that's good for you can be made more delicious with a smoothie. America is facing a health crisis -- and it's not the one making the headlines. Over the past decade, there's been a sharp rise in the number of people developing chronic health conditions, including Type 2 diabetes, heart disease, and some cancers. But the shocking truth is that it could have been stopped. The CDC estimates that lifestyle changes can stave off over 80% of all heart disease, stroke, and Type 2 diabetes cases. And that's where a plant-based diet comes in. With stars as diverse as Lizzo, Joaquin Phoenix, and Miley Cyrus hopping on the vegan bandwagon, it's clear that this is more than a celebrity craze: this is a trend that's here to stay, and for good reason. In fact, the areas of the world with the highest life expectancies (the so-called 'blue zones') follow a largely plant-based diet. The arguments are compelling, but many people are put off by the thought of learning a whole new way of cooking and navigating complex recipes and unfamiliar ingredients. Are you one of them? You're not alone -- a survey showed that 80% of respondents said they thought transitioning to a plant-based lifestyle would be too complicated to even attempt. But there's one powerful weapon that can help you in your quest to become healthier: a blender. A blender is your answer to taking the hassle out of plant-based living. With a comprehensive guide to smoothies for every health goal, you can drastically increase your intake of the world's most healthy ingredients. Whether your goal is weight loss, whole-body cleansing, or boosted energy and immune function, a smoothie is a nutritional powerhouse -- and you can tailor it precisely to your needs. "It is impossible to look at the rainbow of options in Smoothie Project without seeing health on every page. I am, as in all things WEELICIOUS, sold."—Jennifer Garner

Trusted family food expert and Weelicious founder serves up almost 100 transformative recipes for nourishing and delicious smoothies. Weelicious founder Catherine McCord is an expert recipe developer who helps families eat healthfully and deliciously. When her son started suffering from chronic nausea and her family doctors couldn't help, McCord turned to her experience with nutrition for an answer, researching until she discovered a surprisingly simple solution—smoothies. She shared her family's story and some of her favorite smoothie recipes on social media, and the Smoothie Project, a daily online source of inspiration, was born. People began to use her recipes and share how smoothies had become a force of change in their lives, too. Years of witnessing the positive effects that smoothies can offer inspired McCord to create a smoothie bible packed with almost 100 of her favorite, tried-and-tested recipes. With guidance from top nutritionists, McCord also explains how to eat based on your age and details the health benefits of key smoothie ingredients, so you can:

- Reduce stress and anxiety
- Lose weight
- Control ADHD symptoms
- Boost your immune system
- Improve digestion
- Increase your energy
- Eat to support pregnancy or breastfeeding
- Have beautiful, strong skin, hair, and nails
- Encourage kids to eat nutritious foods
- And more...

McCord offers a way to change your life in just twenty-eight days, using only your blender. All you have to do is commit to
