Hymn to Tripurasundar? (Hindu deity).

Among the names Lalita is the best. Among the mantras, Shreevidya is the best. And in Shreevidya, the Kadividya is the best. The Sreepura is the greatest among cities; among the Shreevidya Upasakas, Paramashiva is the prime devotee. One is attracted to Shreevidya only in his last birth. Those who take to this worship will have no more births. It requires an extraordinary merit to get initiated in Shreevidya. Can anyone see objects without vision or assuage their hunger without taking food? Similarly, no one can attain Siddhi, or please the deity, without the help of Shreevidya. Let Shreedeevee shower the readers with her choicest blessings.Om Tat Sat

Divine Mother abides in Sri Chakra. This is also known as Sri Yantra and Chakra-raj. This is the most supreme amongst all the yantra-s. Uttara bhag (the chapter containing the benefits of recitation, also known as phalashruti) of Lalita Trishati elucidates Sri Chakra in a comprehensive manner. Sri Chakra is the body of Shiva and Shakti. Sri Chakra is compared to a human body and Shiva and Shakti are compared to the soul within. Sri Chakra is full of life and energy and should be worshipped with great reverence. Any god or goddess can be worshipped in Sri Chakra, as all of them have a place in it. The book has three sections. First section is titled “Journey to Sri Chakra”. This part elaborately deals with Sri Nagara the outer portion of Sri Chakra. We can enter Sri Chakra only after crossing Sri Nagara, which has several forts guarded by different gods and goddesses. Our journey to Sri Chakra begins from Sri Nagara. During this journey, we worship various gods, goddesses, sages and saints. We

also come across various rivers, ponds, forests and gardens. When we have traversed through Sri Nagara, we are able to see Sri Chakra and we continue our journey towards the innermost triangle after passing through various devi-s guarding Lalitambika by remaining in various triangles of Sri Chakra. We worship them and finally proceed to the innermost triangle where we are completely purified. Inside the triangle, we are blessed to have darshan of Lalitambika. After spending sometime at Her feet She takes us to Shiva in the Bindu to get us liberated. The second section of the book deals with Navavarana Puja. Every aspect of mantras is explained in detail by quoting references form Lalita Sahasranama and other sacred Scriptures. This part of the book is a complete guide to perform navavarana puja and all the mantras with explanations and images are given. This section of the book is elaborate, as it contains mantras, images and explanations and detailed procedure for performing the Navavarana puja. Third and final section of the book is Bhavanopanishad. Bhavana means imagination or formation of a concept in the mind. Like any other Upanishad, this Upanishad also does not deal with practices. It helps us to contemplate our body with Sri Chakra. There are totally thirty seven verses (some texts call these as sutra-s). Detailed interpretations are given for all the sutras. At the end of this portion, we will be able to contemplate our body as Sri Chakra. Print edition consists of both Sanskrit and English texts. English texts are given in IAST format so that, those who are not conversant with Sanskrit can pronounce the mantras properly. Pronunciation guide is also provided. This book can be acclaimed as an encyclopaedia of Sri Chakra.

On the Hindu Shakti cult.

"Sri Vidya begins where the current understanding of quantum physics ends," say modern-day scholars about this little-known, highly esoteric spiritual tradition that has been carefully kept under wraps by its secretive and serious practitioners. The study of Sri Vidya is fascinating as much as it is frustrating because information about its various aspects is exceptionally hard to find. *Tantra, Mantra and Yantra of Sri Vidya* is an endeavor to explore the Sri Vidya tradition and understand it as the unfolding of Shakti, the inherent power which lies at the core of our being and holds the key to our worldly and spiritual success. Sri Vidya practice comprises tantra (a technique or framework for worship) whose two main elements are mantra (sacred sound) and yantra (sacred geometry). Tantra can be described in simple terms as the utilization of the mental faculty to pursue the objectives of worship using mantra and yantra. Mantra is the use of sound energy to bring about oneness with the Divine while yantra is a geometric drawing that serves as a tool to reach the Divine. The book delves into concepts such as Sankhya, Yoga, Karma and Kundalini in order to establish the context of how Sri Vidya is to be approached, combining elements of knowledge, devotion and ritual. The author has kept in mind the sensibilities of the modern spiritual seeker and their needs and interests, presenting the information in a non-dogmatic and practical manner, thereby allowing everyone

an opportunity to learn and experience the benefits of Sri Vidya. This is the third book by the author in the Spirituality Series. The first book was about the Sri Chakra Yantra and the second book had Chakras as its subject.

A much-needed, comprehensive and up-to-date thematic and historical survey of Hinduism. Yoga is flying across the shores of Bharatha all over the world like an eagle. The entire humanity needs yoga today. If going after Yoga to get rid of diseases is one dimension, using Yoga to make our body healthy so that we can enjoy material pleasures is the other dimension. This was not what those great Rshis who evolved Yoga had in mind. Yoga is another name for pure living. If man lives, being aware of the purpose for which he was created, what else can it be excepted in Yoga? Human body is a temple. In a larger sense, it is the dwelling place of gods. Whatever one finds in the world is present in the human body. We have 72,000 Nerves in the body, also we have 72,000 Nadies which are subtle channels and centres of energy. We get a detailed account of these in books on Hatayoga. In this background Mudras and Bandhas occupy a place of great significance. We have a considerably difficult challenge to convert this Annamaya body into one, the object of which is Dharma Sadhana. Kalidasa has announced, "Shareeramadyam khalu dharma sadhanam". Our sages have said, "Manaeva manushyanam karanam bandha mokshayoho" Our mind is the cause of both Bandha and Moksha. In that case how can we make use of the techniques available to us to the best of our advantage? "Mudras" help us to keep our body and mind pure and chaste. They are tools to lead us to life fulfilment. When we activate the nerve and nadi centres in the body, they make the flow of energy smooth. Our body is a fantastic machine designed by the Creator. He has set in it a super computer called the 'Brain'. All the activities in our body are controlled by the

