The Knowing the Bible series is a new resource designed to help Bible readers better understand and apply God's Word. Each 12-week study leads participants through one book of the Bible and is made up of four basic components: (1) Reflection questions designed to help readers engage the text at a deeper level; (2) "Gospel Glimpses" highlighting the gospel of grace throughout the book; (3) "Whole-Bible Connections" showing how any given passage connects to the Bible's overarching story of redemption culminating in Christ; and (4) "Theological Soundings" identifying how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from a wide array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God's grace on each and every page of the Bible. In this accessible study, pastor and author Greg Gilbert examines the message of James, exploring the book's difficult teachings on wealth, anointing with oil, prayer, healing, and the relationship between faith and works. Through clear exposition of the biblical text and challenging application questions, Gilbert helps readers rightly understand James as a stirring exhortation to fruitfulness, ultimately written to remind Christians of the necessary connection between genuine faith and heartfelt obedience.

Comprehensive Bible Study Lessons has been written to encourage Bible reading. Lessons were generated from the Old and New Testaments and designed to help Bible readers get an understanding of the Scriptures. The Holy Bible is the most important book ever written. It gives us an opportunity to delve into the mind of God and perceive His majesty, splendor, and magnanimous influence over all creation. We understand that God is in control. As questions are answered in this book, an understanding of God's Word is sure to come. The answers to the questions are placed in the back of the book. Lessons are purely from the Word of God and do not promote one religion over another. Because the need for God's Word is great, I believe *Comprehensive Bible Study Lessons* will appeal to all Christians.

Following up Robert Traina's classic *Methodical Bible Study*, this book introduces the practice of inductive Bible study to a new generation of students, pastors, and church leaders. The authors, two seasoned educators with over sixty combined years of experience in the classroom, offer guidance on adopting an inductive posture and provide step-by-step instructions on how to do inductive Bible study. They engage in conversation with current hermeneutical issues, setting forth well-grounded principles and processes for biblical interpretation and appropriation. The process they present incorporates various methods of biblical study to help readers hear the message of the Bible on its own terms.

Specifically for lay people. Enriches Bible study with summaries, outlines, and thorough cross referencing.

God has much to say to women in the words of the Bible. He outlines our roles in the home as daughters, wives, and mothers, as well as our roles as women in the church. The Bible is also filled with the stories of women whose lives and experiences are valuable lessons to us in how and why we should live faithfully and obediently. There are even a few examples of how not to live and the consequences we face for our disobedience. *Bible Study for Women* not only reveals God's intentions for women, but guides you through the process of taking a closer look at your own life; deciding how you can make God's purpose for women more personal and relevant to your own life. Whether you're a man or a woman, the ultimate goal of our lives is to live in such a way that everything we say and do bring glory to God. *Bible Study for Women* will help you do just that.

The book of Romans was Paul's greatest literary achievement, a majestic letter in which the apostle expounds on crucial doctrines such as original sin, election, substitutionary atonement, the role of the law, and justification by faith alone. Plumbing the theological depths, Jared Wilson writes with a pastor's eye toward understanding and application as he explains the

biblical text with clarity and passion, helping readers follow along as Paul recounts the history of salvation and illuminates the glories of the cross of Christ.

The Bible is the Word of life. As such, studying the Bible is crucial to the life and growth of every believer. In this revised work, John MacArthur examines various Scripture passages in the Old and New Testament to answer both the "why" and the "how" questions of Bible study. We are taught in Scripture to read our Bible regularly—even called to meditate on it day and night (Joshua 1:8). However, becoming an effective Bible student is not for the faint of heart. It takes diligence and hard work to accurately handle the Word of Truth (2 Timothy 2:15). This workbook is designed to help you to do just that. Using principles he has used and taught for over forty years of pastoral ministry, Dr. Jim Cecy lays out the specific guidelines that have served to make him an effective international Bible teacher and will launch you into a lifetime of Mastering the Scriptures (Ecclesiastes 12:11). This self-study course (which can easily be used in group study) is specifically designed to: Help you personally grasp the depth of God's revealed Word. Equip you with step-by-step techniques for thorough and inductive Bible study. Guide you in developing a personal library with quality Bible study tools. Prepare your heart and mind even before you study (The Preparation Step). Teach you how to ask the right questions of a Bible text (The Observation Step). Instruct you in how to seek clear answers to those questions (The Interpretation Step). Coach you in how to apply your study to real life situations (The Application Step). Train you in how to organize, package and teach your study (The Presentation Step). Show you how to do your own survey of any book of the Bible. Provide for you the guidance you'll need to do a thorough Biblical character study. Teach you how to carefully interpret the parables of Jesus. Champion you as you adopt these timeless principles for effective Bible study. In the words of the apostle Paul: "Be diligent to present yourself approved to God as a workman who does not need to be ashamed, accurately handling the word of truth" (2 Timothy 2:15).

