"Gentry and Ouellette are cannonballing into the reading research pool, they're making waves, and these waves are moving the field of reading forward." --From the foreword by Mark Weakland, Super Spellers
The past two decades have brought giant leaps in our understanding of how the brain works. But these discoveries--and all their exciting implications--have yet to make their way into most classrooms. With the concise and readable BrainWords, you will learn how children's brains develop as they become readers and discover ways you can take concrete steps to promote this critical developmental passage. Introducing their original, research-based framework of "brain words"--dictionaries in the brain where students store and automatically access sounds, spellings, and meanings--the authors offer a wealth of information that will transform your thinking and practice: Up-to-date knowledge about reading and neurological circuitry, including evidence that spelling is at the core of the reading brain
Tools to recognize what works, what doesn't, and why
Practical classroom activities for daily teaching and student assessment
Insights about what brain research tells us about whole language and phonics-first movements
Deepened understanding of dyslexia through the enhanced lens of brain science
With the insights and strategies of BrainWords, you can meet your students where they are and ensure that more of them read well, think well, and write well.

In Building Spelling Skills, Daily Practice, Grade 4, students will learn 18 spelling words per week (540 total). Two sentences for dictation are provided for each list. In this new edition, teaching objectives are provided for each of the 30 weeks. This title includes spelling lists, practice pages, and reproducible forms.

The effective and fun-filled way to teach spelling to elementary students
The Spelling Teacher's Lesson-a-Day gives teachers 180 engaging and ready-to-use lessons--one for each day of the school year--that boost spelling skills in students grades 3-6. These lessons may be used as "sponge" or "hook" activities (five-minute lessons to start off each school day) or teachers may simply pick and choose activities from within the book for the occasional spelling lesson. Fry teaches spelling patterns by contrasting homophones (like-sounding words) to help students recognize these spelling patterns in more complex words. He also boosts students' spelling skills by demystifying contractions, abbreviations, capitalization, silent letters, suffixes and prefixes, and more. Offers an easy-to-use method for teaching spelling that has been proven to be effective
Includes 180 ready-to-use, reproducible lessons--one for each day of the school year
A new volume in the new series 5-Minute FUNdamentals
This book is designed to be used by classroom teachers, homeschoolers, tutors, and parents.
