When strange dreams of a beautiful woman disturbed his sleep night after night and severe pain caused Aaron Summer to be whisked off to hospital, the last thing he expected was the appearance of his dream beside his hospital bed. The touch of her hand caused a jolt of static to run the length of his arm before he snatched his hand away. 'You' was all he could think to say. Her name was Aurora and she had the nerve to calmly inform him that the pain he was experiencing was quite natural and caused by his wings trying to break through and that he is, in fact, a Faerie. She had answered the call of his heart, his heritage. His heart song, so filled with longing that it transcended both time and space to bring her here, to find this lost soul, and assist with his Opening. 'I am your destiny, open or die'. Sometimes you have a feeling. Sometimes you just know.

After days of rain, a couple find an old man with huge wings in their courtyard in 'A Very Old Man with Enormous Wings' - but is he an angel? Accompanying 'A Very Old Man with Enormous Wings' is the short story 'The Sea of Lost Time', in which a seaside town is brought back to life by a curious smell of roses. Jack saw the ground rushing up to meet him. He glanced fleetingly at Katie Beth's picture and whispered, 'Forgive me,' as he tried to level her out before she hit. Only able to pull the massive plane up slightly, he knew the landing was going to be rough. Too rough. 'God, help me.' Jack and Katie Beth have been friends their whole lives, but they are the last to realize they are in love. When they go to their senior high school dance separately but leave together, no one else is surprised in the least. What does surprise them, however, are the choices Jack and Katie Beth make after the devastating attack on Pearl Harbor. Katie Beth and Jack are passionate about each other—but more passionate about the roles they will play for their country. Raised in a time when love for God, family, and country takes priority above all else, they are forced to come to terms with which of these loves will ultimately win out. Only time will tell if their sacrifices will keep them separated forever. Through Katie Beth and Jack, Kathleen Sherwood tells the perfect love story. The newest Oprah's Book Club 2.0 selection: this special eBook edition of *The Invention of Wings* by Sue Monk Kidd features exclusive content, including Oprah's personal notes highlighted within the text, and a reading group guide. Writing at the height of her narrative and imaginative gifts, Sue Monk Kidd presents a masterpiece of hope, daring, the quest for freedom, and the desire to have a voice in the world. Hetty "Handful" Grimke, an urban slave in early nineteenth century Charleston, yearns for life beyond the suffocating walls that enclose her within the wealthy Grimke household. The Grimke's daughter, Sarah, has known from an early age she is meant to do something large in the world, but she is hemmed in by the limits imposed on women. Kidd's sweeping novel is set in motion on Sarah's eleventh birthday, when she is given ownership of ten year old Handful, who is to be her handmaid. We follow their remarkable journeys over the next thirty five years, as both strive for a life of their own, dramatically shaping each other's destinies and forming a complex relationship marked by guilt, defiance, estrangement and the uneasy ways of love. As the stories build to a riveting climax, Handful will endure loss and sorrow, finding courage and a sense of self in the process. Sarah will experience crushed hopes, betrayal, unrequited love, and ostracism before leaving Charleston to find her place alongside her fearless younger sister, Angelina, as one of the early pioneers in the abolition and women's rights movements. Inspired by the historical figure of Sarah Grimke, Kidd goes beyond the record to flesh out the rich interior lives of all of her characters, both real and invented, including Handful's cunning mother, Charlotte, who courts danger in her search for something better. This exquisitely written novel is a triumph of storytelling that looks with unswerving eyes at a devastating wound in American history, through women whose struggles for liberation, empowerment, and expression will leave no reader unmoved. The inner city of Baltimore was not what I had pictured in my dreams. The streets were filled with hoodlums, with violence, and they were filthy. Who knew-even murders might have been committed on Washington Street. This was not the place for a kid from the suburbs who loved playing Cowboys and Indians. As my dad called, I knew we were here for good in our new old row house. Thus begins the new novel from Louis Tabor, a story inspired by his own childhood in the inner streets of Baltimore. The

