace, life, his qualities and his miracles are described in every detail. Generally known by its short title, Ash-Shifa, this work was so highly admired throughout the Muslim world that it soon acquired a sanctity of its own for it is said: "If Ash-Shifa is found in a house, this house will not suffer any harm... when a sick person reads it or it is recited to him, Allah will restore his health." Ash-Shifa gathers together all that is necessary to acquaint the reader with the true stature of the Prophet, may Allah bless him and grant him peace, with the esteem and respect which is due to him, and with the verdict regarding anyone who does not fulfil what his stature demands or who attempts to denigrate his supreme status - even by as much as a nail paring. This study examines how religious authority was distributed in early Islam. It argues the case that, as in Shi'ism, it was concentrated in the head of state, rather than dispersed among learned laymen as in Sunnism. Originally the caliph was both head of state and ultimate source of religious law; the Sunni pattern represents the outcome of a conflict between the caliph and early scholars who, as spokesmen of the community, assumed religious leadership for themselves. Many Islamicists have assumed the Shi'ite concept of the imamate to be a deviant development. In contrast, this book argues that it is an archaism preserving the concept of religious authority with which all Muslims began.

"Approaching the Qur'an captures the complexity, power, and poetry of the early suras, or chapters, of the Qur'an, the sacred scripture of Islam. Michael Sells presents brilliant translations of the short, hymnic suras associated with the first revelations to the Prophet Muhammad. In the second edition, Sells offers a new translation and commentary on the Sura of the Compassionate (al-Rahm?n), which holds a special place within Islamic devotion and literature. Additionally, a new preface addresses the ongoing controversy over teaching about Islam and the Qur'an in American universities."--Publisher.

This magnificent work not only highlights the various aspects of the life and character of the Holy Prophet (sa) founded on the Holy Qur'ān, Sunnat [Practice of the Holy Prophet(sa)] and the Aḥādīth [Sayings of the Holy Prophet(sa)] with references particularly from the six authentic books of Aḥādīth and history; rather, it presents the prominent events and episodes in the history of Islām with solid historical testimonies. Some prejudiced orientalist and historians have misrepresented various incidents from the history of Islām in an attempt to tarnish the character of the Holy Prophet(sa). Ḥazrat Mirzā Bashīr Aḥmad (ra) has refuted those allegations with convincing argumentation in this book. Moreover, in addition to a formidable rebuttal of the objections of orientalist, the current volume covers a detailed review of scholarly discussions such as equality in Islām, the acceptance of prayer, the treaty of Ḥudaibiyyah and the Holy Prophet's letters to the leaders of various kingdoms and empires.

In this path-breaking new work, Ali Usman Qasmi traces the history of the political exclusion of the Ahmadiyya religious minority in Pakistan by drawing on revealing new sources. This volume is the first scholarly study of the declassified material of the court of inquiry that produced the Munir–Kiyani report of 1954, and the proceedings of the national assembly that declared the Ahmadis non-Muslims through the second constitutional amendment in 1974. *The Ahmadis and the Politics of Religious Exclusion in Pakistan* chronicles anti-Ahmadi violence and the legal and administrative measures adopted against them, and also addresses wider issues of the politics of Islam in postcolonial Muslim nation-states and their disputative engagements with ideas of modernity and citizenship. Winner of the Karachi Literary Festival Peace Prize 2015.

In a multi-faith world, Islam is widely regarded as dogmatic and exclusivist. Yet in the Qur'an we have a great and worthy example of how to live in diversity, of powerful scriptural tenets that lend themselves precisely to engagement with those of other faiths. As such Islam has much to add to the debate on Religious Pluralism. For Muslims the issue is a delicate one. Aside from being tolerant and respectful of other faiths, advocating freedom of faith, and peaceful coexistence for all humanity, Muslims have to intellectually engage on matters of religious truth whilst defending the validity of their own

Islamic tenets. This study is focused on the Qur'anic text. It explores the Qur'anic conception of normative religious pluralism with a view to providing answers to questions such as whether the Qur'an itself regards normative religious pluralism as a value system or simply a method through which the Qur'anic world view can be actualized. In doing so the author corrects some highly controversial misquoted, mistranslated, and/or quoted out of context verses of the Qur'an, including the so-called verse of the sword and the perception of not taking non-Muslims as friends. In reality, the Qur'an calls for freedom of faith and peaceful coexistence, but condemns oppression, religious persecution, and those who initiate hostilities. In this way it not only invokes human dignity, but restores it when it is violated.
