Fans of the hit graffiti title Street Sketchbook will delight in this new volume dedicated to the journeys both geographical and imaginative of street artists. Twenty-six of the hottest new artists working worldwide today have opened up their sketchbooks to share their impressions as they travel on road trips, trek halfway across the globe, and explore internal landscapes. From widely diverse backgrounds, these cutting-edge artists share one crucial decision: to bypass conventional routes for the creative road less taken, the urban streets and alleyways. From doodles on a bus in Central America to fully realized murals spanning the Israel-Palestine border, Street Sketchbook: Journeys is an engrossing travelogue of visual free expression.

This collection of unique works by 150 Los Angeles graffiti and tattoo artists represents an unprecedented collaboration across the city's diverse artistic landscape. Many graffiti artists carry sketchbooks, called black books, and they ask crew members and others whose work they admire to inscribe their books with lettering or drawings. A few years ago, the Getty Research Institute invited artists, including Angst, Axis, Big Sleeps, Chaz, Cre8, Defer, EyeOne, Fishe, Heaven, Hyde, Look, ManOne, and Prime, to consider the idea of a citywide graffiti black book. During visits to the Getty Center, the artists viewed rare books related to calligraphy and letterforms, including works by Albrecht Dürer and Leonardo da Vinci. The artists instantly recognized the connections to their own practices and were particularly drawn to a liber amicorum (book of friends), a form of autograph book popular in the seventeenth century. Passed from hand to hand, it was filled with signatures, poetry, and coats of arms, like a black book from another era. Inspired by this meeting of minds across centuries, these artists became both creators and curators, crafting their own pages and inviting others to contribute. Eventually 150 Los Angeles artists decorated 143 individual pages. These were bound together into an exquisite artists' book that became known as the Getty Graffiti Black Book. This publication reproduces each page from the original artists' book and recounts the story of an unprecedented collaboration across the diverse artistic landscape of Los Angeles.
