

## Silent Weapons For Quiet Wars

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

"History is replete with whispers of secret societies. Accounts of elders or priests who guarded the forbidden knowledge of ancient peoples. Prominent men, meeting in secret, who directed the course of civilization are recorded in the writings of all people. The oldest is the Brotherhood of the Snake, also called the Brotherhood of the Dragon, and it still exists under many different names. It is clear that religion has always played a significant role in the course of these organizations. Communication with a higher source, often divine, is a familiar claim in all but a few. The secrets of these groups are thought to be so profound that only a chosen, well-educated few are able to understand and use them. These men use their special knowledge for the benefit of all mankind. At least that is what they claim. How are we to know, since their knowledge and actions have been secret? Fortunately, some of it has become public knowledge. I found it intriguing that in most, if not all, primitive tribal societies all of the adults are members. They are usually separated into male and female groups. The male usually dominates the culture. Surprisingly, this exactly resembles many civilized secret societies. This can only mean that the society is working not against established authority, but for it. In fact, could be said to actually be the established authority. This would tend to remove the validity of any argument that all secret associations are dedicated to the "destruction of properly constituted authority." This can only apply, of course, where the secret society makes up the majority or entirety of any people which it affects. Only a very few fall into this category. Secret societies in fact mirror many facets of ordinary life. There is always an exclusivity of membership, with the resultant importance attached to being or becoming a member. This is found in all human endeavors, even those which are not secret, such as football teams or country clubs. This exclusivity of membership is actually one of the secret societies' most powerful weapons.

There is the use of signs, passwords and other tools. These have always performed valuable functions in man's organizations everywhere. The stated reason, almost always different from the real reason, for the societies' existence is important...".

Three years before the September 11 bombing of the World Trade Center-a Chinese military manual called Unrestricted Warfare touted such an attack-suggesting it would be difficult for the U.S. military to cope with. The events of September 11 were not a random act perpetrated by independent agents. The doctrine of total war outlined in Unrestricted Warfare clearly demonstrates that the People's Republic of China is preparing to confront the United States and our allies by conducting "asymmetrical" or multidimensional attack on almost every aspect of our social, economic and political life.

"Enthralling. . . . Lying and stealing and invading, it should be said, make for captivating reading, especially in the hands of a storyteller as skilled as Anderson." —The New York Times Book Review A NEW YORK TIMES NOTABLE BOOK OF THE YEAR At the end of World War II, the United States was considered the victor over tyranny and a champion of freedom. But it was clear—to some—that the Soviet Union was already seeking to expand and foment revolution around the world, and the American government's strategy in response relied on the secret efforts of a newly formed CIA. Chronicling the fascinating lives of the agents who sought to uphold American ideals abroad, Scott Anderson follows the exploits of four spies: Michael Burke, who organized parachute commandos from an Italian villa; Frank Wisner, an ingenious spymaster who directed actions around the world; Peter Sichel, a German Jew who outwitted the ruthless KGB in Berlin; and Edward Lansdale, a mastermind of psychological warfare in the Far East. But despite their lofty ambitions, time and again their efforts went awry, thwarted by a combination of ham-fisted politicking and ideological rigidity at the highest levels of the government. Told with narrative brio, deep research, and a skeptical eye, *The Quiet Americans* is the gripping story of how the United States, at the very pinnacle of its power, managed to permanently damage its moral standing in the world.

It was one of history's most powerful -- yet forgotten -- Christmas stories. It took place in the improbable setting of the mud, cold rain and senseless killing of the trenches of World War I. It happened in spite of orders to the contrary by superiors; it happened in spite of language barriers. And it still stands as the only time in history that peace spontaneously arose from the lower ranks in a major conflict, bubbling up to the officers and temporarily turning sworn enemies into friends. *Silent Night*, by renowned military historian Stanley Weintraub, magically restores the 1914 Christmas Truce to history. It had been lost in the tide of horror that filled the battlefields of Europe for months and years afterward. Yet in December 1914 the Great War was still young, and the men who suddenly threw down their arms and came together across the front lines -- to sing carols, exchange gifts and letters, eat and drink and even play friendly games of soccer

