Anchoring himself firmly on the ever-contested space of Indian Law and Legal Processes, and drawing substantive support from his rich and varied experience as a Law Enforcement Officer in the Police Department of Tamil Nadu, India, the author, V. Sithannan in presenting this scholarly work, has sought to fulfill the legitimate requirements of Police Officers, Advocates, Judicial Officers, Social Activists, NGOs, Gender Activists and the general public. The Author's utopian ideal that no innocent person should be punished and no offender should go unpunished is the dominant message of the book. For this purpose, the Author has given a balanced treatment of the whole problem of crime and its investigation. The book contains 27 Chapters and 4 Annexures. For example, the 1st Chapter deals with the origin, growth and development of Military and Police and the succeeding chapters elaborate the structure, powers and the duties of police, the conduct of investigation, the first information report, the jurisdictional limitations of police, dying declaration, inquest, search and seizure, examination of witnesses, arrest, interrogation, confession, bail, remand and custody, test identification parade, tender of pardon to approver, letter rogatory, extradition, burden of proof and

presumptions, Police diaries, final report, further investigation and maintenance of Police records. The comparative chart given to aid the Police Officers to conclude whether death is suicidal or homicidal or accidental in all forms of death that are encountered by the Police while conducting investigation will be of immense use with scientific accuracy. Another Chart provided indicating the procedural steps starting from the collection of evidence through the final analysis of the whole crime and its commission would surely empower the investigating officers with fool-proof methods of investigation. A most praise-worthy feature of the book is its detailed discussion on the immature juveniles, who are in conflict with law and the crimes against children and women. The annexure to the book is of immense use as a ready- reckoner, especially annexure I and II by which a Police Officer may easily find whether a particular offence in any of the most frequently used special enactment is cognizable, bailable etc. The Author has fulfilled the needs of the investigating Officers in the epilogue by providing 47 points which may go against the prosecution, and therefore, has given 48 tips for the successful prosecution of a criminal case by a Police Officer. Again, in the spirit of an academic researcher, the Author has given a catalogue of 724 Checklists in all the Chapters so that the readers would find the book highly informative to have a

statutorily authorised answer to any doubt in a given situation in any of the investigative procedures. The citation of 785 landmark judgements of various High Courts and the Supreme Court for the period 1965-2008 in the appropriate chapters is another outstanding feature of the book, making it vade mecum for Police Officers, Advocates, Officers of Law and Courts and also for NGOs, Social Activists and Persons of Public Interest.

SEAL's Homecoming When Chance McCallister left her to join the Navy SEALs, Mandy Loomis was devastated. Now, more than ten years later, Chance and his brothers are back in town for their father's funeral, but Mandy is no longer that moon-eyed teenager she once was. She's a fiercely independent woman determined to solve her own problems—and she has plenty. When her gambler father died two years prior, he left Mandy—along with a successful auto repair business—with a ton of debt owed to a ruthless loan shark. Mandy is barely getting by, and when her mechanic quits, she's in a real bind. It just so happens, Chance is willing to help out. Sure, Chance is bigger, stronger, and sexier than ever, but Mandy isn't interested in anything but his mechanical skills. Or maybe just a bit interested in his kissing skills—which, by the way, are just as good as she remembers.

She's finally feeling good about the future when—bam—she gets

pregnant. True or not, in her world, nothing says white trash more than an unmarried pregnant woman. Worse, her “loving” mother is threatening her over the B&B and the property it sits on, all because of a silly legend about a pirate’s buried treasure. Harris doesn’t know what it is about Rachel, but he’s always been drawn to her. With her brightly dyed hair and sexy-as-hell tattooed body, she’s impossible to ignore—and drives him crazy in all the best ways. Finding out she’s carrying his baby has him thinking things he’s never thought before. Thoughts he brutally pushes away. Returning to active duty as a Marine Raider is what he wants, not settling down and playing house. He’ll stick around just long enough to make sure Rachel and the baby-to-be are safe from increasingly disturbing attacks they both believe has to do with an old legend about a pirate’s buried treasure. The longer he stays, though, the tougher returning to duty is becoming. But when the time comes to head back to the Marines, he has to make the toughest decision of his life—duty to his country, or life with the woman he loves. Ranger's Protection Viktoria Jonsdottir is none too pleased with the personal bodyguard her father has insisted on hiring to keep her safe. Safe from what, she has no idea, but she’s convinced having this brooding man hovering over her is completely unnecessary. All she wants to do is get to New York where her father is conducting high level meetings

for their corporation—meetings she arranged, to prove her value to the company. Sure, Lee MacCallister is sexy as hell and his eyes would make an ordinary woman swoon. But Viktoria is no ordinary woman. She's not going to fall for Lee, even if he does make her feel things she's never felt before. Like this strange new emotion that just might be...happiness. It's a simple enough assignment for the former Army Ranger—protect some rich, spoiled woman for a few days then pick up the check. Only thing is, Viktoria isn't like any woman he's ever met. She's tough, smart, and has a body that's more than a little distracting. He can keep it professional, even though she's beyond tempting as sin. But when things get dicey and Victoria's enemies prove to be far more dangerous than Lee anticipated, he realizes Viktoria has become more than an assignment—she's become personal. And that could be the most dangerous thing of all.

An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin's SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed "all but lost." In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three's Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, *Extreme Ownership* shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement

Neither Wolf nor Caroline were prepared for a terrorist hijacking of their plane, but if Caroline thought that would be the last time she'd see, or need, Wolf, she'd be sorely mistaken. \*\*Protecting Caroline is a stand-alone love story. Chronic, and Crazy. These books were 1, 2, & 3, in the Seven Deadly SEALs serial. This edition has been re-edited and is a full-length book of 62,000 words. It ends on a cliff hanger.

Pacey: I haven't breathed properly in four years. The bullet that ripped my girlfriend away from me in Iraq, ripped a May shaped hole in my heart that I don't want to fill. The only time my lungs fully remember how to do something as simple as breathing air is when I'm with a woman who can never be mine. In a relationship? I'll take it. Engaged? Yes please. Married? Hell yeah. Then I met her. The blonde with the boyfriend who's involved with everything I hate. I don't know if she knows what he's into, all I know is that my pants aren't the only thing that tighten when I'm around her. And now history is trying to repeat itself and I'm letting it happen over my dead body. Juliana: My life is comfortable. My boyfriend is seriously good-looking and my best friend is fun, supportive and always up for having a good time. I'm content, until I'm not. My perfectly constructed life comes crashing down around me and it's a mysterious, super hunky ex- SEAL who's suddenly at the right place at the right time. Every time. But when choices I didn't make impact my life in ways I never thought possible, I'm alone. Screwed. Terrified. When everything is on the line and your life is on the wrong side of the plumbing system, what do you do? I don't know... I don't know because this wasn't my mess to clean up. I like to think I'm an optimist, but how is it possible that anything good can come of this?
