**Security, With Care** Elizabeth M. Elliott,2020-05-21T00:00:00Z Restorative justice, as it exists in Canada and the U.S., has been co-opted and relegated to the sidelines of the dominant criminal justice system. In *Security, With Care*, Elizabeth M. Elliott argues that restorative justice cannot be actualized solely within the criminal justice system. If it isn't who we are, says Elliott, then the policies will never be sustainable. Restorative justice must be more than a program within the current system - it must be a new paradigm for responding to harm and conflict. Facilitating this shift requires a rethinking of the assumptions around punishment and justice, placing emphasis instead on values and relationships. But if we can achieve this change, we have the potential to build a healthier, more ethical and more democratic society.

**Security, with Care** Elizabeth May Elliott,2011 I learned that the problems were much deeper than a flawed criminal justice system, and that our work needed to begin in our relationships with each other and the natural world, and most importantly, with ourselves. (from the preface) Restorative justice, as it exists in Canada and the U.S., has been co-opted and relegated to the sidelines of the dominant criminal justice system. In *Security, With Care*, Elizabeth M. Elliott argues that restorative justice cannot be actualized solely within the criminal justice system. If it isn't who we are, says Elliott, then the policies will never be sustainable. Restorative justice must be more than a program within the current system — it must be a new paradigm for responding to harm and conflict. Facilitating this shift requires a rethinking of the assumptions around punishment and justice, placing emphasis instead on values and relationships. But if we can achieve this change, we have the potential to build a healthier, more ethical and more democratic society.

**Restoring Justice** Daniel W. Van Ness,Karen Heetderks Strong,2014-02-01 *Restoring Justice: An Introduction to Restorative Justice* offers a clear and convincing explanation of restorative justice, a movement within criminal justice with growing worldwide influence. It explores the broad appeal of this new vision and offers a brief history of its development. The book presents a theoretical foundation for the principles and values of restorative justice and develops its four cornerpost ideas of encounter, amends, inclusion and reintegration. After exploring how restorative justice ideas and values may be integrated into policy and practice, it presents a series of key issues commonly raised about restorative justice, summarizing

various perspectives on each.

**Security: Welfare, Crime And Society** Cochrane, Allan, Talbot, Deborah, 2008-10-01 Why is the concept of 'security' so important in modern society? Why do people and governments invest so much in the pursuit of different forms of security? How do we make sense of the changing nature of the relationship between security and insecurity? This book focuses on the concept of 'security' - as an idea, an ideal and a practice - and explores the ways in which it can shed light on the relationship between welfare and crime, and the ambiguities that arise from them. The authors investigate these issues by examining particular areas of social life and policy development with a focus that ranges from global to local and neighbourhood concerns. The book is integrated with engaging activities such as case studies, review and reflection sections. Adopting an inter-disciplinary approach to explore criminological and social policy perspectives, the chapters reflect the increasingly blurred area between social and crime control policy and the way in which it is managed. The contributors delve into the consequences and implications of policies and practices aimed at 'creating security' which can, all too often, have the opposite effect. Security is key reading for students in criminology, social policy and social justice.

**Governing Security** Clifford D. Shearing, Les Johnston, 2013-04-15 Government has been radically transformed over the past few decades. These transformations have been mirrored in, and often prefigured by, changes in the governance of security - mentalities, institutions, technologies and practices used to promote secure environments. This book traces the nature of these governmental changes by looking at security. It examines a variety of related questions, including: \* What significant changes have occurred in the governance of security? \* What implications do these changes have for collective life? \* What new imaginings may be needed to reshape security? \* What ethical factors need to be considered in formulating such new imaginings? The authors conclude bringing together descriptive, explanatory and normative considerations to access how justice can be conceived within the governance of security.

**The Little Book of Race and Restorative Justice** Fania E. Davis, 2019-04-16 In our era of mass incarceration, gun violence, and Black Lives Matters, a handbook showing how racial justice and restorative justice can transform the African-American experience in America. This timely work will inform scholars and practitioners on the subjects of pervasive racial inequity and the healing offered by restorative justice practices. Addressing the intersectionality of race and the US criminal justice system, social activist Fania E. Davis explores how restorative justice has the capacity to disrupt patterns of mass incarceration through effective, equitable, and transformative approaches. Eager to break the still-pervasive, centuries-long cycles of racial prejudice and trauma in America, Davis unites the racial justice and restorative justice movements, aspiring to increase awareness of deep-seated problems as well as positive action toward change. Davis highlights real restorative justice initiatives that function from a racial justice perspective; these programs are utilized in schools, justice systems, and communities, intentionally seeking to ameliorate racial disparities and systemic inequities. Chapters include: Chapter 1: The