Mind. The pressure exerted on certain key points in the body and in hands, energises the centres in the brain. We have come to know this truth as a result of experiments conducted in different parts of the world. Acupressure specialists assert that if we activate certain points in the legs, hands and ears, we can ward off a number of disorders of the body. In our ancient Tantra Marga we hear about "Khechari Mudra". During five thousand years after sage Vedavyasa, our ancestors have devised a number of ways to help man keep himself fit. They are simple and workable. We get a sea of information about Mudra Science in a number of books on Yoga shastra and Tantra Shastra. In a few of our epics also, we get references to these Mudras.

Treatise deals with the secret ??kta-Tantric worship.

There are lot many books in stores about Sri Chakra worship. Worshipers do hear about Navaavarna, Nityaa Devis and all. But there is no other authentic book describing about each of the Navaavarna and mapping the same with Sri Devi Khadgamala Stotram and all. More specifically there is no other book to talk about the construction of Sri Chakra and explain the nuances about the each of the triangle, square, circle, etc. This book is unique in this regard. Srividya is a discipline where abounds considerable mystery, esotericism and occultism. There is among laymen quite some ignorance concerning its philosophy and practice. There is also a host of doubts and uncertainties among practitioners themselves. The presence of different tradition in Srividya further adds to the confusion. The textual background to Srividya has almost become obscure and obsolete; it has become more a matter of individual lineages of practices. In the circumstances there is need for an authentic and comprehensive account of all variances of Srividya. Here is an attempt towards this direction.

Living Mantra is an anthropology of mantra-experience among Hindu-tantric practitioners. In ancient Indian doctrine and legends, mantras perceived by rishis (seers) invoke deities and have transformative powers. Adopting a methodology that combines scholarship and practice, Mani Rao discovers a continuing tradition of visionaries (rishis/seers) and revelations in south India's Andhra-Telangana. Both deeply researched and replete with fascinating narratives, the book reformulates the poetics of mantra-practice as it probes practical questions. Can one know if a vision is real or imagined? Is vision visual? Are deity-visions mediated by culture? If mantras are effective, what is the role of devotion? Are mantras language? Living Mantra interrogates not only theoretical questions, but also those a practitioner would ask: how does one choose a deity, for example, or what might bind one to a guru? Rao breaks fresh ground in redirecting attention to the moments that precede systematization and

There are many books written in abstract language on the Tantra Upasana known as Sri Vidya. However, they contain highly technical words, mantras and rituals which are beyond the understanding of a layman who is alien to the concept of Hindu religion. Hence, more than enlightening the reader, they confuse him. In this aspect, this book is different in its diction. It tries to explain the abstruse subject of Sri Vidya in simplest possible terms, highlighting its most benign form of practices. Explaining the meanings of important mantras from the Upanishads, the connection between Sri Vidya and the Vedas has been established in this book. In addition, the four paths of Sri Vidya have been briefly touched upon, introducing the readers to the practical aspects of these four esoteric paths. Dispelling the fear of Tantra and the worship of God in his feminine aspect, the entire subject of Sri Vidya has been explained in this book. If the reader develops interest in the sadhana of Sri Vidya after reading this work, we feel our efforts in writing this book are fulfilled.

Shri Lalita Trishati, like Lalita Sahasranama is discussed in Lalitopakhyana of Brahmandapurana, which is in the form of conversation between Shri Hayagriva (an incarnation of Vishnu and is considered as the presiding God for knowledge) and sage Agastya, who is a great worshiper of Parashakti through his own Panchadashi mantra which is different from the regular Panchadashi mantra (composed by Manmatha, who is also known as Cupid). Trishata means three hundred. Shri Lalita Trishati consists of three hundred namas, carved out of fifty nine couplet verses. Shri Lalita Devi has four forms viz. gross form, Kamakala form, Kundalini form, and mantra form. All these forms are explained in Lalita Sahasranama such as kamakala rupa (322), kundalini (110), mantra-sara (846), mahamantra

(227). She is worshiped in various gross forms such as Kali, Tara, Gayatri (420), Mahalakshmi (210), etc. Kamakala is Her subtler form, where She remains intimately with Shiva. Her kundalini form is the subtlest of all and if She is made to ascend, She rushes to the top of the head, sahasrara, where She spends intimate moments with Her Lord Shiva. Worshiping Her mantra form is known as Shri Vidya. She represents all letters and words in the form of Shabdabrahman (Lalita Sahasranama 204 sarvamantra-svarupini). Each of Her gross form, such as Kali, Tara, etc as mentioned in Dashamahavidya, is worshipped with different mantras and these worships are known as Tantras. All the three hundred namas have been explained in detail by drawing references from Lalita Sahasranama , Upanishads, Saundaryalahari, Bhagavad Gita, etc. The namas are printed both in English and Sanskrit. Standard IAST format is used throughout this book.

In this text the Divine Mother is adored in Her creative aspect under the name Tripura which means the Mother who embodies the three Bindus or creative stresses.
