Sherlockians will delight at the latest charming installment of national bestselling author Vicki Delany's fourth Sherlock Holmes Bookshop mystery. Gemma and Jayne donate their time to raise money for the rebuilding of a burned out museum—but a killer wants a piece of the auction. Walking her dog Violet late one night, Gemma Doyle, owner of the Sherlock Holmes Bookshop, acts quickly when she smells smoke outside the West London Museum. Fortunately no one is inside, but it's too late to save the museum's priceless collection of furniture, and damage to the historic house is extensive. Baker Street's shop owners come together to hold an afternoon auction tea to raise funds to rebuild, and Great Uncle Arthur Doyle offers a signed first edition of *The Valley of Fear*. Cape Cod's cognoscenti files into Mrs. Hudson's Tea Room, owned by Gemma's best friend, Jayne Wilson. Excitement fills the air (along with the aromas of Jayne's delightful scones, of course). But the auction never happens. Before the gavel can fall, museum board chair Kathy Lamb is found dead in the back room. Wrapped tightly around her neck is a long rope of decorative knotted tea cups—a gift item that Jayne sells at Mrs. Hudson's. Gemma's boyfriend in blue, Ryan Ashburton, arrives on the scene with Detective Louise Estrada. But the suspect list is long, and the case far from elementary. Does Kathy's killing have any relation to a mysterious death of seven years ago? Gemma has no intention of getting involved in the investigation, but when fellow shopkeeper Maureen finds herself the prime suspect she begs Gemma for her help. Ryan knows Gemma's methods and he isn't happy when she gets entangled in another mystery. But with so many suspects and so few clues, her deductive prowess will prove invaluable in *A Scandal in Scarlet*, Vicki Delany's shrewdly plotted fourth Sherlock Holmes Bookshop mystery.

Murder pays no respect to rank...or the neighborhood. And so it happened that young aristocrat Timothy Wycliffe was bludgeoned to death in his elegantly furnished flat in Belgravia by a person or persons unknown. Unknown, in fact, for thirty years. When the dead man's friend Peter Proctor, once a young man on his way up in the diplomatic service, now a retired Member of Parliament, seeks an antidote to boredom by attempting to write his own memoirs they create more problems than he anticipated, and not just of the writer's-block variety. Peter keeps getting sidetracked by speculations on Timothy's death. The murder was allegedly accomplished by a beating from one of his boyfriends. But Peter can't accept so simple a solution, so he begins to probe the past. In so doing, he opens a fascinating window on British society during the 1950s and its changing, and unchanging, mores since.

To Sherlock Holmes she is always the woman. I have seldom heard him mention her under any other name. In his eyes she eclipses and predominates the whole of her sex. It was not that he felt any emotion akin to love for Irene Adler. All emotions, and that one particularly, were abhorrent to his cold, precise but admirably balanced mind. He was, I take it, the most perfect reasoning and observing machine that the world has seen, but as a lover he would have placed himself in a false position. He never spoke of the softer passions, save with a gibe and a sneer. They were admirable things for the observer—excellent for drawing the veil from men's motives and actions. But for the trained reasoner to admit such intrusions into his own delicate and finely adjusted temperament was to introduce a distracting factor which might throw a doubt upon all his mental results. Grit in a sensitive instrument, or a crack in one of his own high-power lenses, would not be more disturbing than a strong emotion in a nature such as his. And yet there was but one woman to him, and that woman was the late Irene Adler, of dubious and questionable memory. I had seen little of Holmes lately. My marriage had drifted us away from each other. My own complete happiness, and the home-centred interests which rise up around the man who first finds himself master of his own establishment, were sufficient to absorb all my attention, while Holmes, who loathed every form of society with his whole Bohemian soul, remained in our lodgings in Baker Street, buried among his old books, and alternating from week to week between cocaine and ambition, the drowsiness of the drug, and the fierce energy of his own keen nature. He was still, as ever, deeply attracted by the study of crime, and occupied his immense faculties and extraordinary powers of observation in following out those clues, and clearing up those mysteries which had been abandoned as hopeless by the official police. From time to time I heard some vague account of his doings: of his summons to Odessa in the case of the Trepoff murder, of his clearing up of the singular tragedy of the Atkinson brothers at Trincomalee, and finally of the mission which he had accomplished so delicately and successfully for the reigning family of Holland. Beyond these signs of his activity, however, which I merely

shared with all the readers of the daily press, I knew little of my former friend and companion.
