Geralt is a witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. He roams the country seeking assignments, but gradually comes to realise that while some of his quarry are unremittingly vile, vicious grotesques, others are the victims of sin, evil or simple naivety. One reviewer said: 'This book is a sheer delight. It is beautifully written, full of vitality and endlessly inventive: its format, with half a dozen episodes and intervening rest periods for both the hero and the reader, allows for a huge range of characters, scenarios and action. It's thought-provoking without being in the least dogmatic, witty without descending to farce and packed with sword fights without being derivative. The dialogue sparkles; characters morph almost imperceptibly from semi-cliche to completely original; nothing is as it first seems. Sapkowski succeeds in seamlessly welding familiar ideas, unique settings and delicious twists of originality: his Beauty wants to rip the throat out of a sensitive Beast; his Snow White seeks vengeance on all and sundry, his elves are embittered and vindictive. It's easily one of the best things I've read in ages.'

Joey Sutherland has found a home with Geoff Laughton and his partner, Eli, living and working at the farm that has become a refuge after a motorcycle accident left him with a scarred face and a lot of insecurities. When Geoff's aunt Mari convinces them to take in a musician from the National Youth Symphony, Joey is reluctantly roped into picking him up, already anticipating the disgust he'll see on the man's face. But Robert Edward Jameson surprises him: he's outgoing and friendly, he's willing to try just about anything around the farm, and he's blind, which goes a long way toward easing Joey's nerves. Joey and Robbie become inseparable and discover the beginnings of love. But summer is coming to an end, and Robbie will return to his home in Mississippi, where his family and servants see to everything he could want or need. Joey can only hope Robbie will take a chance on love and escape the boundaries that have shaped his sightless life.

Equites, Book 4 in the Heku Series, starts off with the beginnings of a war. Damon and Emily are still fighting while the Equites defends itself against attacks from both the Valle and the Encala. An accident sends Emily to the hospital, and the tension with the Valle becomes more explosive. Emily suspects the heku have a secret, and will go to any measure to find out what it is. She comes face-to-face with the darker side of the heku and quickly comes to terms with it. An agricultural coven takes her in and her views of the sinister heku begin to change. Emily's past with Keith comes back to haunt her, and a vile attack shows the Equites how far the Valle and Encala are willing to go to gain possession of the Winchester Heirs. Sam's loyalty comes into question as Emily finds a small niche out in the world with the mortals. Attacks on her become more dangerous, and she finds that the heku may not be as indestructible as she once thought. An ultimatum is placed that could upend the entire species.

"Cosima" tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Yet it also reads like a charming fable with details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives against this backdrop of mountains and bare plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote thirty-three novels, including "Reeds in the Wind," and many books of short stories, almost all set on Sardinia. Her work has become well known to English-speaking readers through Martha King's translations for Italice Press.

"An irresistible blend of sweet and tart, this book is truly a treat to be savored." —Beth Kendrick, author of *The Bake Off* and *Second Time Around* "A sparkling, witty story about an unlikely, yet redemptive, friendship...Grab one of these for your best friend and read it together—preferably with a plate of Meyer Lemon cupcakes nearby." —Katie Crouch, bestselling author of *Girls in Trucks* and *Men and Dogs* Author Meg Donohue has cooked up an absolutely scrumptious debut novel, *How to Eat a Cupcake*, that explores what happens when two childhood friends, Annie and Julia, reconnect as adults and decide to open a cupcakery. But success in their new baking business venture will depend upon their overcoming old betrayals, first loves, and an unexpected and quite dangerous threat. Donohue's *How to Eat a Cupcake* is contemporary women's fiction at its smartest, sweetest, and most satisfying, joining the ranks of *The Recipe Club*, *The School for Essential Ingredients*, and Joanne Harris's classic *Chocolat* by proving once again that fiction and food make an unbeatable combination. In the twenty-second century Earth obtains limitless, free energy from a source science little understands: an exchange between Earth and a parallel universe, using a process devised by the aliens. But even free energy has a price. The transference process itself will eventually lead to the destruction of the Earth's Sun—and of Earth itself. Only a few know the terrifying truth—an outcast Earth scientist, a rebellious alien inhabitant of a dying planet, a lunar-born human intuitionist who senses the imminent annihilation of the Sun. They know the truth—but who will listen? They have foreseen the cost of abundant energy—but who will believe? These few beings, human and alien, hold the key to Earth's survival.

A new series about mind readers from a New York Times and USA Today bestselling author... Everyone thinks I'm a genius. Everyone is wrong. Sure, I finished Harvard at eighteen and now make crazy money at a hedge fund. But that's not because I'm unusually smart or hard-working. It's because I cheat. You see, I have a unique ability. I can go outside time into my own personal version of reality—the place I call “the Quiet”—where I can explore my surroundings while the rest of the world stands still. I thought I was the only one who could do this—until I

met her. My name is Darren, and this is how I became entangled with all the Russians and learned that I'm a Reader.

