? The music today known as "classic country" originated in the South in the 1920s. Influenced by blues and folk music, instrumentation was typically guitar, fiddle, bass, steel guitar, and later drums, with lyrics and arrangements rooted in tradition. This book covers some of the genre's legendary artists, from its heyday in the 1940s to its decline in the early 1970s. Revivalists keeping the traditions alive in the 21st century are also explored. Drawing on original interviews with artists and their associates, biographical profiles chronicle their lives on the road and in the studio, as well as the stories behind popular songs. Thirty-six performers are profiled, including Ernest Tubb, Ray Price, Loretta Lynn, Bill Anderson, Faron Young, Mickey Gilley, Freddie Hart, Jerry Reed, Charley Pride, David Frizzell, The Cactus Blossoms, The Secret Sisters, and Pokey LaFarge.

style clothing in colonial America but also garments for everyday and work, the clothing of slaves, and maternity and nursing apparel.". How does historical reality interrelate with fiction? And how much are readers themselves involved in the workings of fictional literature? With innovative interpretations of various well-known texts, Nourit Melcer-Padon introduces the use of literary masks and illustrates literature's engagement of its readers' ethical judgement. She promotes a new perception of literary theory and of connections between thinkers such as Iser, Castoriadis, Sartre, Jung and Neumann. The book offers a unique view on the role of the community in post-existentialist modern cultural reality by emphasizing the importance of ritual practices in literature as a cultural manifestation.

The Burgher and the Whore is a story of dark lanes and meagre earnings. For Amsterdam and its inhabitants, prostitution has been a clearly present and much-discussed problem for centuries: a necessary evil because of the large numbers of dissolute seamen in the city.

Amsterdam's reputation as a city of prostitutes is age old. It has been current since the Middle Ages and by the seventeenth and eighteenth centuries it was no longer possible to write it off as a marginal phenomenon. The city was crawling with whores, madams, procurers and brothels. Prostitution was a flourishing profession which also employed washerwomen, servants, drink suppliers, doormen and musicians. Lotte van de Pol draws on a range of unusual sources, such as travel descriptions, brothel guidebooks, sea shanties and paintings, as well as prisoners' confessions and transcripts from the trials of thousands of prostitutes. She gives clear, insightful descriptions of these women in all their colourful diversity, the customers who came from far and wide, the moralists, the administrators, the doctors, the bailiffs, the judges and the governors of the spinning houses. Offering more than just a picturesque description of prostitutes and their customers in early modern Holland, The Burgher and the Whore brings to life the relationships between men and women in the Dutch Republic and provides a fascinating account of what it was like to inhabit the greatest city of its day.
