Join the happiness revolution! The author of the New York Times bestseller The Little Book of Hygge offers more inspiration and suggestions for achieving greater happiness, by practicing Lykke (LOO-ka)—pursuing and finding the good that exists in the world around us every day. While the Danes are the happiest people on the planet, happiness isn't exclusively Danish; cultures around the world have their own unique approaches to leading a contented, fulfilled life. For his work at the Happiness Research Institute in Copenhagen, Meik Wiking travels the globe from Dubai to Finland, Rio de Janeiro to Bhutan, South Korea to the United States, to discover the secrets of the very happiest people. In The Little Book of Lykke, Meik identifies the six factors that explain the majority of differences in happiness across the world—togetherness, money, health, freedom, trust, and kindness—and explores what actions we can take to become happier. As he reveals, we can deepen our blissfulness and contentment with little adjustments in our behavior, whether it's eating like the French (sitting around a table and savoring our time) or dancing the tango like Argentinians in Buenos Aires. With his trademark warmth and wit, Meik explores the happiness gap for parents, how much money you really need to buy happiness, how we can be healthier without having to go to the gym, how we can learn to build trust and collaboration, how we can help ourselves by helping others, and why our expectations often outweigh our reality. Weaving together original research and personal anecdotes, The Little Book of Lykke is a global roadmap for joy that offers a new approach to achieving everyday happiness that not only improve our own lives, but help us build better communities and a better world.

THOMAS TROWARD'S WISDOM SHARED BY HIS ONE AND ONLY STUDENT WITH A NEW PREFACE BY PEN AWARD-WINNING AUTHOR MITCH HOROWITZ! Respect, Trust, and Commitment are the cornerstones of a dedicated relationship between a teacher and a student. For a passionate student yearning to learn and understand the essence of a subject, they must demonstrate these traits before a teacher will take them under their wing. In this case, the teacher was Thomas Troward of Cornwall, England and the student was Genevieve Behrend. He imparted his personal insight to the one and only pupil who could perpetuate this knowledge and share it with the world. Not long after her time with Troward, Behrend began her mission in New York City where she established and headed The School of the Builders until 1925. She established another school in Los Angeles; and then spent the next thirty-five years touring major cities throughout North America as a celebrated lecturer, teacher, and practitioner of Mental Science. Your Invisible Power was her first book and remains her most powerful and popular work. In this Original Classic Edition, Behrend presents the Troward philosophy at its best. Her incomparably direct and dynamic personality relates the life-changing concepts on a personal level. As Behrend says, "We all possess more power and greater possibilities than we realize, and visualizing is one of the greatest of these powers." She will motivate and inspire you with a powerful, yet simple and easy guide to open up the way to the attainment of your desires.

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

This book is completely different than anything you have encountered before about the Law of Attraction. The uniqueness of this book is the fact that it helps you know precisely: 1. The components of the concept of attraction (10 universal laws that constitute the foundation of this concept); 2. The scientific and the spiritual bases of each component 3. The practical and concrete tools of applying of each of the 10 laws. The Concept of Attraction only has real power by applying both components in the materialization process, both the scientific component and the spiritual component. If you apply only the spiritual component, you'll become a dreamer left high and dry. If you apply only the scientific component, you will not add energetic and spiritual power to what you want and thus, you will block the materialization process. If you had to apply the Law of Attraction in your life on your own until now, well, the tone changes radically, as you are not on your own anymore. You will discover that by merely reading this book, without application of concepts into the physical plane, you'll probably venture in your most important mental trip.