-- naively hoped that the war would be short-lived, and that they were fraternizing with future friends. It began when German soldiers lit candles on small Christmas trees, and British, French, Belgian and German troops serenaded each other on Christmas Eve. Soon they were gathering and burying the dead, in an age-old custom of truces. But as the power of Christmas grew among them, they broke bread, exchanged addresses and letters and expressed deep admiration for one another. When angry superiors ordered them to recommence the shooting, many men aimed harmlessly high overhead. Sometimes the greatest beauty emerges from deep tragedy. Surely the forgotten Christmas Truce was one of history's most beautiful moments, made all the more beautiful in light of the carnage that followed it. Stanley Weintraub's moving re-creation demonstrates that peace can be more fragile than war, but also that ordinary men can bond with one another despite all efforts of politicians and generals to the contrary.

A new edition of the blockbuster book that revealed the top-secret findings of the US government about UFOs. Throughout the 1950s and 1960s, while publicly dismissing the existence of UFOs, the United States Air Force was engaged in a secret program for evaluating every report of unidentified flying objects. Under the code name, Project Blue Book, the Air Force analyzed over 13,000 incidents. The goal of this enterprise was threefold: To determine the cause for each UFO sighting, to assess the security threat for each incident, and to determine how the United States could obtain or create the technology used by UFOs. This book, based on secret files obtained through the Freedom of Information Act, includes accounts of seven of the most important USAF enquiries-- among them the story of the nights the White House was buzzed by UFOs, the mystery of the Lubbock Lights, the full story of Captain Mantell--Ufology's first martyr, and the startling conversion of the prominent astronomer, J. Alan Hynek from UFO skeptic to believer. This is startling and fascinating book that uncovers not only the anatomy of a government cover-up, but also provides stark and chilling evidence that we are not alone. It is all here, government documents, the testimony of scientists, the military, pilots and citizens all over the country who have witnessed UFOS. Are you missing half the story about the last days? Virtually all attention these days is focused on the coming Antichrist—but he is only half the story. Many people are amazed to discover in Revelation 17 that there is also another mysterious character at the heart of prophecy—a woman who rides the beast. Who is this woman? Tradition says she is connected with the church of Rome. But isn't such a view outdated? After all, today's Vatican is eager to join hands with Protestants worldwide. "The Catholic church has changed" is what we hear. Or has it? In *A Woman Rides the Beast*, prophecy expert Dave Hunt sifts through biblical truth and global events to present a well-defined portrait of the woman and her powerful place in the Antichrist's future empire. Eight remarkable clues in Revelation 17 and 18 prove the woman's identity beyond any reasonable doubt. A provocative account of what the Bible tells us is to come.

The Art of War is an enduring classic that holds a special place in the culture and

history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, *The Art of War* is a must-read for anybody who works in a competitive environment.

This is a copy of the original secret manual said to have been found in 1986 inside a surplus IBM copier after a government sale, complete with all charts & diagrams. It outlines a plan to control the masses through manipulation of industry, education and politics, and to divert the public's attention away from this.

In the brutal zero-sum game of the new future, every meal is a murder, and every act of love is a declaration of genocidal war. To survive it, you will have to make alliances with the sleeping demons in your blood; learn to wear new names and faces, and shed your soul; feed your inner child to the machine, before it eats you alive; build and defend your own heaven; and become one of the sacred, secret tools with which nature reinvents itself. To win this game, you will have to change into everything that you are not. To play you need only open this book and arm yourself with... *Silent Weapons for Quiet Wars*

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989. When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will

never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: to defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives

"This book is a veritable powerhouse that shatters, in one instant, the wall of lies and deceit that took decades to build upon our impressionable minds. Stamper's ability to explain complex legal and political information in a comprehensive yet concise manner is without equal. Like a master sculptor he has chipped away the 'Words of Art and Deception' to reveal the inescapable and undeniable Truth. This book has single-handedly bared the cleverly crafted schemes of a Power-lusting Elite." ~ Paul Nash, DC, ND, CCN, ACU, Holistic Medicine, Minneapolis "If only a portion of what this researcher has discovered is verifiable, we as a nation of free people must hang our heads in shame. The future generations will not forgive us or forget the terrible injustice we have let befall them." ~ Fred Diaulas, Professor of Ethics, University of North Florida

"In 1954 I began my legal practice as an assistant district attorney in the city of Miami. We switched from common law pleading to statutory pleading and no one asked why. Now I know the answer, and it depresses me to no end." ~ Ralph G. Mitchell, JD, Attorney at Law, St. Augustine, Florida.

