Sisters of the East End Random House

Two ordinary sisters. A long and brutal war. A heroic sacrifice... London, 1915. As German bombs rain down on the East End of London and hungry children queue for rations in the blistering cold, fifteen-year-old Florrie is forced to grow up fast. With her father fighting in the muddy trenches, Florrie turns to her older sister Edith for comfort. But the war has changed Edith. She has grown quiet, with dark shadows under her eyes, and has started leaving the house at night in secret. When Florrie follows her sister through the dark and winding streets of London, she is shocked by what she discovers. But she knows she must keep her sister's secret for the sake of their family, even if she herself must pay the ultimate price... Years later Kate, running from her broken relationship, is sorting through her dead aunt Florrie's house, which she shared with her sister Edith. As she sits on the threadbare carpets, looking at photos of Florrie during the war, she notices the change in her aunt – from carefree young girl with a hopeful smile to a hollow-cheeked young woman, with dark sad eyes. Determined to put her family's ghosts to rest, Kate must unearth the secret past of her two aunts. Why is there a hidden locked room in the little house they shared? What is the story behind the abandoned wedding dress wrapped in tissue and tied up with a ribbon? And when Kate discovers the tragic secrets that have bound her family together, will she ever be able to move on? A heartbreaking historical novel of war, tragedy and the sacrifices we make for those we love. Fans of Fiona Valpy, Kristin Hannah and Victoria Hislop will be hooked by *The Shut-Away Sisters*. Heart-warming tales of nursing and midwifery from the Sisters who worked with Jennifer Worth. 'A second's silence and then an almighty scream. It was the most moving thing I had ever seen ... A baby, a real live baby, another human life had entered the world. It didn't seem possible and yet I had witnessed it with my very own eyes.' Born into a happy working-class North London family in the mid-twentieth century, Katie is determined to 'do something' with her life. Working in the impoverished East End in the 1950s, she meets the Sisters of St John the Divine – a community of nuns dedicated to nursing and midwifery. The Sisters have been present at births, cared for the sick and laid out the dead of the East Enders for a hundred years, and Katie soon joins them to start her journey to becoming Sister Catherine Mary. As a nurse and midwife, Katie learns to deal with everything from strokes to breech births. Tragedy is never far away, but there are also moments of pure joy as lives are saved and the Poplar residents rally round. As a young novice Katie rallies against the vow of obedience, yet over the years learns much about the nature of dedication and love. Full of desperate hardship, humour and compassion, Katie's story brings to life the unique world of these nursing Sisters in London's East End. Sister Catherine Mary's story was written by Helen Batten after in-depth interviews with today's Sisters of the Community of St John the Divine. The Community of St John the Divine was founded in 1848 in a bid to make nursing a respectable profession. Early Sisters worked in the Crimea with Florence Nightingale and were instrumental in developing recognised training and qualifications for nurses and midwives. In the early 20th century they were working in areas such as Poplar and Deptford becoming a treasured part of the community. Today the Sisterhood is based in Birmingham and their website is www.csjd.org.uk. Helen Batten studied history at Cambridge and then journalism at Cardiff University. She went on to become a producer and director at the BBC and now works as a writer and a psychotherapist. She lives in West London with her three daughters.

With echoes of the alchemy of *Practical Magic*, the lushness of *Saving CeeCee Honeycutt*, and the darkly joyful wickedness of the *Witches of Eastwick*, Ellen Herrick's debut novel spins an enchanting love story about a place where magic whispers just beneath the surface and almost anything is possible, if you aren't afraid to listen. The Sparrow Sisters are as tightly woven into the seaside New England town of Granite Point as the wild sweet peas that climb the stone walls along the harbor. Sorrel, Nettie and Patience are as colorful as the beach plums on the dunes and as mysterious as the fog that rolls into town at dusk. Patience is the town healer and when a new doctor settles into Granite Point he brings with him a mystery so compelling that Patience is drawn to love him, even as she struggles to mend him. But when Patience Sparrow's herbs and tinctures are believed to be implicated in a local tragedy, Granite Point is consumed by a long-buried fear—and its three hundred year old history resurfaces as a modern day witch-hunt threatens. The plants and flowers, fruit trees and high hedges begin to wither and die, and the entire town begins to fail; fishermen return to the harbor empty-handed, and blight descends on the old elms that line the lanes. It seems as if Patience and her town are lost until the women of Granite Point band together to save the Sparrow. As they gather, drawing strength from each other, will they be able to turn the tide and return life to Granite Point? *The Sparrow Sisters* is a beautiful, haunting, and thoroughly mesmerizing novel that will capture your imagination.

