The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Since the rise of the "New Homiletic" a generation ago, it has been recognized that sermons not only say something to listeners, they also do something. A truly expository sermon will seek not merely to say what the biblical text said, but also to do what the biblical text did in the lives of its original audience. In *Preaching the New Testament as Rhetoric*, MacBride looks how at the discipline of rhetorical criticism can help preachers discern the function of a New Testament text in its original setting as a means of crafting a sermon that can function similarly in contemporary contexts. Focusing on the letters of Paul, he shows how understanding them in light of Greco-Roman speech conventions can suggest ways by which preachers can communicate not just the content of the letters, but also their function. In this way, the power of the text itself can be harnessed, leading to sermons that

inform and, most importantly, transform.

What Are They Saying About Matthew's Sermon on the Mount? is an excellent summary of the contemporary scholarship on the Sermon on the Mount from the past thirty years. Author Warren Carter has selected the historical, source, and redaction critical studies by biblical scholars as well as ethical reflections considered most important over the past three decades. He begins, most appropriately, with the sources of the sermon, moves on to its structure, and then looks at the situation of Matthew's readers. He next analyzes the content of the sermon, together with the Lord's Prayer. Finally, he considers the ethical claims of the sermon, especially issues of interpreting the sermon for contemporary faith communities. This is an essential resource for everyone interested in understanding the Sermon on the Mount.

This title from Fleer and Bland is again designed specifically for preachers. Combining essays from top scholars and sermons from respected homileticians, Preaching John's Gospel includes contributors from a wide variety of Mainline and Evangelical denominations who value the role of scripture in faith development and preaching. Developed from the Rochester Sermon Seminar, the book is divided into two parts: The first includes essays on preaching the gospel of John, and is structured around the work of Gail O'Day's guiding essay "Preaching with John: Preaching as an Act of Friendship." The second half of the book consists of ten sermons from specific texts that incorporate the theoretical underpinnings of the book's first section. The essays and sermons are bound together by the same question: How can

we draw our congregations into the world John has imagined for us? Contributors include: Gail O'Day, Richard B. Hays, Gregory Stevenson, Thomas H. Olbricht, Tom Boomershine, D'Esta Love, Alyce M. McKenzie, David Fleeer, Dave Bland, and others.

Early Americans have long been considered "A People of the Book" Because the nickname was coined primarily to invoke close associations between Americans and the Bible, it is easy to overlook the central fact that it was a book-not a geographic location, a monarch, or even a shared language-that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture. Few books can lay claim to such powers of civilization-altering influence. Among those which can are sacred books, and for Americans principal among such books stands the Bible. This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions. It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power, as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and foreign policy. This Handbook brings together a number of established scholars, as well as younger scholars on the rise, to provide a scholarly overview--rich with bibliographic resources--to those interested in the Bible's role in American cultural formation.

Friedrich Schleiermacher, the father of modern theology, found his voice first in preaching. This book demonstrates how Schleiermacher moved between the critical reading of Scripture, the proclamation of Christian faith to congregations over a forty-five-year period, and, eventually, the work of theology in all its disciplines. Schleiermacher's Preaching, Dogmatics, and Biblical Criticism is the first work to fully unveil this interaction by focusing on Schleiermacher's 228 known sermons on the Gospel of John. Kelsey shows in detail 1) how the central insights of his theology emerged first in his preaching, and 2) that his dogmatic writings provided a context within which these insights could be related to all the major doctrinal themes of Christian faith. The study concludes by drawing implications for theological reflection and its relation to worship life in our own time.

Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times. In Volume 1, The Biblical Period, Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel. He then examines the preaching of Christ and the Apostles. Finally, Old looks at the development and practice of Christian preaching in the second and third centuries, concluding with the ministry of Origen.

Abraham is known as the "father of Israel" because God appeared to him and promised that his descendants would become a great nation. Yet Abraham is much more than the patriarch of a select group of ancient people. Through Abraham's descendants, God's own Son, Jesus, was born. Abraham is the father of all God's people. In this study, John MacArthur guides readers through an in-depth look at the historical period beginning with Abraham's call from God, continuing through his relocation in the land of Canaan, and concluding with the story of his grandsons Jacob and Esau. This study includes close-up examinations of Sarah, Hagar, Ishmael, and Isaac, as well as careful considerations of doctrinal themes such as "Covenant and Obedience" and "Wrestling with God." The MacArthur Bible Studies provide intriguing examinations of the whole of Scripture. Each guide incorporates extensive commentary, detailed observations on overriding themes, and probing questions to help you study the Word of God with guidance from John MacArthur.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

For many, the historical-critical method has released a host of threats to Christian faith and confession. In Pandora's Box Opened, however, Roy Harrisville argues that despite the evils brought upon biblical interpretation by the historical-critical method, there is still hope for it as a discipline. Harrisville begins by describing the emergence and use of the historical-critical method. He then attends to the malaise that has come over the method, which he says still persists. Finally, Harrisville commends the historical-critical method, though shorn of its arrogance. He claims that the method and all its users comprise a "Pandora's Box" that, when opened, releases "a myriad other pains," but hope still remains.

In every era the church needs revival—certainly today as much as ever. And in the heart of every committed Christian there is the longing for personal revival—to know the quality and depths of spiritual reality, and the presence of God in one's personal life. This was the deepest desire of Dr. Martyn Lloyd-Jones, one of the great 20th-century Bible expositors. It was also the purpose behind this series of messages which were first given on the 100th anniversary of the Great Revival which started in Wales, and swept across England and throughout the United States and to the far corners of the world. As Dr. Lloyd-Jones recognized, it is a rare time in the history of the church when there is a great outpouring of the Holy Spirit—and a time of special interest of every Christian who longs for revival today. As Dr. J. I. Packer writes in his foreword, Dr. Lloyd-Jones believed in "the necessity of revival—that is, a quickening divine visitation—as the only vent that can avert ultimate spiritual disaster. The thrustful urgency of the sermons in this book testifies to the depth of his conviction that without revival in the church there is really no hope for the Western world at all." Dr. Lloyd-Jones deftly draws principles from the lives of Old and New Testament characters as well as expounding some of the great prayers of the Bible. Clearly and forcefully, he presents a masterful exposition of the circumstances accompanying revival in the past, why each generation needs it, and how it will come about today. We must come to the sovereign God, forsake our sin, and wait upon Him for this special, essential outpouring. God, bring us revival!

The Journal of Biblical and Theological Studies (JBTS) is an academic journal focused on the fields of Bible and Theology from an inter-denominational point of view. The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world. JBTS is concerned with presenting high-level original scholarship in an approachable way. Academic journals are often written by scholars for other scholars. They are technical in nature, assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high-level scholarship and research to both scholars and students, which results in original scholarship that is readable and accessible. As an inter-denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular, we encourage articles and book reviews within the fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy, and Ethics.