Journey to Racial Justice and Restorative Justice Chapter 2: Ubuntu: The Indigenous Ethos of Restorative Justice Chapter 3: Integrating Racial Justice and Restorative Justice Chapter 4: Race, Restorative Justice, and Schools Chapter 5: Restorative Justice and Transforming Mass Incarceration Chapter 6: Toward a Racial Reckoning: Imagining a Truth Process for Police Violence Chapter 7: A Way Forward She looks at initiatives that strive to address the historical harms against African Americans throughout the nation. This newest addition the Justice and Peacebuilding series is a much needed and long overdue examination of the issue of race in America as well as a beacon of hope as we learn to work together to repair damage, change perspectives, and strive to do better.

**Restorative Justice and Family Violence** Heather Strang, John Braithwaite, 2002-07-08 This 2002 book addresses one of the most controversial topics in restorative justice: its potential for dealing with conflicts within families. Most restorative justice programs specifically exclude family violence as an appropriate offence to be dealt with this way. This book focuses on the issues in family violence that may warrant special caution about restorative justice, in particular, feminist and indigenous concerns. At the same time it looks for ways of designing a place for restorative interventions that respond to these concerns. Further, it asks whether there are ways that restorative processes can contribute to reducing and preventing family violence, to healing its survivors and to confronting the wellsprings of this violence. The book discusses the shortcomings of the present criminal justice response to family violence. It suggests that these shortcomings require us to explore other ways of addressing this apparently intractable problem.

*Imagining Security* Jennifer Wood, Clifford Shearing, 2013-01-11 This book considers how the issue of security is shaped by a range of actors and agencies in the public, private and nongovernmental sectors. The book has two key themes: that governance is now no longer simply shaped by thinking within the state sphere, but also within business and community spheres; and that these developments have implications for the future of democratic values as assumptions about the traditional role of government are increasingly challenged.

The Big Book of Restorative Justice Howard Zehr, Allan MacRae, Kay Pranis, Lorraine Stutzman Amstutz, 2022-02-15 The four most popular restorative justice books in the Justice & Peacebuilding series—The Little Book of Restorative Justice: Revised and Updated, The Little Book of Victim Offender Conferencing, The Little Book of Family Group Conferences, and The Little Book of Circle Processes—in one affordable volume. And now with a new foreword from Howard Zehr, one of the founders of restorative justice! Restorative justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is a worldwide movement of growing influence that is helping victims and communities heal while holding criminals accountable for their actions. This is not a soft-on-crime, feel-good philosophy, but rather a concrete effort to bring justice and healing to everyone involved in a crime. Circle processes draw from the Native American tradition of gathering in a circle to solve problems as a community. Peacemaking circles are used in neighborhoods, in schools, in the workplace, and in

social services to support victims of all kinds, resolve behavior problems, and create positive climates. Each book is written by a scholar at the forefront of these movements, making this important reading for classrooms, community leaders, and anyone involved with conflict resolution.

**Social Work and Restorative Justice** Elizabeth Beck, Nancy P. Kropf, Pamela Blume Leonard, 2010-11-11 Presents an innovative, synergistic practice model that will help social workers use restorative justice skills to facilitate healing and recovery in the families and communities that they serve.

*We Keep Us Safe* Zach Norris, 2020-02-04 A groundbreaking new vision for public safety that overturns more than 200 years of fear-based discrimination, othering, and punishment As the effects of aggressive policing and mass incarceration harm historically marginalized communities and tear families apart, how do we define safety? In a time when the most powerful institutions in the United States are embracing the repressive and racist systems that keep many communities struggling and in fear, we need to reimagine what safety means. Community leader and lawyer Zach Norris lays out a radical way to shift the conversation about public safety away from fear and punishment and toward growth and support systems for our families and communities. In order to truly be safe, we are going to have to dismantle our mentality of Us vs. Them. By bridging the divides and building relationships with one another, we can dedicate ourselves to strategic, smart investments—meaning resources directed toward our stability and well-being, like healthcare and housing, education and living-wage jobs. This is where real safety begins. In this book Zach Norris provides a blueprint of how to hold people accountable while still holding them in community. The result reinstates full humanity and agency for everyone who has been dehumanized and traumatized, so they can participate fully in life, in society, and in the fabric of our democracy.