'Words should not seek to please, to hide the wounds in our bodies, or the shameful moments in our lives. They may hurt, give us pain, but they can also provoke us to question what we have accepted for thousands of years.' Nawal El Saadawi is one of the greatest writers to come out of the Arab world. Born in a small Egyptian village in 1931, her life and writings have shown an extraordinary strength of character and a unique ability to create new worlds in the fight against oppression. Saadawi has been pilloried, censored, imprisoned and exiled for her refusal to accept the oppression imposed on women by gender and class. Still, she continues to write. In *A Daughter of Isis*, Nawal El Saadawi painted a beautifully textured portrait of the childhood that moulded her into a novelist and fearless campaigner for freedom and the rights of women. *Walking through Fire* takes up the story of her extraordinary life. We read about her as a rural doctor, trying to help a young girl escape from a terrible fate imposed on her by a brutal male tyranny. We learn about her activism for female empowerment and the authorities that try to obstruct her. We travel with her into exile after her name is put on a fundamentalist death list. We witness her three marriages, each offering in their way love, companionship and shared struggle. And we gain an unprecedented insight into this most wonderful of creative minds.

worked together while dreaming lofty dreams of making a better life for ourselves. Through learning to have faith in God and the proper guidance from family, the church, teachers and a community that expected high achievements from the youth of that community, the die had been cast. Dr. Cartwright was able to develop a huge desire to be the best that he could be and to live a righteous and prosperous life despite his humble beginnings. In this book he used many Biblical principles to remind the public of the living Word in hopes of lifting others up in their daily struggles to succeed. He has unselfishly opened himself up to scrutiny by revealing some of his own darkest moments and how he was able to overcome, hoping to illuminate a path of self redemption and grace that is available to us all.

By 1945, Barnato had lost many friends, a fiancé, and a husband—but she continued to fly. Grenadian Experience Shines Like a Caribbean Jewel in this Book of Personal History John Jakasal poetically presents the soul of Grenada and how it can survive and prosper as world renowned "Isle of Spice" with his life as an example. USA, The Caribbean & Globally Grenadian writer and author John Jakasal weaves "the cobweb that hides two paths in life" in

the eminently readable memoir *Grow Your Wings, Fly Away And Build Your Nest*. Sharing his family background and life story, he spins illuminating connections to Grenadian history through the colonial phase and compares it to the modern, complex fruit of that history to rekindle the island's spicy reputation and agricultural foundation that has seemingly lost its colors diminished by the annual hurricanes. He discusses what it means to be a Grenadian American as chief Technologist, Professor in the school of Radiology Technology and Clinical Instructor. His kind finds itself readily accepted in New York City, a place known for its homogenous international culture. His story may be unusual to many, but it is given serious consideration in this eye-opening memoir of a young man from humble beginnings who worked hard, left his parents' home, never forgetting from where he came, became independent, owes not a single man, and now comfortably retired. Author John Jakasal's textual path dances on the light of his spider's web, and the dance of the spider as he weaves a vision of home, of a place to live and make a living in an agricultural safety net. Yet the delicate nature of Grenada's present is also present in the proceedings. The spider's web is a delicate, gossamer beauty and it is Jakasal's brilliant poetic view of his mother island; little Grenada swamped by waves modernism and highwood. In Jakasal, as well as in the strong moral heart of his book, lie all things Grenadian: The island beauty and its blessed clime, the physical points of national identity that are still remarkably untouched despite the onslaught of modernity. This is further refined into an appreciation of how America is a place of opportunity for anyone willing. A place where a Grenadian's native qualities can shine. Jakasal gives readers the taste of native Grenadian stew in this work, and it is an experience both filling and a taste everyone of his readers will remember with an appreciation of the nation and the people that made it. Self-doubt has many of us convinced that life is infinitely better if we keep telling ourselves "I can't" rather than face our fears and try. As a result, we feel frustrated and unfulfilled. This journal invites the writer to recognize their roots, relish their opportunities, and begin to transform their dreams to reality. Perfect for teenagers and adults alike, this journal presents the perfect prompts to catch all the stories that bring her closer to discovering a more joyful, fulfilled version of her most authentic self.