This exploration of one of the most concentrated immigrant communities in Britain combines a fascinating narrative history, an original theoretical analysis of the evolving relationship between progressive left politics and ethnic minorities, and an incisive critique of political multiculturalism. It recounts and analyses the experiences of many of those who took part in over six decades of political history that range over secular nationalism, trade unionism, black radicalism, mainstream local politics, Islamism and the rise and fall of the Respect Coalition. Through this Bengali case study and examples from wider immigrant politics, it traces the development and adoption of the concepts of popular frontism, revolutionary stages theory and identity politics. It demonstrates how these theories and tactics have cut across class-based organisation and acted as an impediment to addressing socio-economic inequality; and it argues for a left materialist alternative. It will appeal equally to sociologists, political activists and local historians.

First published in 1981, this book examines the life of Arthur Harding, a well-known figure in the East End underworld during the first half of the twentieth century. The first five chapters survey his life in the 'Jago' slum between 1887 and 1896, offering a different view of an often vilified district. The subsequent phases of his life as a cabinet-maker, street trader and wardrobe dealer reflect the changing fortunes of the East End from hand-to-mouth conditions in the late-nineteenth century to comparative security in the 1930s. The reader is introduced to some of the major features of East End life — back-street enterprise, neighbourhood solidarity, politics and popular culture. Among the many themes that can be traced are the relationship between the underworld and the local working-class community; the collusive understanding established between villains and the police; the effects of the criminalisation of street betting; and the relationship between Jews, non-Jews and what the author terms 'half-jews' in a district of high immigration. Drawn from transcripts of recorded reminiscences, this book provides an important text for understanding the political economy of crime — extended by the authors extensive footnotes and a preface discussing the peculiar moral complexion of south-west Bethnal Green.

This final book in Jennifer Worth's memories of her time as a midwife in London's East end brings her story full circle. As always there are heartbreaking stories such as the family devastated by tuberculosis and a ship's woman who 'serviced' the entire crew, as well as plenty of humour and warmth, such as the tale of two women who shared the same husband! Other stories cover backstreet abortions, the changing life of the docklands, infanticide, as well as the lives of the inhabitants of Nonnatus House. We discover what happens with the gauche debutant Chummy and her equally gauche policeman; will Sister Monica Joan continue her life of crime? Will Sister Evangelina ever crack a smile? And what of Jennifer herself? The book not only details the final years of the tenements but also of Jennifer's journey as she moves on from the close community of nuns, and her life takes a new path. As World War Two rages on around her, one girl in blue's life is about to change forever...

Eva, Peggy and Kathleen were sisters born into a close-knit working class family, living in a tiny terraced house in a street so rough the police would only walk down it in pairs. As they grew up between the wars, they dreamed of escaping their violent father and the crime-ridden slums of Waterloo. Peggy was a studious girl so appalled by conditions in the factories that she became a Communist. Beautiful Kathleen married an abusive man and later - during the Second World War - fell in love with a GI. Feisty Eva became a pickpocket as a child so she could help their mother put food on the table - and never lost her rebellious streak, or her desire to protect her family by whatever means necessary. As the years pass the sisters all lived close together, sharing each other's lives, supporting each other through hard times. Keeping My Sister's Secrets is a rich, moving story of three sisters fighting to survive through decades of social upheaval, their love for each other the one constant in a changing world.