Presents a case of scandal, crime, and justice in medieval France, where a Norman knight returns from Scotland and finds his wife accusing an old friend and fellow courtier of raping her, leading to a battle to the death.

This is the top secret manual said to be found by accident in 1986 by an employee of Boeing Aircraft. He bought a surplus IBM copier for scrap parts at a government sale and found the manual inside. The manual outlines a plan to control the masses through manipulation of industry, education and politics, and to divert the public's attention from what is really going on. Surprisingly, it is claimed that much of what is outlined has come to pass, and makes interesting reading for those exploring the deeper levels of our social structure and how it may be controlled or influenced. This Book Tree edition includes all of the important charts and diagrams not seen in other versions. It is an exact replica of the original, aside from some minor alterations to correct print quality. Found in this edition only is a new, four-page Introduction. It explains why we may never be certain of the true origin of this document, despite the fact that someone has stepped forward and claimed that they assembled it from multiple sources.

National Bestselling Author of *Besieged*, A Publishers Weekly Best Books of 2017 selection "Tata's books are absolute rollercoaster rides." —Mark Greaney, #1 New York Times bestselling author of *Tom Clancy Full Force* and *Effect* President By Any Means Necessary Despite the election results, losing candidate Jamie Carter refuses to accept businessman and political newbie Jack Smart as her president. In fact, Carter is determined to take her rightful place in the White House—by any means necessary. Once she maneuvers her way into the Senate, only three people stand in her way: the Speaker of the House, the Vice President, and the President himself . . . The countdown begins. The assassins are ready. But when one of them tries to kill the CIA

Director under Jake Mahegan's watch, the plan is momentarily derailed. Jake is able to prevent one murder—but the conspiracy is too big, and too insidious, to stop now. Senator Jamie Carter is the mastermind behind one of the bloodiest coups ever conceived. Her highly trained killers are closing in on all the president's men. And the course of American history will be changed forever—on Assassination Day . . . "This is the best thriller yet by the former brigadier general." —Booklist STARRED REVIEW on *Dark Winter*

1977 reprint of 1953 edition.

This is a book about strategy and war fighting. It contains 11 essays which examine topics such as military operations against a well-armed rogue state, the potential of parallel warfare strategy for different kinds of states, the revolutionary potential of information warfare, the lethal possibilities of biological warfare and the elements of an ongoing revolution in military affairs. The purpose of the book is to focus attention on the operational problems, enemy strategies and threat that will confront U.S. national security decision makers in the twenty-first century.

This book rants against Freemasonry, Satan, international banks, Napoleon and more. It makes a series of unsubstantiated claims against Jews and possibly substantiated ones against the Rothschilds of his time. If one can put the authors personal biases aside, there remains some good historical information about government, religion, world power and money. The publishers do not agree with the authors biased opinions, but wish to make the remaining facts available to those interested. Conspiracy buffs will enjoy it immensely. The book, in its entirety, should not be taken at face value the truth that exists within it must be carefully extracted.

From the Foreword. In 1949, while I was visiting Ezra Pound who was a political prisoner at St. Elizabeth's Hospital, Washington, D.C. (a Federal institution for the insane), Dr. Pound asked me if I had ever heard of the Federal Reserve System. I replied that I had not, as of the age of 25. He then showed me a ten dollar bill marked ""Federal Reserve Note"" and asked me if I would do some research at the Library of Congress on the Federal Reserve System which had issued this bill. Pound was unable to go to the Library himself, as he was being held without trial as a political prisoner by the United States government. After he was denied broadcasting time in the U.S., Dr. Pound broadcast from Italy in an effort to persuade people of the United States not to enter World War II. Franklin D. Roosevelt had personally ordered Pound's indictment, spurred by the demands of his three personal assistants, Harry Dexter White, Lauchlin Currie, and Alger Hiss, all connected with Communist espionage.

