“This is a powerful book—tiny is mighty. Sharon Rowe's simple shift in thinking is a profound idea, precisely what we need to hear.” —Seth Godin, author of *Linchpin* Too many of us feel trapped by work that keeps us from living our purpose. We fantasize about starting our own business, yet we're warned against falling into debt, working eighty hours a week, and coping with the pressure to grow. Eco-Bags Products founder Sharon Rowe says there's another way: go tiny. Like a tiny house, a tiny business is built on maintaining a laser focus on what is essential by living an intentional life. As an entrepreneur and mother, Rowe is most concerned with putting family first, maintaining financial security, and doing something that makes an impact in the world. Using the success story of Eco-Bags Products, Rowe distills the step-by-step process of building a profitable, right-scaled, sustainable venture that doesn't compromise your values. She shows you how to test

Standing out is no longer optional Too many people believe that if they keep their heads down and work hard, they'll be recognized on the merits of their work. But that's simply not true anymore. "Safe" jobs disappear daily, and the clamor of everyday life drowns out ordinary contributions. To make a name for yourself, to create true job security, and to make a difference in the world, you have to share your unique perspective and inspire others to take action. But in a noisy world where it seems everything's been said—and shouted from the rooftops—how can your ideas stand out? Fortunately, you don't have to be a genius or a worldwide superstar to make an impact. Drawing on interviews with more than fifty thought leaders in fields ranging from business to genomics to urban planning, Dorie Clark shows how these masters achieved success and how anyone—with hard work—can do the same. Whether it's learning to ask the right questions, developing and building on an expert niche, or combining disparate fields to get a new perspective, Clark outlines ways to develop the ideas that set you apart. Of course, having a breakthrough insight is only half the battle. If you really want to share your ideas, you have to find a way to build an audience, communicate your message, and inspire others to embrace your vision. Starting small is fine; Clark provides a step-by-step guide to help you leverage your existing networks, attract new people to your cause, and, ultimately, build a community around your ideas. Featuring vivid examples based on interviews with

influencers such as Seth Godin, David Allen, and Daniel Pink, Clark shows you how to break through and ensure that your ideas get noticed. Becoming a thought leader in your company or in your profession is the ultimate career insurance. But—even more important—it's also a chance to change the world for the better. Whatever your cause, perspective, or point of view, the world can't afford for the best ideas to remain buried inside you. Whether it's how to improve the educational system or how to make your company more efficient, your ideas matter. The world needs your insights, and it's time to be bold.
