Indian Angles is a new historical approach to Indian English literature. It shows that poetry, not fiction, was the dominant literary genre of Indian writing in English until 1860 and recreates the historical webs of affiliation and resistance that writers in colonial India--writers of British, Indian, and mixed ethnicities--experienced.

This book analyzes how French dramatists reproduced certain images of India such as the burning widow, the lowly pariah or untouchable, and the exotic 'bayadere' or dancing girl in four plays and one ballet written from the eighteenth century through the twentieth centuries. Addressing questions of Orientalism, the book also argues that it was because the French lost their Indian colonies to the British in the eighteenth centuries that India became a part of the French literary imagination.

Set in France in the second half of the nineteenth century, *The Diary of Mademoiselle D'Arvers* is a novel of possibilities and limitations; of love, marriage and domesticity, and the heartaches and joys of growing up. Fifteen-year-old Marguerite, fresh from her convent education and extremely religious, returns to her family and experiences the first stirrings of love, only to find herself entangled in a complicated net of relationships. The story traces Marguerite's growth through adolescence to maturity and marital happiness. Written in secret and discovered by the author's father after her death, this poignant novel is a unique and unexpected outcome of the intellectual, linguistic, and cultural ferment of nineteenth-century colonial Bengal.

London's literary and cultural scene fostered newly configured forms of feminist anticolonialism during the modernist period. Through their writing in and about the imperial metropolis, colonial women authors not only remapped the city, they also renegotiated the position of women within the empire. This book examines the significance of gender to the interwoven nature of empire and modernism. As transgressive figures of modernity, writers such as Jean Rhys, Katherine Mansfield, Una Marson and Sarojini Naidu brought their own versions of modernity to the capital, revealing the complex ways in which colonial identities 'traveled' to London at the turn of the twentieth century. Anna Snaith's timely and original study provides a new vantage point on the urban metropolis and its artistic communities for scholars and students of literary modernism, gender and postcolonial studies, and English literature more broadly.

This eBook edition of "Ode to a Nightingale" has been formatted to the highest digital standards and adjusted for readability on all devices. "Ode to a Nightingale" is either the garden of the Spaniards Inn, Hampstead, London, or, according to Keats' friend Charles Armitage Brown, under a plum tree in the garden of Keats House, also in Hampstead. According to Brown, a nightingale had built its nest near his home in the spring of 1819. Inspired by the bird's song, Keats composed the poem in one day. It soon became one of his 1819 odes and was first published in *Annals of the Fine Arts* the following July. "Ode to a Nightingale" is a personal poem that describes Keats's journey into the state of Negative Capability. The tone of the poem rejects the optimistic pursuit of pleasure found within Keats's earlier poems and explores the themes of nature, transience and mortality, the latter being particularly personal to Keats. The nightingale described within the poem experiences a type of death but does not actually die. Instead, the songbird is capable of living through its song, which is a fate that humans cannot expect. John Keats (1795-1821) was an English Romantic poet. The poetry of Keats is characterized by sensual imagery, most notably in the series of odes. Today his poems and letters are some of the most popular and most analyzed in English literature.

The Greek Menander said that they whom the Gods love die young, and many have been the inheritors of unfulfilled renown. Perhaps none of them was so unique as Toru Dutt. Frail and delicate since birth, brought up by a doting father, who lavished every care and attention on her, born in a Hindu family but converted early to Christianity, fed on Hindu myths and legends acquired both through books and through oral tradition, educated in Europe and longing to return to England, attracted towards the end of her life by Sanskrit and devoting weary hours to its grammatical intricacies, writing in French and English but not in her mother tongue, publishing works in both these languages, leaving behind with those who knew her the fragrant memory of an exceedingly charming personality, dying before she was twenty two, Toru Dutt is one of the most poignant examples of those who before their proper time pass through the door of darkness.

Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming,

was ultimately unable to complete the poem. Passage to Manhattan: Critical Essays on Meena Alexander is a unique compendium of scholarship on South Asian American writer Meena Alexander, who is recognized as one of the most influential and innovative contemporary South Asian American poets. Her poetry, memoirs, and fiction occupy a unique locus at the intersection of postcolonial and US multicultural studies. This anthology examines the importance of her contribution to both fields. It is the first sustained analysis of the entire Alexander oeuvre, employing a diverse array of critical methodologies. Drawing on feminist, Marxist, cultural studies, trauma studies, contemporary poetics, phenomenology, and psychoanalysis, the collection features fifteen chapters and an Afterword, by well-established scholars of postcolonial and Asian American literature like Roshni Rustomji, May Joseph, Anindyo Roy, and Amritjit Singh, as well as by emerging scholars like Ronaldo Wilson, Parvinder Mehta, and Kazim Ali. The contributors offer insights on nearly all of Alexander's major works, and the volume achieves a balance between Alexander's diverse genres, covering the spectrum from early works like Nampally Road to her forthcoming book The Poetics of Dislocation. The essays engage with a variety of debates in postcolonial, feminist, and US multicultural studies, as well as providing many nuanced and

detailed readings of Alexander's multi-layered texts.

A charmingly illustrated version of classic Burns poem, reimagined as the love between a parent and child.

Based on the life of the middle-class intellectuals in Calcutta, *Voices in the City* is an unforgettable story of a bohemian brother and his two sisters caught in the cross-currents of changing social values. In many ways the story reflects a vivid picture of India's social transition — a phase in which the older elements are not altogether dead, and the emergent ones not fully evolved.

The Making of Indian English Literature brings together seventeen well-researched essays of Subhendu Mund with a long introduction by the author historicising the development of the Indian writing in English while exploring its identity among the many appellations tagged to it. The volume demonstrates, contrary to popular perceptions, that before the official introduction of English education in India, Indians had already tried their hands in nearly all forms of literature: poetry, fiction, drama, essay, biography, autobiography, book review, literary criticism and travel writing. Besides translation activities, Indians had also started editing and publishing periodicals in English before 1835. Through archival research the author brings to discussion a number of unknown and less discussed texts which contributed to the development of the genre. The work includes exclusive essays on such early poets and writers as Kylas Chunder Dutt, Shoshee Chunder Dutt, Toru Dutt, Mirza Moorad Alee Beg, Krupabai Sathianadhan, Swami Vivekananda, H. Dutt, and Sita Chatterjee; and historiographical studies on the various aspects of the genre. The author also examines the strategies used by the early writers to indianise the western language and the form of the novel. The present volume also demonstrates how from the very beginning Indian writing in English had a subtle nationalist agenda and created a space for protest literature. *The Making of Indian English Literature* will prove an invaluable addition to the studies in Indian writing in English as a source of reference and motivation for further research. Please note: Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.