Although this workbook was originally planned for high school Bible classes meeting every day for a semester, it has found a wider use by various age groups in churches and colleges and by individuals desiring direction in their personal Bible study. The workbook was first produced as a method of giving notes and assignment questions quickly, thereby leaving more valuable classroom time for explanations, discussions, and student participation. The workbook may be placed in a regulation size binder. Separate pages can be handed in when completed. Other notes, assigned papers, and themes can be placed throughout the

notebook. This is in no sense a textbook. It is hoped that no one will make the completion of the workbook a goal in itself but that the questions and notes may stimulate and guide each student in searching and knowing the Bible. The questions do not cover all the important points in any chapter. It is hoped, however, in the course of the study that all the main New Testament teachings will be brought out. Most schools give about half the semester to the life of Christ in the gospels and the rest of the semester to Acts and the epistles. Three or four chapters a day are usually assigned. In order to cover all the main incidents in the life of Christ special emphasis has been chosen in each gospel. Studying Mark first, in four or five lessons, as a short survey of Christ's life has proved a good start for students unfamiliar with the Bible. The main miracles and chief characters then become familiar. Matthew is more easily understood after having had this simple introduction to Christ through Mark. Matthew is studied with emphasis on the teachings of Christ. Students should become familiar with all unfamiliar terms. Places mentioned should be located on the map. In Luke the parables and new stories are especially noted. The more intimate revelation of Jesus given in John's gospel should prove a personal blessing to each student. Students should become familiar with the content of the simple chronological outline of Christ's life as drawn from the four gospels that has been included in this edition. The Acts and the epistles are taken in the order they appear in the Bible. The missionary message in Acts and the Christian life teachings in the epistles have been kept in mind. Since time prohibits the complete study of each epistle, a limited number of chapters have been selected for study. Several teachers assign the Revelation as parallel reading giving a brief preview at the time of the assignment and a discussion of the book after it has been read. It is my prayer that all who use this book will be guided by it into a deeper, more personal, knowledge of the living Word, the Lord Jesus Christ, as well as the written Word, the Bible. It is the teacher's wonderful privilege to bring from the Scripture its vital, interesting message for personal living. Students sometimes come from a Bible course saying, "Yes, we learn the facts all right, but that Book is too dull and boring for me." That teacher had failed to take advantage of a most wonderful privilege. The Book that was written to give men life should be taught in a way that presents real life to men. May students come from your class with the appreciation expressed in these comments: "Bible is the most interesting course I've ever had." "I surely have learned to love the Bible. I read it every day, now." "Studying Bible has not only cleared up questions that have always puzzled me but it has helped me so much in my everyday living." "It was through that Bible course that I became a Christian. I wouldn't have missed it for anything." CATHERINE B. WALKER.

Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

BIBLICAL STUDIES - When a Bible Student or Seminarian begins to lay the basic foundations of the Old and New Testament, one of the first assignments is to provide a book-by-book summary of each biblical book. This is a basic exercise, but like every good foundation, it's one that can't be skipped. An understanding of the larger contexts and contents of each biblical book not only aids in understanding of individual passages, but also reinforces our understanding of all of Scripture.

PERSONAL NOTES - This workbook is designed for you to work through each of the books of the Bible and produce your own personal book summaries. You have the chance to reflect on authorship, theological themes, as well as provide a basic outline of each book of the Bible. As you work through the Bible, you'll be able to trace similar theological themes and whole Bible connections. **SIMPLE WORKBOOK** - What you'll find within this book is a simple template that will allow you to work through each of the book fo the Bible in a way that deepens your understanding. Also, as you fill up this book you will grow in your understanding of each book of the Bible, and the larger message of the Bible as a whole. **ADDITIONAL RESOURCES** - In the back of this book I've included two appendices. The first provides my recommended commentaries on each book of the Bible. The second provides my recommended books with regards to Old Testament Introductions, New Testament Introductions, Biblical Theology, and Hermeneutics. This is a really simple workbook, and it's one that will require you to put in a lot of work. But, the outcome will be a deeper understanding of God, specific books of the Bible, and the whole Bible. Chained up in the hold of a French warship, Lusignan's only hope of escape rests with his captor - Captain Paul. A man with a mysterious past, Captain Paul is transporting Lusignan to exile in the West Indies. Little does he know that his

mission is a sham. His prisoner is an innocent man, framed because he fell in love with a Count's daughter. Once the truth is revealed, Paul and Lusignan return to France, determined to seek justice. Inspired by the real life of American Revolutionary War hero John Paul Jones, "Captain Paul" is a rollicking melodrama, packed with action and romance. A fine precursor to Dumas' later classics, it's especially recommended for fans of naval adventures, like C.S. Forester's "Hornblower" series. Alexandre Dumas (1802 - 1870) was a hugely popular 19th Century French writer. Born of mixed French and Haitian heritage, Dumas first rose to prominence in Paris as a playwright, but later gained international fame with his historical fiction. Often co-authored with other writers, these stories wove together swashbuckling adventure, romance, and real events from France's past. Among the best known are "The Three Musketeers", and its sequels "Twenty Years After", and "Le Vicomte de Bragelonne: Ten Years Later". Set across four decades, this trilogy follows the rise of the dashing D'Artagnan—from hot-headed soldier to trusted captain under Louis XIV. Dumas' other novels include "The Count of Monte Cristo" and "The Black Tulip". His works have been adapted into more than 200 movies, including The Man in the Iron Mask starring Leonardo DiCaprio.

