Each family has its secrets, ones that shape family communication and relationships in a way generally unknown to the outsider and often the family itself. Autoethnographers, students of these relationships, confront many silences in their attempts to understand these social worlds. It is often the accidental slip, the spontaneous discussion, the offhanded comment that opens this terrain of secrets to the conscientious storyteller. Accidental Ethnography delves into this shadowy world of pain and loss in the hopes of finding productive, ethical avenues for transforming the secret lives of families into powerful narratives of hope. It merges autoethnographic method with the therapeutic power of storytelling to heal family wounds. Poulos's lyrical text will appeal to those in ethnography, interpersonal communication, and family relationships alike.

From the remarkable imagination of acclaimed artist Jim Di Bartolo and the exquisite pen of bestselling author Kiersten White comes a spellbinding story of love, mystery, and dark conspiracy, told in an alternating narrative of words and pictures. Cora and Minnie are sisters living in a small, stifling town where strange and mysterious things occur. Their mother runs the

local boarding house. Their father is gone. The woman up the hill may or may not be a witch. Thomas and Charles are brothers who've been exiled to the boarding house so Thomas can tame his ways and Charles can fight an illness that is killing him with increasing speed. Their family history is one of sorrow and guilt. They think they can escape from it . . . but they can't. Arthur is also new to the boarding house. His fate is tied to that of Cora, Minnie, Thomas, and Charles. He knows what darkness circles them, but can't say why, and doesn't even know if they can be saved. Sinister forces are working in the shadows, manipulating fates and crafting conspiracies. The closer Cora, Minnie, Arthur, Thomas, and Charles get to the truth, the closer they get to harm. But the threat is much bigger than they can see. It is strangling the world. Until one of the boys decides he wants to save it. Told in an astonishing mix of art and words, *IN THE SHADOWS* collides past against future, love against evil, and hope against fear. The result is both a mystery and a masterpiece.

In this riveting and richly drawn novel from “one of the master storytellers of historical fiction” (New York Times bestselling author Beatriz Williams), a talented young artist flees New York for the South of France after one of her scandalous drawings reveals a dark secret—and triggers a terrible tragedy. In the wake of a dark and brutal World War, the glitz and glamour of 1925 Manhattan shine like a beacon for the high society set, desperate to keep their gaze firmly fixed to the future. But Delphine Duplessi sees more than most. At a time in her career when she could easily be unknown and penniless, like so many of her classmates from L'École des Beaux Arts, in America she has gained notoriety for her stunning “shadow portraits” that frequently expose her subjects' most scandalous secrets. Most nights Delphine doesn't mind that her gift has become mere entertainment—a party trick—for the fashionable crowd. Then, on a snowy night in February, in a penthouse high above Fifth Avenue, Delphine's mystical talent leads to a tragedy between two brothers. Devastated and disconsolate, Delphine renounces her gift and returns to her old life in the south of France where Picasso, Matisse, and the Fitzgeralds are summering. There, Delphine is thrust into recapturing the past. First by her charismatic twin brother and business manager Sebastian who attempts to cajole her back to work and into co-dependence, then by the world famous opera singer Emma Calvé, who is obsessed with the writings of the fourteenth-century alchemist Nicolas Flamel. And finally by her ex-lover Mathieu, who is determined to lure her back into his arms, unaware of the danger that led Delphine to flee Paris for New York five years before. Trapped in an ancient chateau where hidden knowledge lurks in the shadows, Delphine questions everything and everyone she loves the most—her art, her magick, her family, and Mathieu—in an effort to accept them as the gifts they are. Only there can she shed her fear of loving and living with her eyes wide open.

Today fans still remember and love the British girls' comic *Misty* for its bold visuals and narrative complexities. Yet its unique history has drawn little critical attention. Bridging this scholarly gap, Julia Round presents a comprehensive cultural history and detailed discussion of the comic, preserving both the inception and development of this important publication as well as its stories. *Misty* ran for 101 issues as a stand-alone

