Gog and Magog in the Quran Lectures of Sheikh Imran N. Hosein Dajjal, the Qur'an, and Awwal Al-Zamaan: The Antichrist, The Holy Qur'an, and The Beginning of History Iron Heart Publishing

The Bible is full of questions asked by God, Jesus, ordinary people, Satan, and even a donkey. Some are questions that we've wrestled with but have been reluctant to voice. Others are asked to comfort, to convict, or to reinforce spiritual principles. Drawing Closer to God examines 365 of these questions to uncover biblical truth readers can apply personally to their lives. Each devotional concludes with a question designed to encourage reflection and prayer, leaving readers with practical takeaway and a renewed appreciation for God's Word.

Imran N. Hosein was born in Trinidad, West Indies. He studied Islam under the guidance of the distinguished Islamic scholar, Maulana Dr. Muhammad Fadlur Rahman Ansari, at the Aleemiyah Institute of Islamic Studies, Karachi in Pakistan. He also did post-graduate studies in Philosophy at Karachi University, and in International Relations at the University of the West Indies, Trinidad, and the Graduate Institute of International Studies, Geneva, Switzerland.

Those who serve us with poison will eventually swallow it and poison themselves." Vladimir Putin, President of Russia "And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains." Revelation 6:15

"Interesting interviews in this book about the future of the world including #degov #bitcoin #crypto." TIM DRAPER, Venture capitalist "A conversation that explores new frontiers of politics and technology, as well as depicts the shadowland of our unfolding strange and ominous future as a species." RICHARD FALK, Public Intellectual CIVILIZATION IN OVERDRIVE: Conversations on the Edge of the Human Future provides an astonishing tour of how the world's future looks to those likely to know the most about it. Journalist Konrad Stachnio engages 17 experts, global opinion leaders in their respective fields, in discussions on artificial intelligence, finance, the economy, technology, world order, the military, cultural change and more. His well-researched and probing questions draw out striking revelations from his guests on where 21st century civilization is leading us, raising further questions as to whether we want to go there, and if that could be prevented. This book is a plunge into the unexpected, forcing us to bid farewell to our familiar yet increasingly complex world which is irrevocably disappearing before our eyes and morphing into dimensions even more complex and less comprehensible

This is a very in depth account of what the Russian government believed was going on during the decade just before the war and the war as it progressed in the first two years. Key events such as the Russo-Japanese war is highlighted as well as the French and English alliance they found themselves in. With a more "western" identity moving in to the First World War, Russia believed that they were completely ready for the chance to splash back into the elite sector of Europe by becoming victors in this war. Written before the Bolshevik Revolution, this is a great look into pre-soviet Russia.

'Dreams in Islam' is a subject which is located in knowledge internally received, and its supreme importance for the believer continually increases as the world grows in godlessness and as the historical process draws to a close. The Prophet (sallallahu 'alaihi wa sallam) said: "When the time (of the end of the world) draws close, the dreams of a believer will hardly fail to come true, and a dream of a believer is one of the forty-six parts of prophethood." One of the signs of the last age, i.e., before the end of the world, is the absence of knowledge (of Truth and, therefore of Islam). Our widespread ignorance of the subject of 'Dreams' and the important place which 'Dreams' occupy in Islam, as well as the widespread ignorance of the subject of the Prohibition of Riba in Islam, is yet another indication that the last age has-

arrived! The Sufi epistemology recognizes that knowledge comes from two sources- the first is knowledge that is externally acquired, and the other is knowledge that is internally received. The Sufi epistemology, which was taught by our great teacher, Maulana Dr. Muhammad Fadlur Rahman Ansari (rahimahullah), at the Aleemiyah Institute of Islamic Studies in Karachi, Pakistan, is the epistemology of knowledge internally received, and we hasten to inform the gentle reader that this book is based on that epistemology.

