There are literally hundreds if not thousands of books written about Judaism and Jews, but this book is unlike any previously published. It focuses on the topic of 'circumventing custom' with special emphasis on the ingenious ways Orthodox (and other) Jews have devised to avoid breaking the extensive list of activities forbidden on the Sabbath. After examining the sources of Sabbath observance as set forth in the Old Testament, the New Testament, and rabbinical writings, some of the most salient forms of circumvention are described. These include: riding a special Shabbat elevator, unscrewing the lightbulb in the refrigerator, constructing an eruv (a space extending one's domicile so that objects may be carried outside the home), and relying on the services of the so-called 'Shabbes Goy,' among others. Dundes respectfully analyzes such facets of Jewish characteristics as an undue concern with purity, and a long-established tradition of indulging in nit-picking and argumentation. The resultant picture of Jewish character is drawn from an unusual mixture of religious written texts and oral tradition (jokes and proverbs). The sources range from ancient Israel to works from the twenty-first century. In many ways, it is an authentic and striking Jewish self-portrait that is painted for the very first time in this fascinating volume.

A renowned political speechwriter rediscovers Judaism, finding timeless wisdom and spiritual connection in its age-old practices and traditions. "Sarah Hurwitz was Michelle Obama's head speechwriter, and with this book she becomes

Judaism’s speechwriter.”—Adam Grant, New York Times bestselling author of Give and Take, Originals, and co-author of Option B After a decade as a political speechwriter—serving as head speechwriter for First Lady Michelle Obama, a senior speechwriter for President Barack Obama, and chief speechwriter for Hillary Clinton on her 2008 presidential campaign—Sarah Hurwitz decided to apply her skills as a communicator to writing a book . . . about Judaism. And no one is more surprised than she is. Hurwitz was the quintessential lapsed Jew—until, at age thirty-six, after a tough breakup, she happened upon an advertisement for an introductory class on Judaism. She attended on a whim, but was blown away by what she found: beautiful rituals, helpful guidance on living an ethical life, conceptions of God beyond the judgy bearded man in the sky—none of which she had learned in Hebrew school or during the two synagogue services she grudgingly attended each year. That class led to a years-long journey during which Hurwitz visited the offices of rabbis, attended Jewish meditation retreats, sat at the Shabbat tables of Orthodox families, and read hundreds of books about Judaism—all in dogged pursuit of answers to her biggest questions. What she found transformed her life, and she wondered: How could there be such a gap between the richness of what Judaism offers and the way so many Jews like her understand and experience it? Sarah Hurwitz is on a mission to close this gap by sharing the profound insights she discovered on everything from Jewish holidays, ethics, and prayer to Jewish conceptions of God, death, and social justice. In this entertaining and accessible book, she shows us why Judaism matters and how its message is more relevant than ever, and she inspires Jews to do the learning, questioning, and debating required to make this religion their own. “Searching for meaning in the ancient scripture and traditions of Judaism, Sarah Hurwitz takes us along on an enriching journey of discovery. In Here All Along, she explores her birthright as a Jew and finds timeless and valuable life lessons.”—David Axelrod, director of the University of Chicago Institute of Politics and former senior advisor to President Barack Obama

What is the Sabbath, anyway? The holy day of rest? The first effort to protect the rights of workers? A smart way to manage stress in a world in which computers never get turned off and work never comes to an end? Or simply an oppressive, outmoded rite? In *The Sabbath World*, Judith Shulevitz explores the Jewish and Christian day of rest, from its origins in the ancient world to its complicated observance in the modern one. Braiding ideas together with memories, Shulevitz delves into the legends, history, and philosophy that have grown up around a custom that has lessons for all of us, not just the religious. The shared day of nonwork has built communities, sustained cultures, and connected us to the memory of our ancestors and to our better selves, but it has also aroused as much resentment as love. *The Sabbath World* tells this surprising story together with an account of Shulevitz’s own struggle to keep this difficult, rewarding day. Bim, a housebuilder, and Bom, a baker, work hard all week, and then spend every Friday doing good deeds, "mitzvot,"
