Chavvah Trimmel, a werecoyote and part owner in Sunny's Outlook, has recovered physically from her kidnapping, but emotionally she still has scars. Her best friend Sunny is happily married and knee deep in baby poop, all Chavvah wants to do is focus on the future and forget about the past. When the Tri-State Council of therianthropes decides to hold their annual Jubilee in Peculiar, Chavvah is stoked. It's great for business, and a hunky new shifter in town might be the answer to getting over a crush she has on a certain werewolf shaman-doctor who doesn't know she even exists. A murder in Sunny's Outlook makes ignoring Billy Bob Smith impossible, especially after he insists on trying to keep her safe. But his strange behavior--acting protective, territorial, and annoyed (okay, the annoyed part isn't that strange), has Chavvah worried more about her heart than her safety. It doesn't help that she's hearing voices...again. The town, full of shifters from Arkansas, Kansas, and Missouri, is on lock down. Another murder has everyone on edge. Can Chavvah and her friends find the killer? Or will she or someone she loves be the next victim? Peculiar Mysteries series from USA Today bestselling author Renee George are laugh-out-loud, grip the edge of your seat, and swoon as you fall in love tales of mystery, humor, and romance that take place in the small (fictional) Ozark shifter town of Peculiar, Missouri.

It is 1953, and the last great transcontinental air race from London to Christchurch is about to begin, but even before the KLM plane has left the runway, it has already become famous as the 'bride flight'. Of its sixty emigrating passengers, many are brides-to-be flying out to join their fiancs on the other side of the world. Among them are Ada, Marjorie and Esther, each of them with their own reasons for wanting to leave behind the hardships of post-war life at home, and their own pasts. During the trip they meet Frank, a charismatic bachelor, who will come to have a dramatic influence on their lives, and who exerts a continued hold over each of the women as they follow their very different paths in New Zealand. It is only when they meet again, years later, at Frank's funeral, that the three women - now 'brides in black' - get to hear each other's stories for the first time and realize just how closely their lives have been bound together by what happened on the bride flight.

"A rediscovered treasure." — Maureen Corrigan, *Washington Post* From Betty Smith, author of the beloved classic *A Tree Grows in Brooklyn*, comes a poignant story of love,

marriage, poverty, and hope set in 1920s Brooklyn. *Tomorrow Will Be Better* tells the story of Margy Shannon, a shy but joyfully optimistic young woman just out of school who lives with her parents and witnesses how a lifetime of hard work, poverty, and pain has worn them down. Her mother's resentment toward being a housewife and her father's inability to express his emotions result in a tense home life where Margy has no voice. Unable to speak up against her overbearing mother, Margy takes refuge in her dreams of a better life. Her goals are simple—to find a husband, have children, and live in a nice home—one where her children will never know the terror of want or the need to hide from quarreling parents. When she meets Frankie Malone, she thinks her dreams might be fulfilled, but a devastating loss rattles her to her core and challenges her life-long optimism. As she struggles to come to terms with the unexpected path her life has taken, Margy must decide whether to accept things as they are or move firmly in the direction of what she truly wants. Rich with the flavor of its Brooklyn background, and filled with the joys and heartbreak of family life, *Tomorrow Will Be Better* is told with a simplicity, tenderness, and warmhearted humor that only Betty Smith could write.

Have you ever wondered if you are really in control of your life? Or could it be that someone or something has been placed in front of a computer somewhere and is pushing buttons and sending messages to your brain? What really influences our daily decisions: friends, family, God, the government perhaps, or a dog? These are the questions Dr. Anthony Harding begins to ask himself shortly after arriving in San Diego. He's convinced that the only way his two daughters will ever overcome their mother's death and the stigma of her alcoholism and drug addiction and the only way to repair his own status as a dead-beat dad is to jump on a job offer that will move them as far away from Chicago's south side as possible. His expectations doesn't include being attracted to a pint-sized independent neighbor from Louisiana whose best friend seems to be a miniature chocolate poodle that appears to have a talent for making unusual things happen.
