Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever

wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success.

Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

The role of instant millionaire is an elusive status often written and fantasized about but rarely achieved. In *The Bathrobe Millionaire*, author Jason Yelowitz tells his personal story of how he got rich overnight and realized his dream of swapping the corporate life for one of financial and emotional freedom. Peppered with humor, this memoir provides insights into the hazards and rewards of start-up businesses. Yelowitz shares his mistakes as an entrepreneur and the lessons learned, and he reveals his secret to financial success. He dispenses counterintuitive advice about what it takes to earn a lot of money and demonstrates these essential points: You shouldn't fall in love with your own business idea. Work and pay don't need to be derived from the same activity. It's best not to tell people about the business you're starting. Every start-up business should have a stop loss. It's better to start a business with less money rather than more. The concept of quit early, quit often makes sense. You should start a business alone, even if you need a partner. In *The Bathrobe Millionaire*, Yelowitz proves that the laws of business sometimes defy gravity.

The Hidden Secrets of Millionaires reveals ten secrets, strategies and steps that millionaires and those who have created wealthy beyond millions use again and again to accumulate wealth and more wealthy. Most of the wealthy people in this world have used these secrets and are still using them today. This new edition, the first since 2016, includes an amazing foreword for the twenty-first century by The Secret Millionaire. This book will change the way you think about money, bad debts, jobs, careers, and owning your own business. It will inspire the reader to learn the hidden secrets of money that the rich use to create and accumulate their wealth and continue to create more. If you follow B.B Goldsmith's strategies, carefully and thoughtfully, you will definitely make it to the millionaire status. As you do this you need to focus on making more and more money. Never, ever focus on your lack of money or predict or make an assumption of any financial hardship. You need to stay positive all the time. Close your eyes and open your mind and heart to receiving. Let the motion roll down to your hands while you keep receiving, collecting and keeping what is yours. Sow it, invest it, let it grow out of proportion, then harvest your riches when they are ripe, not prematurely. Your goal should be to reach out to more customers and to retain old customers so they devote to your monthly subscription or pay you higher than your expected monthly target of profits. The more money your customers pay, the less people you will need to reach out to in order to make your million. The lesser the amount you charge, the more people you will need to buy your products or services. If your product calls for a lesser amount of money, then you need to target a wider geographic area. Targeting the whole globe like Mark Zuckerberg and Bill Gates did is nothing but a genius thought. To conquer the world financially, get almost everyone, but at least 75% of the people in the world to buy your products or services. This strategy is not about ending ways to ask for a pay raise from your boss but to raise the bar you created for yourself in sales in order to create the million dollars you desire. THE HIDDEN SECRETS OF MILLIONAIRES will further teach you to follow steps that below to help the reader to achieve their millionaire status.

It's no secret that these hard times have been even harder for the Black community. Approximately 35 percent of African Americans had no measurable assets in 2009, and 24 percent of these same households had only a motor vehicle. Dennis Kimbro, observing how the weight of the continuing housing and credit crises disproportionately impacts the African-American community, takes a sharp look at a carefully cultivated group of individuals who've scaled the heights of success and how others can emulate them. Based on a seven year study of 1,000 of the wealthiest African Americans, The Wealth Choice offers a trove of

In *How Come That Idiot's Rich and I'm Not?* bestselling author Robert Shemin reveals for the first time the inner-circle secrets of the mega-wealthy. Have you ever wondered why some people attract wealth while others stay financially trapped and in debt? The key is wealth-friendly, upside-down thinking. Stick with all the old moneymaking rules and stay broke. Break them and get rich. This is the book that shows you how. We've all read about the college kid who made millions on a brainstorm, or the couple who made a fortune in real estate, or the guy in his thirties who waved good-bye to his boss and now lives on his investments. But until now, how they did it—the rules they followed or flouted, the tricks they stumbled on—have remained a mystery. That's about to change. Whether you've been trying to get rich but haven't quite made it yet, or just need the confidence to dream big, this is the book for you. As experienced as Shemin is at showing high-net-worth individuals how to get richer, his real love is helping self-described "financial disasters" earn millions. And he uses his own odds-defying story to illustrate the outside-the-box thinking that gets the job done. Here, you'll learn how to:

- set only one powerful success goal—and make it a big one
- play while your money goes to work
- stop building someone else's business and start building your own
- live and think like a millionaire while you're becoming one
- use the power and "smarts" of other Rich Idiots to help you join the Rich Idiot Club
- add OPI (other people's ideas), OPT (other people's time), and OPE (other people's experience) to do less and make more
- tap into timeless secrets that unlock the energy and spiritual power of money

Learn which three assets you must own to become a Rich Idiot and how to obtain them with little or no money of your own. Learn why Rich Idiots outearn almost all the so-called wealth experts and how you can, too. Above all, learn how doing just one thing a day will bring you to your big goal. In this book, the first to show you what it really takes to achieve financial abundance, Shemin illustrates in a fun, witty way how going against the grain is, in fact, the surest way to gain. Spend just a few pages with Robert and his Rich Idiot friends and you'll be convinced that "if they could do it, I can do it."