In 1888, Whitechapel - at the heart of the inner East End - was the most (in)famous place in the country, widely imagined as a site of the blackest and deepest horror. Its streets and alleys were seen as violent and dangerous, overflowing with poverty and depravity. This book aims to uncover the reality of East End life. Sections look at slum housing, immigration, attitudes to women, poverty, violence and crime. The book examines how the brutal killings were reported and how the police tried to identify the murderer. A final section shows how Jack the Ripper has shaped our vision of London, and influenced our popular culture. Jack the Ripper and the East End coincides with an exhibition organised by the Museum of London at their Museum in Docklands. Key surviving documents from the National Archives and the London Metropolitan Archives will be on display - in addition to material from the collections of the Museum of London such as photographs of the Whitechapel Mission. The illustrations for the book will include rare and unpublished photographs, sections of the 'master' Booth Map of Poverty, detectives' reports and original letters. The introduction will be written by Peter Ackroyd, who is the acknowledged expert on London, its darker aspects and how its history has seeped into its very stones. Leading historians and curators will provide additional insights. This is a book which will be valued for years to come for its enduring and important portrait of the Victorian East End.

This is non-fiction Brick Lane - what life is really like around Brick Lane and the East End. One of the most influential non-fiction books of the 1950s was Family and Kinship in East London which examined in great depth the life of people living in the dockland areas that had been so comprehensively destroyed in the blitz. What has happened since? In the 50 years since the whole area has gone into terrible decline; has been comprehensively redeveloped (sometimes more than once); and, most important of all, has seen the traditional families largely leave, to be replaced by a huge influx of Bangladeshi families - many of whom are now into the second generation. What are their lives like? How is the community coping with the radical change? What are relations like between the old white population and the new Asian population? Does government policy affect racism? (Here the authors show - startlingly - that housing policies have made race relations much worse and must be changed. This will be very controversial). The book is a comprehensive examination of life in one of the most intriguing parts of England - but it stands for all Britain, and indeed everywhere in the world with large new immigrant populations.

From bishops to battlefields, barrowboys to business tycoons, Nuala Naughton brings to life some of the characters and events that have shaped Glasgow's East End since the city's founder, St Mungo, first set eyes on the 'dear green place' This entertaining, lighthearted account looks at the legends behind the city's coat of arms and the foundation of the city as an ecclesiastic centre of excellence and respected seat of learning. It also offers a colourful insight into tenement life with anecdotes and interviews by born and bred Eastenders; the Battle of George Square in 1919 when Prime Minister Churchill waged war on unionized workers, the make-do-and-mend community and the story behind 'silk stockings' made from used teabags and an eyebrow pencil during the Second World War; the dancin', the saints, the sinners; the 'City of the Dead' and how the Barrowland ballroom came to the attention of the German high command and the war propagandist Lord Haw Haw. From medieval Glasgow to modern times, this fascinating book offers a pick 'n' mix of fact and fiction, myths and miracles surrounding the rich and sometimes turbulent history of Glasgow's East End.

"It is biography as an expression of love." - The New York Times New York Times—bestselling author Julie Klam's funny and moving story of the Morris sisters, distant relations with mysterious pasts. Ever since she was young, Julie Klam has been fascinated by the Morris sisters, cousins of her grandmother. According to family lore, early in the twentieth century the sisters'

parents decided to move the family from Eastern Europe to Los Angeles so their father could become a movie director. On the way, their pregnant mother went into labor in St. Louis, where the baby was born and where their mother died. The father left the children in an orphanage and promised to send for them when he settled in California—a promise he never kept. One of the Morris sisters later became a successful Wall Street trader and advised Franklin Roosevelt. The sisters lived together in New York City, none of them married or had children, and one even had an affair with J. P. Morgan. The stories of these independent women intrigued Klam, but as she delved into them to learn more, she realized that the tales were almost completely untrue. The Almost Legendary Morris Sisters is the revealing account of what Klam discovered about her family—and herself—as she dug into the past. The deeper she went into the lives of the Morris sisters, the slipperier their stories became. And the more questions she had about what actually happened to them, the more her opinion of them evolved. Part memoir and part confessional, and told with the wit and honesty that are hallmarks of Klam's books, The Almost Legendary Morris Sisters is the fascinating and funny true story of one writer's journey into her family's past, the truths she brings to light, and what she learns about herself along the way.