Many of the world's deadliest conflicts are largely ignored - becoming off-the-radar 'stealth conflicts'. How can this be possible in a world with unprecedented levels of access to information, and unprecedented levels of attention and resources being devoted to foreign affairs? Virgil Hawkins reveals and explains the highly distorted and assimilated responses to foreign conflicts by major actors in the world. He examines the agenda-setting processes of policy makers, the media, the public and academics in relation to foreign conflicts. Using a vast array of detailed examples, he systematically unravels the internal dynamics and external influences experienced by these actors, and in so doing he brings the academic agenda into the loop of the conflict response agenda-setting process for the first time. With agenda-setting research tending to focus on the question of why a response to a particular event or issue occurred, this book furthers research by focusing equally on why a response did not occur. The volume is critically important in understanding why actors do and do not respond to foreign

conflicts.

The real story behind the Tavistock Institute and its network, from a popular conspiracy expert  
The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

An exploration of how so-called ordinary people can disrupt violent conflict and forge peace. In this pathbreaking book, Roger Mac Ginty explores everyday peace-or how individuals and small groups can eke out spaces of tolerance and conciliation in conflict-ridden societies. Drawing on original material from the Everyday Peace Indicators project, he blends theory and concept-building together with contemporary and comparative examples. Unusual for the disciplines of peace and conflict studies as well as international relations, Everyday Peace also utilizes personal diaries and memoirs from World Wars One and Two. The book unpacks the core components of everyday peace and argues that it is constructed from a mix of sociality, reciprocity, and solidarity. This exploration of bottom-up and community-level approaches to peace challenges the usual concentration on top-down approaches to peace advanced by governments and international organizations. Indeed, the book goes to the lowest level of social organization - individuals, families and small groups of friends and colleagues - and looks at everyday interaction in workplaces, the stairwells of apartment buildings, and the queue for public transport. Mac Ginty sees peace and conflict as being embodied, lived, and experienced - and constructs a multi-layered definition of peace. Importantly, he applies his evidentiary base of micro-acts that constitute everyday peace to societies that have emerged out of conflict and have not experienced recidivism on a large scale. Unlike most who focus on top-down processes, he demonstrates that what matters is the interaction between top-down and bottom-up peace and how, in an ideal scenario, they can have a symbiotic relationship. By focusing on how the small-scale can have big and lasting effects, Everyday Peace will reshape our understanding of how peace comes about.

This short but explosive text was first leaked by Serge Monast in Canada in 1995. It is reported to be the plan of an elite group who are manipulating the general public and governments across the world to bring about their long term goal of a world government. They cover in this document a wide variety of areas, including world food supplies and pollution, the question of parental rights as opposed to state rights over children, earthquake weapons, the overall media and economic climate which was planned to be favourable in order to lure into complacency the general public, etc etc. Could it be for real? You decide!

From a military commander's perspective, the role of psychological operations (PSYOP) in the successful planning and execution of modern military operations is absolutely essential. It is an integral part of the United States Special Operations Command mission. Today, the military faces a dynamic and unpredictable world. PSYOP will remain a valuable instrument in the overall defense posture and will be a key asset in the fulfillment of U.S. national policy. This manuscript explores the breadth and depth of fundamental PSYOP roles, principles and methods. Each article is an independent effort and together they represent a cross section of what the best and brightest feel is key to both offensive and defensive psychological

operations. Air University Press.

Twenty-third century Earth, ravaged by climate change, looks backwards to the holy ideal of a pre-industrial Eden. Political power has been grabbed by a few powerful families and their green saints. Millions of people are imprisoned in teeming cities; millions more labour on Pharaonic projects to rebuild ruined ecosystems. On the moons of Jupiter and Saturn, the Outers, descendants of refugees from Earth's repressive regimes, have constructed a wild variety of self-sufficient cities and settlements: scientific utopias crammed with exuberant creations of the genetic arts; the last outposts of every kind of democratic tradition. The fragile detente between the Outer cities and the dynasties of Earth is threatened by the ambitions of the rising generation of Outers, who want to break free of their cosy, inward-looking pocket paradises, colonise the rest of the Solar System, and drive human evolution in a hundred new directions. On Earth, many demand pre-emptive action against the Outers before it's too late; others want to exploit the talents of their scientists and gene wizards. Amid campaigns for peace and reconciliation, political machinations, crude displays of military might, and espionage by cunningly wrought agents, the two branches of humanity edge towards war... Cassidy joins the rebellion fighting the dark regime responsible for the suppression of the governing AI, pitting his extraordinary skills and resolve against the forces of corruption and control. While one truth has set him free, a second revelation awaits. But will it elevate him to the next level... ...or lead to the downfall of everything?

