In 1916, John Singer Sargent (1856-1925) met Thomas Eugene McKeller (1890-1962) a young African American elevator attendant at Boston's Hotel Vendome. McKeller became the principal model for Sargent's murals in the new wing of the Boston's Museum of Fine Arts, among the painter's most ambitious works. Sargent's nude studies and sketches from this project attest to a close collaboration between the two men that unfolded over nearly ten years. Featuring drawings given by Sargent to Isabella Stewart Gardner and published in full for the first time, a portrait of McKeller, and archival materials reconstructing his life and relationship with Sargent, this book opens new avenues into artist-model relationships and transforms our understanding of Sargent's iconic American paintings. Essays offer the first biography of Thomas McKeller and a window into African America life in early 20th century Roxbury. They address the artist's sexuality, his models, and consider questions of race and gender.

"This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In *We're Not Broken*, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

I am in love with these books. –Hooks & Books Blog "This story was exciting, quick; but well paced and full of loveable characters. I haven't met a character in this series that I haven't liked yet!" –Nice and Nau Synopsis It's really simple. I needed money. A lot of money. One million dollars to be exact. The amount didn't matter. All that mattered is that at the end of that price tag held my father's life. No money. No life. The time limit was one year. On January 1st I had to pay up or my Father was going to be killed. When you're faced with an ultimatum like this, you do whatever you have to do. And that's exactly what I did. The job...Exquisite Escorts. My role, serve as high

priced arm candy to anyone that can afford the \$100,000 price tag for a month of my company. Sex is optional (for me) and a 20% increase on the price. Mia Saunders just barely escaped a paltry life back home in Las Vegas until she gets the call that her Father has been beaten to within an inch of his life for not paying his gambling debt. Problem is, the lone shark is her lousy, ruthless ex-boyfriend. Another guy in a long line of men she'd fallen head over heels for. Not anymore. Mia's mission is simple. Serve as a high-priced escort for her Aunt's company and pay monthly against her Father's bad debt. A month with a rich man who she doesn't have to sleep with if she doesn't want to? Easy money. At least that's the way it was supposed to go.

Rosemary (Rosie) Kennedy was born in 1918, the first daughter of a wealthy Bostonian couple who later would become known as the patriarch and matriarch of America's most famous and celebrated family. Elizabeth Koehler was born in 1957, the first and only child of a struggling Wisconsin farm family. What, besides their religion, did these two very different Catholic women have in common? One person: Stella Koehler, a charismatic woman of the cloth who became Sister Paulus Koehler after taking her vows with the Sisters of the Third Order of St. Francis of Assisi. Sister Paulus was Elizabeth's Wisconsin aunt. For thirty-five years? indeed much of her adult life? Sister Paulus was Rosie Kennedy's caregiver. And a caregiver, tragically, had become

necessary after Rosie, a slow learner prone to emotional outbursts, underwent one of America's first lobotomies?an operation Joseph Kennedy was assured would normalize Rosie's life. It did not. Rosie's condition became decidedly worse. After the procedure, Joe Kennedy sent Rosie to rural Wisconsin and Saint Coletta, a Catholic-run home for the mentally disabled. For the next two decades, she never saw her siblings, her parents, or any other relative, the doctors having issued stern instructions that even the occasional family visit would be emotionally disruptive to Rosie. Following Joseph Kennedy's stroke in 1961, the Kennedy family, led by mother Rose and sister Eunice Kennedy Shriver, resumed face to face contact with Rosie. It was also about then that a young Elizabeth Koehler began paying visits to Rosie. In this insightful and poignant memoir, based in part on Sister Paulus' private notes and augmented by nearly one-hundred never-before-seen photos, Elizabeth Koehler-Pentacoff recalls the many happy and memorable times spent with the "missing Kennedy."
