Turn your passion for horses into a successful business. Full of proven techniques to help you maximize profits and minimize headaches, this practical guide shows you how to create a viable business plan, identify marketing opportunities, and efficiently maintain your facilities. With savvy tips on reducing veterinary and feed costs, you'll learn how to make your operation self-sufficient and keep it financially sustainable. Whether you run a boarding stable or a riding camp, you're sure to find the information you need to keep your business running smoothly.

START-UP NATION addresses the trillion dollar question: How is it that Israel-- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the "Israel effect", there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.

Starting your own UK business is an exciting - and challenging - time. This updated edition of the startup classic shows you how to build a business agile enough to take advantage of emerging trends and opportunities, and sturdy enough to weather any storm. Packed with real-life examples and links to hundreds of valuable resources, Starting a Business For Dummies, 4th UK Edition gives you what you need to make the leap from employee to successful entrepreneur with confidence. All your favourite, trusted content has been updated including: Laying the groundwork and testing the feasibility of your business idea Writing a winning business plan and finding funding How to operate effectively, including managing your finances and employing people Growing your business and improving performance New content includes: The latest funding schemes, including government funding and crowdfunding Tendering for public sector work Avoiding business cyber-crime Franchising and pop ups Exporting (the government has set a target of doubling the number of exporting companies by 2020) Environmental impact (a recent survey found 77% of SMEs wanted to know how to measure and improve their environmental impact) Starting a Business All-In-One For Dummies will give you the practical advice you need to start any type of business. The content will reflect today's opportunities and challenges, managing your personal and business risks, and how to successfully navigate your first year in business, including branding and marketing. Learn to start up your dream business from scratch, write a winning business plan, secure financing, manage your risks successfully, navigate your first year of operation, and much more!

This book will open your eyes to the world of horse boarding and all that it encompasses. One of the most often asked questions I get from people who want to start a boarding business is, "Where do I start?" Great question! Most people, including myself, usually start with a couple of horses and then progress into boarding. This book is a step by step guide on what you need to do to get your barn or stable up and going and how to maintain a strong and healthy boarding business. Whether you want to run a large facility or a small stable this book will cover everything you need to know to help you start off with a strong foundation for your business. I have included a current business plan (designed especially for the horse boarding industry), boarding contract and barn rules which is only the beginning. This book will walk you through every step and give you tasks lists and suggestions for every part of your business from designing your barn to seeking a loan. This book includes designing a barn or stable, your tack room, horse stalls and riding arenas. It covers extensive pages on herd management, turnout and paddocks and how to design them and what to think about before you put the first post in the ground. It will include business insurance, accounting and lawyers and what they mean to your business. I discuss the financial part of business ownership throughout the book and how to streamline your chores and hire employees. I discuss conflict resolution, the barn manager's role and client relations and the intention of this book is to help you avoid some of the common pitfalls of barn management and business ownership and that is only the beginning. The topics that are covered in this book are extensive and you won't find a more current book on running a boarding business. This book will benefit any size boarding operation. A large boarding barn equates to a large scale effort and risk. A small boarding stable carries lower financial risk but requires the same planning to be successful and can have many of the same issues as a large facility. Every area of the horse industry is impacted by the boarding stable and no matter the size; each plays an integral part in the success and stability of the equine industry. Discusses the prerequisites to starting a business and shares his own start-up strategies

Guides you through a comprehensive, practical and personalised process as you negotiate the pitfalls and reap the rewards of starting your own coaching business. This title helps to establish and develop your coaching practice by identifying how you will handle each of ten key aspects of your business

"Completely revised and updated"--Cover.

This business classic features straight-talking advice you'll never hear in school. Featuring a new foreword by Ariel Emanuel and Patrick Whitesell Mark H. McCormack, one of the most successful entrepreneurs in American business, is widely credited as the founder of the modern-day sports marketing industry. On a handshake with Arnold Palmer and less than a thousand dollars, he started International Management Group and, over a four-decade period, built the company into a multimillion-dollar enterprise with offices in more than forty countries. To this day, McCormack's business classic remains a must-read for executives and managers at every level. Relating his proven method of "applied people sense" in key chapters on sales, negotiation, reading others and yourself, and executive time management, McCormack presents powerful real-world guidance on • the secret life of a deal • management philosophies that don't work (and one that does) • the key to running a meeting—and how to attend one • the positive use of negative reinforcement • proven ways to observe aggressively and take the edge • and much more Praise for What They Don't Teach You at Harvard Business School "Incisive, intelligent, and witty, What They Don't Teach You at Harvard Business School is a sure winner—like the author himself. Reading it has taught me a lot."—Rupert Murdoch, executive chairman, News Corp, chairman and CEO, 21st Century Fox "Clear, concise, and informative . . . Like a good mentor, this book will be a valuable aid throughout your business career."—Herbert J. Siegel, chairman, Chris-Craft Industries, Inc. "Mark McCormack describes the approach I have personally seen him adopt, which has not only contributed to the growth of his business, but mine as well."—Arnold Palmer "There have been what we love to call dynasties in every sport. IMG has been different. What this one brilliant man, Mark McCormack, created is the only dynasty ever over all sport."—Frank Deford, senior contributing writer, Sports Illustrated