Elijah emerged as the voice of unapologetic truth during a time of national crisis and moral decline. His ministry was marked by tenacious faith and holy fire--the same kind you will need in order to remain steadfast in current culture. Know Your Bible is a concise, easy-to-understand guide to God's Word-giving you a helpful and memorable overview of all 66 books. It's a fantastic resource for individuals and ministries!

This book contains twenty-two individual 'Scripture Studies.' Each study focuses on one general area of study. These studies enable individuals to do in-depth, topical studies of the Bible. They are also invaluable to the Bible study teacher preparing lessons for Sunday School or a home Bible study. They can be used for group studies as well. The range of topics covered in the different studies is broad, from what the Bible teaches about itself to what the Bible teaches about divorce and remarriage. Included in each study are hundreds of Scripture references so there will be no lack of material from which to begin your studies. So if you're an individual looking for an aid to improve for your own personal Bible studies or a Bible study teacher or home group leader looking for help in preparing lessons, this book will be of great benefit. The sources for the viewpoints promoted in these Scripture Studies are wide and varied. The ideas are taken from commentaries, study Bibles, theology books, books of various kinds, and most importantly, this writer's own personal study of the Scriptures. The sources for the opposing views presented are publications of groups that promote the ideas and personal conversations this writer has had with members of such groups and adherents to the views. Every effort has been made to ensure the accuracy of the Scripture references in these studies. But with the thousands of references presented, it is likely that a few 'typos' have crept in. If the reader comes across a reference that does not make 'sense' in the context presented, just go onto the next one. There are always plenty of verses listed for each point. It is my hope and prayer that God uses these Scripture Studies to help the reader to: '... grow in the grace and knowledge of our Lord and Savior Jesus Christ. To Him be the glory both now and forever. Amen' (2 Peter 3:18).

A need was felt in many high school Bible classes for a method of giving notes and assignment questions quickly, thereby leaving more of the valuable classroom time for explanations, discussions, and student participation. This workbook was first compiled to meet that need. This workbook has also been used by various age groups in churches and colleges and by individuals desiring a better understanding of God's word. This is in no sense a textbook. It is hoped that no one will make the completion of the workbook a goal in itself but that the questions and notes may stimulate and guide each student in searching and knowing the BIBLE. The workbook is planned for a high school course which meets every day for a semester. The workbook has been effectively used in weekly Adult Bible classes by dividing it into four units of twelve lessons each. Because of this limited time in which to cover the Old Testament the problem of what to assign for reading and what to omit looms large. By the name of each book or by the questions on the book there are listed suggestive chapters for reading. The plan of the course is to study Israel's history chronologically. David's and Solomon's writings are fitted in with their lives and the prophets mentioned as they appear in the history of the nation. The course is so arranged as to be flexible according to the individual teacher's emphasis. Some may wish to end their course without completing the Old Testament history but most teachers feel that a brief glance at the whole is profitable in giving the students a rounded view of God's dealing with His chosen people. This book is not primarily for teachers but for students. It is factual rather than inspirational. The spiritual presentation of the course has been left for each individual teacher to present according to the daily needs of the class. It is hoped that the facts and questions may furnish a basis for making many vital applications of the Old Testament to present-day living. In this second revision the sections on the kingdom period and the poetic books have been enlarged. The place of Christ in the Old Testament, especially in prophecy, has been set forth more clearly. There are additional notes in the material bringing ones attention to the progressive unfolding of God's plan of redemption. The following words from 1 Timothy 4:12-16 were sent to me at the beginning of my work of Bible teaching. May the stimulation this passage must have been years ago to Timothy, and more recently to myself, be yours also. "Let no man despise thy youth; but be thou an example of the believers, in word, in conversation, in charity, in spirit, in faith, in purity. Till I come, give attendance to reading, to exhortation, to doctrine. Neglect not the gift that is in thee, which was given thee by prophecy, with the laying on of hands of the presbytery. Meditate upon these things; give thyself wholly to them; that thy profiting may appear to all. Take heed unto thyself, and unto the doctrine; continue in them: for in doing this thou shalt both save thyself, and them that hear thee." CATHERINE B. WALKER