"The innocence of childhood collides with the stark aftermath of war in this wrenching and ultimately redemptive tale of family, seemingly impossible choices, and the winding paths to destiny, which sometimes take us to places far beyond our imaginings." – Lisa Wingate, #1 New York Times Bestselling Author of *Before We Were Yours* and *The Book of Lost Friends* "Ardone's beautifully crafted story explores the meaning of identity and belonging...recommended to fans of Elena Ferrante's Neapolitan novels." – *The Library Journal* "[*The Children's Train*] leaves you with a great sense of the importance of family and the tough decisions that must be faced as a result of that love." – *Shelf Awareness* Based on true events, a heartbreaking story of love, family, hope, and survival set in post-World War II Italy—written with the heart of *Orphan Train* and *Before We Were Yours*—about poor children from the south sent to live with families in the north to survive deprivation and the harsh winters. Though Mussolini and the fascists have been defeated, the war has devastated Italy, especially the south. Seven-year-old Amerigo lives with his mother Antonietta in Naples, surviving on odd jobs and his wits like the rest of the poor in his neighborhood. But one day, Amerigo learns that a train will take him away from the rubble-strewn streets of the city to spend the winter with a family in the north, where he will be safe and have warm clothes and food to eat. Together with thousands of other southern children, Amerigo will cross the entire peninsula to a new life. Through his curious, innocent eyes, we see a nation rising from the ashes of war, reborn. As he comes to enjoy his new surroundings and the possibilities for a better future, Amerigo will make the heartbreaking choice to leave his mother and become a member of his adoptive family. Amerigo's journey is a moving story of memory, indelible bonds, artistry, and self-exploration, and a soaring examination of what family can truly mean. Ultimately Amerigo comes to understand that sometimes we must give up everything, even a mother's love, to find our destiny.

Patrick McGrath has created his most psychologically penetrating vision to date: a nightmare world rocked to its foundations by a passion of such force and intensity that it shatters the lives--and minds--of all who are touched by it. Stella Raphael, a woman of great beauty and formidable intelligence, is married to Max, a staid and unimaginative forensic psychiatrist. Max has taken a job in a huge top-security mental hospital in rural England, and Stella, far from London society, finds herself restless and bored. Into her lonely existence comes Edgar Stark, a brilliant sculptor confined to the hospital after killing his wife in a psychotic rage. He comes to Stella's garden to rebuild an old Victorian conservatory there, and Stella cannot ignore her overwhelming physical attraction to this desperate man. Their explosive affair pits them against Stella's husband, her child, and the entire institution. When the crisis comes to a head, Stella makes a decision--one that will destroy several lives and precipitate an appalling tragedy that could only be fueled by illicit sexual love. *Asylum* is a terrifying exploration of the extremes to which erotic obsession can drive us. Patrick McGrath brings his own dazzling blend of cool artistry and visceral engagement to this mesmerizing story of a fatal love and its unspeakably tragic aftermath. And in *Stella Raphael*, a woman who tears down the walls of her constricted existence to pursue a dangerous passion, he has created a character who will long be remembered for her willingness to take the ultimate risk, even if she must pay the ultimate price.

Sandokán, un joven príncipe malayo, subió al trono de Mulder, en la isla asiática de Borneo, cuando apenas tenía veinte años. Pronto comenzó a hacerse fuerte y a conquistar los reinos cercanos. Entonces, viendo amenazado su poder, los hombres blancos, principalmente ingleses y holandeses, se aliaron con el sultán de Varauni para derrotarlo. Las traiciones se sucedían y pronto se asesinó a toda la familia del joven soberano. Sandokán resistió todo lo que pudo, pero acabó siendo vencido por sus enemigos. Entonces, se dedicó a piratear por Borneo al mando de un puñado de valientes que no le habían abandonado. Era perseguido, y, con el paso de los años, se embarcó con sus "cachorros", como él cariñosamente les llamaba, hasta Mompracem, isla que convirtió en su hogar y que pronto se convertiría en el terror del mar de Malasia.

With the Christmas season upon him, Detective Sergeant Bruce Robertson of Edinburgh's finest is gearing up socially—kicking things off with a week of sex and drugs in Amsterdam. There are some sizable flies in the ointment, though: a missing wife and child, a nagging cocaine habit, some painful below-the-belt eczema, and a string of demanding extramarital affairs. The last thing Robertson needs is a messy, racially fraught murder, even if it means overtime—and the opportunity to clinch the promotion he craves. Then there's that nutritionally demanding (and psychologically acute) intestinal parasite in his gut. Yes, things are going badly for this utterly corrupt tribune of the law, but in an Irvine Welsh novel nothing is ever so bad that it can't get a whole lot worse. . . . In Bruce Robertson Welsh has created one of the most compellingly misanthropic characters in contemporary fiction, in a dark and disturbing and often scabrously funny novel about the abuse of everything and everybody. "Welsh writes with a skill, wit and compassion that amounts to genius. He is the best thing that has happened to British writing in decades."—Sunday Times [London] "[O]ne of the most significant writers in Britain. He writes with style, imagination, wit, and force, and in a voice which those alienated by much current fiction clearly want to hear."—Times Literary Supplement "Welsh writes with such vile, relentless intensity that he makes Louis-Ferdinand Céline, the French master of defilement, look like Little Miss Muffet."—Courtney Weaver, The New York Times Book Review "The corrupt Edinburgh cop-antihero of Irvine Welsh's best novel since *Trainspotting* is an addictive personality in another sense: so appallingly powerful is his character that it's hard to put the book down....[T]he rapid-fire rhythm and pungent dialect of the dialogue carry the reader relentlessly toward the literally filthy denouement."—Village Voice Literary Supplement, "Our 25 Favorite Books of 1998" "Welsh excels at making his trash-spewing bluecoat peculiarly funny and vulnerable—and you will never think of the words 'Dame Judi Dench' in the same way ever again. [Grade:] A-."—Charles Winecoff, Entertainment Weekly