Jerusalem im Quran gibt sein Debüt zu einem entscheidenden Zeitpunkt, als die Moral der Muslime ihren tiefsten Punkt erreicht hat. Die unverfrorenen, permanenten israelischen Einbrüche in das Heilige Land sind unvermindert, und die Muslime äußern dieselben widerhallenden Worte, die ihre Glaubensbrüder ihrem Herren gegenüber äußerten, als sie vom Gesinde der Kuffar in Mekka verfolgt wurden: "Wann wird die Hilfe Allahs eintreffen?" Sheikh Imrans Einsicht in die Ereignisse, die sich heutzutage auf der Erde entfalten, ist eine Quelle der Inspiration (seine Einsicht) für die Muslime, denn er argumentiert überzeugend aus seiner Lehre interpretierter göttlicher Anweisungen (d.h. der heilige Quran) und interpretierter Ahadithe (Überlieferungen) des Propheten Muhammad (sallallahu alaihi wa sallam), dass die Hilfe Allahs (subhanahu wa ta ala) nahe ist, dass das Heilige Land befreit werden wird und dass der Islam auf der Erde als `Herrschender Staat ? wieder in Erscheinung treten wird. Der Leser wird durch das Verständnis des Autors bzgl. der Weltpolitik begeistert sein. Jerusalem im Quran erscheint für die Muslime wie ein Sonnenstrahl und ist ein Augenöffner für die sogenannten 'Leute der Schrift'.

"The works of Islamic mysticism are a crucial genre of Islamic piety, and the lives of the awliya (friends of God) have been and continue to be a crucial way in which the theoretical insights of Sufism are embodied and communicated to a wider audience. Traditionally, these genres would be deciphered by a living Sufi master. Here John Renard acts as our Sufi guide, transporting us to the marvelous world of Islamic piety."—Omid Safi, Professor of Islamic Studies, University of Northern Carolina

Sahih Bukhari is a collection of sayings and deeds of Prophet Muhammad (pbuh), also known as the sunnah. The reports of the Prophet's sayings and deeds are called ahadith. Bukhari lived a couple of centuries after the Prophet's death and worked extremely hard to collect his ahadith. Each report in his collection was checked for compatibility with the Qur'an, and the veracity of the chain of reporters had to be painstakingly established. Bukhari's collection is recognized by the overwhelming majority of the Muslim world to be one of the most authentic collections of the Sunnah of the Prophet (pbuh). Bukhari (full name Abu Abdullah Muhammad bin Ismail bin Ibrahim bin al-Mughira al-Ja'fai) was born in 194 A.H. and died in 256 A.H. His collection of hadith is considered second to none. He spent sixteen years compiling it, and ended up with 2,602 hadith (9,082 with repetition). His criteria for acceptance into the collection were amongst the most stringent of all the scholars of a hadith. It is a complete Volume 9 of Sahih al Bikhari to seek the guidance of Islam

Jerusalem in the Qur'an made its debut at a crucial time when the morale of the Muslims was not only at its lowest... but is continually sinking... The blatant incessant Israeli incursions in the Holy Land go unabated, and Muslims are echoing the very words that their fellow brethren called out unto their Lord when they were being persecuted at the hands of the kuffar of Makkah: "When will the help of Allah come?" Shaikh Imran's insight into the events that are unfolding in the world today is a source of inspiration for Muslims for he convincingly argues from his scholarly interpretations of the Divine Writ (i.e., the Holy Qur'an) and the Ahadith of the Prophet Muhammad (sallallahu 'alaihi wa sallam) that the help of Allah (subhanahu wa ta'alah) is at hand, that the Holy Land will be liberated, and that Islam will re-emerge as the 'Ruling State' in the world. The reader will be enthralled by the author's grasp on world politics. Jerusalem in the Qur'an comes as a ray of sunshine for Muslims and is an eye-opener for the so-called 'People of the Book'. Though Jerusalem in the Qur'an is a meticulously written thesis combining religious and historical documents with recent political events and penetrating interpretations from the Qur'an and Hadith, it runs like a story. Once you begin reading it, it is hard to stop ... It is a reference that one needs to keep and re-read whenever the subject is to be researched. The book gives a detailed beautifully written exposition of these episodes with brilliant interpretations from the Holy Qur'an and Sunnah. No one would fail to appreciate his penetrative thought and his spiritual depth.

