

Shri Shri Lakshmi Bengali Panchali

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

The greatest mangal kavya in worship of the great goddess The Chandimangal of Kavikankan Mukundaram Chakravarti is an exemplary work of epic scale that recounts the story of the Goddess Chandi's constant battle to establish her cult among humans. Through the three books of the kavya—The Book of the Gods, The Book of the Hunter and The Book of the Merchant—we are introduced to Chandi in all her manifestations, from the benevolent to the wrathful, from Abhaya to Chamunda. Mukundaram's captivating tales and vivid imagery bring together the enchanting world of the gods with the more challenging world of the mortals while critiquing sixteenth-century Bengali society. In his exquisite rendering of the Chandimangal, Edward Yazijian manages to capture not only the performative and humorous but also the reverent aspects of the text.