Following World War II, a British widow joins a Benedictine monastery in this poignant New York Times bestseller from the author of Black Narcissus. For most of her adult life, Philippa Talbot has been a successful British professional. Now in her forties, the World War II-widow has made a startling decision: She's giving up her civil service career and elite social standing to join a convent as a postulant Roman Catholic nun. In Sussex in the south of England, Philippa begins her new life inside Brede Abbey, a venerable, 130-year-old Benedictine monastery. Taking her place among a diverse group of extraordinary women, young and old, she is welcomed into the surprisingly rich and complex world of the devout, whom faith, fate, and circumstance have led there.

From their personal stories, both uplifting and heartbreaking, Philippa draws great strength in the weeks, months, and years that follow, as the confidence, conflicts, and poignant humanity of her fellow sisters serve to validate her love and sacred purpose. But a time of great upheaval in the hierarchy of the Catholic Church approaches as the winds of change blow at gale force. And for the financially troubled Brede and the acolytes within, it will take no less than a miracle to weather the storm. Author Rumer Godden spent three years living in close proximity to Stanbrook Abbey in Worcestershire communing with the Benedictine nuns in preparation for the writing of this beloved bestseller. The result is an honest and unforgettable novel of love, sacrifice, and devotion, a major literary achievement from the acclaimed author of Black Narcissus and The River. This ebook features an illustrated biography of the author including rare images from the Rumer Godden Literary Estate.

'What is your name?' she asks, staring at me. 'Jennifer Ross.' 'Jennifer Ross, Sister. Well, Nurse Ross, you are dressed in the uniform of a nurse from the Leeds General Infirmary. Such a uniform is not worn with a cardigan. Take it off at once.' 'Yes Sister.' I can feel my face turn red. A trainee nurse in the 1950s had a lot to bear. In Jennifer Craig's enchanting memoir, we meet these warm-hearted yet naïve young girls as they get to grips with strict discipline, long hours and bodily fluids. But we also see the camaraderie that develops in evening study sessions, sneaked trips to the cinema and mischievous escapades with the young trainee doctors. The harsh conditions prove too much for some girls, but the opportunity to help her patients in their time of need is too much of a pull for Jenny. As she commits to her vocation and knuckles down to her exams, she is determined that when she reaches the heights of Ward Sister herself she will not become the frightening matron that struck fear into her student heart ... Rich in period detail, and told with a good dose of Yorkshire humour, Yes Sister, No Sister is a life-affirming true story of a life long past.

This ebook edition contains the full text version as per the book. Doesn't include original photographic and illustrated material. This oral history of London's East End spans the period after the First World War to the upsurge of prosperity at the beginning of the 60s - a time which saw fresh waves of immigrants in the area, the Fascist marches of the 30s and its spirited recovery after virtual obliteration during the Blitz. Piers Dudgeon has listened to dozens of people who remember this fiercely proud quarter to record their real-life experiences of what it was like before it was fashionable to buy a home in the Docklands. They talk of childhood and education, of work and entertainment, of family, community values, health, politics, religion and music. Their stories will make you laugh and cry. It is people's own memories that make history real and this engrossing book captures them vividly.

This omnibus edition of Call the Midwife, Shadows of the Workhouse and Farewell to the East End chronicles Jennifer Worth's career as a midwife from start to finish, from her arrival in the war-scarred Docklands as a wide-eyed trainee, to the demolition of the tenements and subsequent closure of Nonnatus House. It provides a fascinating snapshot of social history, documenting the East End in the days when there was a real sense of community, when times were tough but there was plenty of good humour and neighbourly support to help the inhabitants through the harsh economic climate. The book also enables readers to follow Jennifer's personal story, as she discovers the amazing resilience of a

population still bearing the scars of war, and the vibrant community of nuns with whom she lives and who teach her the skills of midwifery. In stories that are funny, disturbing and moving in equal measure, we meet prostitutes and abortionists, bigamists and mischievous nuns, and see Jennifer earn the confidence of people whose lives are often stranger than fiction.