I have followed with indescribable pain the cowardly American terrorist attacks on those Muslims of Afghanistan who took a stand for Islam and who were entirely innocent of the September 11th terrorist attack on America. America has consistently followed the same policy of ruthless merciless oppression from the time of the extermination of the indigenous American-Indian peoples and the enslavement of the African people in the Americas to the absolutely shameless support for the relentless oppression of the State of Israel in the Holy Land. Only those who are completely blind and totally corrupted in respect of their capacity for understanding can fail to see the above. It was cowardly because the godless enemy is too terrified to ever fight a Muslim on a level battleground. That enemy fights his cowardly battles from the safety of fighter aircrafts, helicopter gun ships, massive bombs, guided missiles, etc., far up in the sky. But Allah Most High will surely bring us that day, Insha Allah, when we will be able to face the enemy on the ground on a level battleground. Amin! Until that day comes we must

continue our struggle to defend ourselves and to resist oppression while showing utmost patience and while holding on to faith. The struggle must continue regardless of the price we have to pay.

This work analyses: (1) the discursive terrain of the Muslim community/Ummah of Trinidad and Tobago from the Jihad of the Jamaat al Muslimeen on July 27th, 1990 to 2015 with emphasis on the evolution of militant Islam in this period. (2) It deconstructs the discourse of the Islamic State constructed to motivate Muslims of the world, especially of the West to migrate/to undertake Hijrah to the Islamic State with emphasis on the discursive concepts of the Islamic Apocalypse, the Malahim, Hijrah and Jihad is War. (3) It deconstructs the specific discourse of the Islamic State constituted for the Muslims of Trinidad and Tobago which reveals the importance of the Trinidad and Tobago contingent to the propaganda machinery of the Islamic State. (4) It deconstructs the discourse of the survivors which reveals the complex motivational structure that drove Muslims of Trinidad and Tobago to journey to the Islamic State. What is revealed is a power relation between the Muslims of Trinidad and Tobago who are a minority group of the population of Trinidad and Tobago, the kufr State of Trinidad and Tobago and the discourse of the Islamic State. The reality that the Trinidad and Tobago contingent to Islamic State was the largest per capita amongst Muslims that undertook Hijrah to the Islamic State speaks volumes to the susceptibility of the Muslim community to the call of the Islamic State. This work deconstructs the underlying reality that ensured the virulence of the discourse of the Islamic State in its impact on Muslims of Trinidad and Tobago.

This book was originally written by Ibn Kathir over 1300 years ago in many languages. Many writers copied his writing. All of Ibn Kathir's books can be found in Mecca's Library. He has written over 60,000 pages and he was blind. Amazing! In recent times things have become very confusing and we have begun to see in book stores and on websites speculations about future events. Sometimes you hear about the appearance of the false Messiah, sometimes you hear that the final battle between the Good and the Evil is close at hand, other time you hear something happening in the East or in the West. So, learn about the Final hour and its signs by reading this book which is backed by proofs from the Quran, Bible, and the Torah.

History began with a Divine warning not to approach a forbidden tree of lust to rule over others. History is ending with that new actor on the stage of the world displaying an unprecedented imperial lust to rule the world. That new actor possesses power unprecedented in human history and has already used that power through Gog and Magog to spread himself out in all directions as he took control of the world. He then proceeded to liberate the Holy Land for the Jews, to bring them back to the Holy Land to reclaim it as their own two thousand years after they had been expelled from it by Divine decree, and to restore in the Holy Land a State of Israel. That mysterious new actor is now preparing the way for Israel's Pax Judaica to replace USA's Pax Americana. This pioneering book on Islamic Eschatology has identified that strange and mysterious new actor who occupies center-stage in the world in the End-time, and who brought modern western civilization into being, as Dajjal the false Messiah.