This book relates the current, insidious plight facing the human race as a direct result of a grand deception that has been imposed upon it for tens of thousands of years if not longer. This has been perpetrated by the systematic, ongoing falsification of history in much the same way as perpetrated by the powers that be in the suspiciously prophetic novel '1984', by George Orwell. We have all been deceived on a monumental scale by a tiny clique of people who by their own birthright and bloodlines absolutely believe that they have the divine right to rule over us by whatever method best suits their purposes. In order to achieve this they have lied, deceived, murdered and even committed genocide down the millennia in an attempt to bring their ultimate goal to fruition. Find out about the use of drugs, vaccinations, micro-chipping, mind control, trans-humanism and 24/7 distractions such as non-stop sports, entertainments and the invasive 'celebrity culture' that attempts to pervade our whole lives.

Like no other book before it, this work delves into the deep, dark and mysterious undertones hidden in Tinsel town's biggest films. Esoteric Hollywood is a game-changer in an arena of tabloid-populated titles. After years of scholarly research, Jay Dyer has compiled his most read essays, combining philosophy, comparative religion, symbolism and geopolitics and their connections to film. Readers will watch movies with new eyes, able to decipher on their own, as the secret meanings of cinema are unveiled.

Jack Loveless attempts to avert his grandson's questions about his role in World War I by taking him to visit the battlefield graveyards in France. While there he meets a German soldier from the past and vividly remembers the Christmas truce, a miraculous moment when the guns fell silent and horrors of war were temporarily forgotten in a football match. Suggested level: secondary.

Homage to Catalonia is George Orwell's account of the Spanish Civil War. It was the last and most mature of Orwell's documentary books.

This is the definitive resource on the nature and origins of the movement towards a one-world government. A wealth of in-depth research explains the roles of the major arms of the conspiracy today, such as the Federal Reserve, the Committee on Foreign Relations (CFR), the Trilateral Commission and the Bilderbergers.

The history of the New World Order is traced, from the Illuminati and the fomenting of the French Revolution, to the 1913 take-over of the US government by the bankers, the world wars, the rise of communism and the United Nations.

“SINCE 1933, when a completely drugged and trial-conditioned human wreck confessed to having started the Reichstag fire in Berlin, Dr. Joost A. M. Meerloo has studied the methods by which systematic mental pressure brings people to abject submission, and by which totalitarians imprint their subjective “truth” on their victims’ minds. The first two and one-half years of WWII, Dr. Meerloo spent under the pressure of Nazi-occupied Holland, witnessing at first-hand the Nazi methods of mental torture on more than one occasion...Then, after personal experiences with enforced interrogation, he escaped from a Nazi prison and certain death to England, where he was able, as Chief of the Psychological Department of the Netherlands Forces, to observe and study coercive methods officially.... After the war, he came to the United States...As more and more cases of thought control, brainwashing, and mental coercion were disclosed - Cardinal Mindszenty, Colonel Schwable, Robert Vogeler, and others - his interest grew. It was Dr. Meerloo who coined the word menticide, the killing of the spirit, for this peculiar crime... It is Dr. Meerloo’s position that through pressure on the weak points in men’s makeup, totalitarian methods can turn anyone into a “traitor.” And in *The Rape of the Mind* he goes far beyond the direct military implications of mental torture to describing how our own culture unobtrusively shows symptoms of pressurizing people’s minds. He presents a systematic analysis of the methods of brainwashing and mental torture and coercion, and shows how totalitarian strategy, with its use of mass psychology, leads to systematized “rape of the mind.” He describes the new age of cold war with its mental terror, verbocracy, and semantic fog, the use of fear as a tool of mass submission and the problem of treason and loyalty, so loaded with dangerous confusion. *The Rape of the Mind* is written for the interested layman, not only for experts and scientists.”-Print ed.