Colorizing Restorative Justice Edward Charles Valandra, 2020 In *Colorizing Restorative Justice*, noted practitioners in restorative justice / practices offer accounts of their own experiences and critical analyses, as the book explores issues of race and marginalization within the field. The book illuminates how racism and colonization show up in the movement and includes thought-provoking questions to help readers fully process the articles.

**Restorative Practices in Schools** Margaret Thorsborne, David Vinegrad, 2017-07-05 Outlines the techniques to learn and apply when planning and facilitating school conferences. This book contains key documents such as preparation checklist, conference script, typical agreement, evaluation sheet and case studies. It includes guidance on: analysing school practice; deciding whether to hold a conference; and preparing a conference.

Restorative Justice & Responsive Regulation John Braithwaite, 2002 Braithwaite's argument against punitive justice systems and for restorative justice systems establishes that there are good theoretical and empirical grounds for anticipating that well designed restorative justice processes will restore victims, offenders, and communities better than existing criminal justice practices. Counterintuitively, he also shows that a restorative justice system may deter, incapacitate, and rehabilitate

more effectively than a punitive system. This is particularly true when the restorative justice system is embedded in a responsive regulatory framework that opts for deterrence only after restoration repeatedly fails, and incapacitation only after escalated deterrence fails. Braithwaite's empirical research demonstrates that active deterrence under the dynamic regulatory pyramid that is a hallmark of the restorative justice system he supports, is far more effective than the passive deterrence that is notable in the stricter sentencing grid of current criminal justice systems.

**Freedom from Fear, Freedom from Want** Robert J. Hanlon, Kenneth Christie, 2016 Adopting an interdisciplinary perspective, *Freedom from Fear, Freedom from Want* is a brief introduction to human security, conflict, and development. The book analyzes such key human security issues as climate change, crimes against humanity, humanitarian intervention, international law, poverty, terrorism and transnational crime, among others. The authors encourage readers to critically assess emerging threats while evaluating potential mechanisms of deterrence such as conflict resolution, economic development, diplomacy, peacekeeping, international law, and restorative justice. Concise yet comprehensive, *Freedom from Fear, Freedom from Want* is an ideal text for human security courses.--

*Restorative Justice for Juveniles* Lode Walgrave, 1998 A selection of papers presented at the international conference, Leuven, May 12-14, 1997.

**Twenty Years of Life** Suzanne Bohan, 2018-04-19 In *Twenty Years of Life*, Suzanne Bohan exposes the ugly truth that health is largely determined by zip code. Life expectancies in wealthy versus poor neighborhoods can vary by as much as twenty years. Bohan chronicles a bold experiment to challenge that inequity. The California Endowment, one of the nation's largest health foundations, is upending the old-school, top-down charity model and investing \$1 billion over ten years to help distressed communities advocate for their own interests. With compassion and insight, Bohan shares stories of students and parents, former street shooters, urban farmers, and a Native American tribe who are tapping into their latent political power to make their neighborhoods healthier. Their stories will fundamentally change how we think about the root causes of disease and the prospects for healing.

**Handbook on Restorative Justice Programmes** Yvon Dandurand, Curt Taylor Griffiths, United Nations Office on Drugs and Crime, 2006 The present handbook offers, in a quick reference format, an overview of key considerations in the implementation of participatory responses to crime based on a restorative justice approach. Its focus is on a range of measures and programmes, inspired by restorative justice values, that are flexible in their adaptation to criminal justice systems and that complement them while taking into account varying legal, social and cultural circumstances. It was prepared for the use of criminal justice officials, non-governmental organizations and community groups who are working together to improve current responses to crime and conflict in their community

*Restorative Justice in Prisons* Kimmett Edgar, Tim Newell, 2006 '*Restorative Justice in Prisons*' explains how restorative

justice can be delivered in the prison setting. The book contains practical advice from two seasoned practitioners and offers a new perspective on the needs of victims.

**Little Book of Conflict Transformation** John Lederach, 2015-01-27 This clearly articulated statement offers a hopeful and workable approach to conflict—that eternally beleaguering human situation. John Paul Lederach is internationally recognized for his breakthrough thinking and action related to conflict on all levels—person-to-person, factions within communities, warring nations. He explores why conflict transformation is more appropriate than conflict resolution or management. But he refuses to be drawn into impractical idealism. Conflict Transformation is an idea with a deep reach. Its practice, says Lederach, requires both solutions and social change. It asks not simply How do we end something not desired? but How do we end something destructive and build something desired? How do we deal with the immediate crisis, as well as the long-term situation? What disciplines make such thinking and practices possible? This title is part of The Little Books of Justice and Peacebuilding series.