Currency wars are one of the most destructive and feared outcomes in international economics. At best, they offer the sorry spectacle of countries stealing growth from their trading partners. At worst, they degenerate into sequential bouts of inflation, recession,

retaliation and sometimes actual violence. Left unchecked the next currency war could lead to a crisis worse than the panic of 2008. The next crash is overdue. Recent headlines about the Eurozone crisis, the bailouts for Greece, riots caused by austerity measures as well as the debasement of the dollar.

"In 'The Islamic Antichrist', Richardson exposes Western readers to the traditions of Islam and predicts that the end times may not be far away. His book will stun readers unaware of the similarities between the Antichrist and the "Islamic Jesus." His research on the relationship between Christian end-time prophecy and Islamic expectations of world domination will shock readers and shape the debate over radical Islam for years to come. This is the book to read to understand Islam's potential role in fulfilling the prophecies of the Bible" --Cover, p. 2.

Combat Kit Against Bible Thumpers By Ahmed Deedat

Afflictions that assail and control people--such as miserliness, envy, treachery, malice, and arrogance--are examined in a study that discusses the causes and cures of these diseases and reveals how Islamic spirituality deals with spiritual and psychological problems. Original.

Towards a Just Monetary System is the first comprehensive study of the goals, nature and operations of the monetary system of Islam, which has justice as one of its most indispensable objectives. For most people, including some Muslims, an interest-free economy is a mystery. Hence a number of questions are asked. Has Islam really prohibited interest and, if so, what is the purpose behind this? Can an economy run without interest? What will be the impact on resource allocation, savings and capital formation, economic stability and growth? Dr. Chapra takes the mystery out of the subject by answering these and a number of other questions by means of a thorough economic analysis. While he shows the rationale behind the prohibition of interest and the strengths of a purely equity-based Islamic economy, he also indicated the problems and gives a realistic proposal for solving them. Dr. Chapra also elaborates the changes that must be introduced in the nature and operations of commercial and central banks: the auxiliary institutions which must be established, and the new tools of monetary

policy that must be developed to enable the Islamic money and banking system to function effectively. He however warns that the abolition of interest is not the only value of Islam and unless it is political institutions of Muslim countries, their economies cannot be transformed and socio-economic justice as well as a whole range of other important goals of Islam cannot be realized. This calls for a gradual transformation, but with a total commitment. The Islamic Foundation is an educational and research organization developed to make Islam a living reality in our age. For this purpose, it aims at improving human communication and developing a better understanding of Islam among all people of the world, Muslim and non-Muslim, so as to galvanize man to the message and ideal of One God and the unity of mankind. As brought by all Prophets of God throughout the ages, last of whom was the Prophet Muhammad (blessings of Allah and peace be upon him). An important aspect of the foundation's multifarious activities is the publication of literature of Islam.

Que l'on soit croyant ou non, on ne peut qu'être frappé par la convergence de l'interprétation que donne Sheikh Imran Hosein de l'eschatologie musulmane avec les événements internationaux qui se déroulent sous nos yeux. on voit bien que derrière le rideau de fumée des explications officielles a lieu un combat de Titans pour une redistribution des cartes et in fine pour la domination sur le monde.