publication between 1978 and 1980 and then four more years as part of Tammy. It was a hugely successful anthology comic containing one-shot and serialized stories of supernatural horror and fantasy aimed at girls and young women and featuring work by writers and artists who dominated British comics such as Pat Mills, Malcolm Shaw, and John Armstrong, as well as celebrated European artists. To this day, Misty remains notable for its daring and sophisticated stories, strong female characters, innovative page layouts, and big visuals. In the first book on this topic, Round closely analyzes Misty's content, including its creation and production, its cultural and historical context, key influences, and the comic itself. Largely based on Round's own archival research, the study also draws on interviews with many of the key creators involved in this comic, including Pat Mills, Wilf Prigmore, and its art editorial team Jack Cunningham and Ted Andrews, who have never previously spoken about their work. Richly illustrated with previously unpublished photos, scripts, and letters, this book uses Misty as a lens to explore the use of Gothic themes and symbols in girls' comics and other media. It surveys existing work on childhood and Gothic and offers a working definition of Gothic for Girls, a subgenre which challenges and instructs readers in a number of ways.

These early works by Robert E. Howard were originally published in the early 20th century and we are now republishing them with a brand new introductory biography. 'The Tales of Conan the Barbarian' is a compilation of Howard's stories in the Conan series and include 'Beyond the Black River', 'Black Colossus', 'Queen of the Black Coast', and many more. Robert Ervin Howard was born in Peaster, Texas in 1906. During his youth, his family moved between a variety of Texan boomtowns, and Howard - a bookish and somewhat introverted child - was steeped in the violent myths and legends of the Old South. At fifteen Howard began to read the pulp magazines of the day, and to write more seriously. The December 1922 issue of his high school newspaper featured two of his stories, 'Golden Hope Christmas' and 'West is West'. In 1924 he sold his first piece - a short caveman tale titled 'Spear and Fang' - for \$16 to the not-yet-famous *Weird Tales* magazine. Howard's most famous character, Conan the Cimmerian, was a barbarian-turned-King during the Hyborian Age, a mythical period of some 12,000 years ago. Conan featured in seventeen *Weird Tales* stories between 1933 and 1936 which is why Howard is now regarded as having spawned the 'sword and sorcery' genre. The Conan stories have since been adapted many times, most famously in the series of films starring Arnold Schwarzenegger.

This comprehensive collection of essays written by a practicing psychiatrist shows that superheroes are more about superegos than about bodies and brawn, even though they contain subversive sexual subtexts that paved the path for major social shifts of the late 20th century.

Beneath the social mask we wear every day, we have a hidden shadow side: an impulsive, wounded, sad, or isolated part that we generally try to ignore, but which can

erupt in hurtful ways. As therapists Connie Zweig and Steve Wolf show in this landmark book, the shadow can actually be a source of emotional richness and vitality, and acknowledging it can be a pathway to healing and an authentic life. "Romancing the shadow"--meeting your dark side, beginning to understand its unconscious messages, and learning to use its powerful energies in productive ways--is the challenging and exciting soul work that Zweig and Wolf offer in this practical, rewarding guide. Drawing on the timeless teachings of Carl Jung and compelling stories from their clinical practices, Zweig and Wolf reveal how the shadow guides your choices in love, sex, marriage, friendship, work, and family life. With their innovative method, you can uncover the unique patterns and purpose of your shadow and learn to defuse negative emotions; reclaim forbidden or lost feelings; achieve greater self-acceptance; heal betrayal; reimagine and re-create relationships; cultivate compassion for others; renew creative expressions; and find purpose in your suffering. The shadow knows why good people sometimes do bad things. Romancing the shadow and learning to read the messages it encodes in daily life can deepen your consciousness, imagination, and soul.

Spirituality is aligning our innermost being with the Way of the Cosmos. It's our effort to get our total beings right, ultimately right, or at least as right as we can at this time in our lives given everything we know. For those trying to live lives deeply influenced by Jesus of Nazareth, a spirituality based on active nonviolence is in harmony with his life and teachings. It is both a guide and support in times of stress, turmoil, terrorism, fear, and uncertainty. In this book, a compilation of much of his decades-long work on nonviolence, Vanderhaar explains how a spirituality of nonviolence provides methods and guidance in everyday activities such as speech, leadership, and dealing with difficult people or even those who might be seen as enemies. He outlines how this spirituality helps us to understand both our gifts and our shortcomings and to deal with the challenges of life in the twenty-first century. Understanding nonviolence can guide peacemakers to a practical spirituality based on the nonviolent Christ, our guide and inspiration.