This book is devoted to a study of the Jasad, whom the Prophet-King Solomon ('alayhisalam) saw sitting on his throne, and the first problem we encounter in this study is that neither the Qur'an nor the Prophet Muhammad's (sallallahu 'alayhi wasallam) Hadith explain who this Jasad truly is. This book has, therefore, been written with the specific purpose of inviting a scholarly response to this subject of the Jasad, from those who defend the salafi methodology, as well as those who defend the methods by which the Qur'an is studied in the Dar al-Ulum... Imran N. Hosein was born in Trinidad, West Indies. He studied under the guidance of the distinguished scholar of Islam, Maulana Dr. Fadlur Rahman Ansari, at the Aleemiyah Institute of Islamic Studies, Karachi, Pakistan. He is also a post-graduate of Philosophy from the Karachi University of West Indies, and a Post Graduate of International Relations from the University of the West Indies, Trinidad and the Graduate Institute of International Studies, Geneva, Switzerland. As the war on Islam intensifies, and as the day approaches when the imposter Euro-Jewish State of Israel would make its bid to become the ruling State in the world, and the false Messiah (i.e., Dajjal) would rule the world from Jerusalem and declare that he is the true Messiah, I fear that there would be many, particularly governments which declare their friendship for USA and hence for Israel, who would want to ban books on the Qur'an. I therefore pray most humbly, and ask my gentle readers to also kindly join in the prayer, that Allah Most High might protect books (such as this humble quartet of books on Surah al-Kahf) that use the blessed Qur'an to explain, to expose and to challenge those in the godless modern age who are waging wicked war on Islam. This first volume of four, containing 'Text Translation and Modern Commentary of Surah al-Kahf', makes its appearance just before our main work on the subject entitled 'Surah al-Kahf and the Modern Age' is to be published, and is meant to function as a companion volume to that main work. We propose, Insha Allah, to publish a third and fourth volume on this subject in which we would like to offer to the reading public a comprehensive and credible modern interpretation of the Ahadith and Qur'anic verses dealing (directly and indirectly) with the critically important topics of Dajjal the false

Messiah or Anti-Christ, and of Gog and Magog. If any such books have already been written and published, they must be very few indeed.

What if Islam never existed? To some, it's a comforting thought: no clash of civilizations, no holy wars, no terrorists. But what if that weren't the case at all? In *A World Without Islam*, Graham E. Fuller guides us along an illuminating journey through history, geopolitics, and religion to investigate whether or not Islam is indeed the cause of some of today's most emotional and important international crises. Fuller takes us from the birth of Islam to the fall of Rome to the rise and collapse of the Ottoman Empire. He examines and analyzes the roots of terrorism, the conflict in Israel, and the role of Islam in supporting and energizing the anti-imperial struggle. Provocatively, he finds that contrary to the claims of many politicians, thinkers, theologians, and soldiers, a world without Islam might not look vastly different from what we know today. Filled with fascinating details and counterintuitive conclusions, *A World Without Islam* is certain to inspire debate and reshape the way we think about Islam's relationship with the West.

In this book, Nicolas Laos studies the meaning of the terms "world" and "order," the moral dimensions of each world order model, and wider issues of meaning and interpretation generated by humanity's attempt to live in a meaningful world and to find the logos of the beings and things in the world. The aim of this book is to propose a unified theory of world order (i.e., a theory that combines philosophy, theology, and political theory). In this context, the author provides a thought-provoking (re)interpretation of classical philosophy (placing particular emphasis on Platonism), an in-depth inquiry into medieval philosophy and spirituality (placing particular emphasis on the cultural differences between the Greek East and the Latino-Frankish West), and an intellectually challenging review and evaluation of modern Western philosophy (including Descartes, Spinoza, Leibniz, Locke, Berkeley, Hume, Rousseau, Kant, Hegel, Kierkegaard, Husserl, and Heidegger) and of Nietzsche's and the postmodernists' revolt against modernity. He then elucidates the philosophical foundations and "pedigree" of each of the three basic political theories of modernity (i.e., Liberalism, Communism, and Fascism), and he studies the basic theoretical debates in International Relations, Geopolitics, and Noopolitics. Finally, Laos proposes a new, "fourth," political theory which he calls "metaphysical republicanism."