"If I was going to start a new business today I would be sure to study and pay close attention to Kevin Ready's new book, Startup. His wisdom, experience, and his self-effacing and honest writing make this a real gem for aspiring entrepreneurs and business people of all kinds." —Bob Beaudine, author of The Power of WHO Startup: An Insider's Guide to Launching and Running a Business is for people who are excellent at something—product or web development, writing code, marketing or selling anything—but who are now toiling for others. Yet they have long had a dream: to take that special skill set and use it, on their own terms, in a startup business. This pattern is romanticized by the media in the form of the "tech entrepreneur"—the guy brainstorming with buddies in a garage who ends up selling his startup for millions. But what is the reality behind stories like that one? For that matter, what mental processes, frames of reference, hard knocks, and lessons learned make up the "back story" behind any startup success? This book not only reveals the actual experience of entrepreneurship, but it provides readers with a set of universal entrepreneurial skills and tools they can use to build a business. Author Kevin Ready has made this journey, and more than once. He earned his MBA—Master of Bruise Acquisition—through numerous encounters with "situations," problems, black holes, bad employees, sea monsters, not enough money, and other karate chops to the organizational body. Startup illustrates in detail the lessons he learned the hard way—so you don't have to. Backed up by stories of both his successes and failures, Ready helps readers learn shortcuts to help

them do what eight out of 10 entrepreneurs can't: Build and sustain a successful start-up. Illustrates the entrepreneurial journey from start to finish Helps readers decide—or not—to start a business Provides dozens of lessons learned and other takeaways budding entrepreneurs can put to use today

This guide for aspiring entrepreneurs provides expert advice on every aspect of launching a new business. It is designed to be of particular value for academics wishing to exploit the commercial value of a new technology or business solution. Inspiring and readable, it shows how to evaluate the strength of a business idea, how to protect inventions, reviews legal steps and responsibilities, shows how to position products in the market, how to create a business plan and raise initial capital. Case studies, exercises and tips demystify the process of starting a business, build confidence and greatly increase the chances of success.

An updated edition of a guide for business-minded horse entrepreneurs includes an expanded section on safety, tips for operating a riding school or horse camp, strategies for launching a carriage business, tax and insurance advice and suggestions from successful equestrian entrepreneurs and enterprises. Original.

Dives into all aspects of starting and establishing an online business, including the very latest big trends Highlights business issues that are of particular concern to online businesses Reveals how to identify a market need, handle promotion, choose Web hosting services, set up strong security, pop up prominently in search engine rankings, and more Covers the hottest social media marketing opportunities, including Twitter, Facebook, YouTube, and blogs Shows you specific types and examples of successful online businesses Provides the latest on B2B Web site suppliers, such as Alibaba.com Build a better online business from the ground up, starting with Starting an Online Business For Dummies, 6th Edition!

The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.

Start a successful business mid-life When you think of someone launching a start-up, the image of a twenty-something techie probably springs to mind. However, Gen Xers and Baby Boomers are just as likely to start businesses and reinvent themselves later in life. Never Too Old to Get Rich is an exciting roadmap for anyone age 50+ looking to be their own boss and launch their dream business. This book provides up-to-date resources and guidance for launching a business when you're 50+. There are snappy profiles of more than a dozen successful older entrepreneurs, describing their inspirational journeys launching businesses and nonprofits, followed by Q&A conversations, and pull-out boxes containing action steps. The author walks you through her three-part fitness program: guidelines for becoming financially fit, physically fit, and spiritually fit, before delving more deeply into how would-be entrepreneurs over 50 can succeed. • Describes how you can find capital to start your own business • Offers encouraging stories of real people who have become their own bosses and succeeded as entrepreneurs • Written by PBS Next Avenue's entrepreneur expert, Kerry Hannon • Teaches you how to start your own business Never Too Old to Get Rich is the ideal book for older readers looking to pursue new business ventures later in life.

Chained up in the hold of a French warship, Lusignan's only hope of escape rests with his captor - Captain Paul. A man with a mysterious past, Captain Paul is transporting Lusignan to exile in the West Indies. Little does he know that his mission is a sham. His prisoner is an innocent man, framed because he fell in love with a Count's daughter. Once the truth is revealed, Paul and Lusignan return to France, determined to seek justice. Inspired by the real life of American Revolutionary War hero John Paul Jones, "Captain Paul" is a rollicking melodrama, packed with action and romance. A fine precursor to Dumas' later classics, it's especially recommended for fans of naval adventures, like C.S. Forester's "Hornblower" series. Alexandre Dumas (1802 - 1870) was a hugely popular 19th Century French writer. Born of mixed French and Haitian heritage, Dumas first rose to prominence in Paris as a playwright, but later gained international fame with his historical fiction. Often co-authored with other writers, these stories wove together swashbuckling adventure, romance, and real events from France's past. Among the best known are "The Three Musketeers", and its sequels "Twenty Years After", and "Le Vicomte de Bragelonne: Ten Years Later". Set across four decades, this trilogy follows the rise of the dashing D'Artagnan—from hot-headed soldier to trusted captain under Louis XIV. Dumas' other novels include "The Count of Monte Cristo" and "The Black Tulip". His works have been adapted into more than 200 movies, including The Man in the Iron Mask starring Leonardo DiCaprio.

Become a mobile food mogul with advice from an industry expert This book is fully stocked with everything you need to know to join the ranks of foodies-on-wheels. A sure path from start to success with your mobile restaurant, you get: - A primer on the food truck industry - The various types of rigs and setups available - Simple strategies for using social media to promote your food truck - Essential information on keeping your food, your customers, your employees, and your truck safe - Sound advice on building your clientele, making your customers happy, and keeping them happy.

Now you can learn how to setup and operate your bookkeeping business quickly and efficiently. Advice on how to get your business on the Web quickly and economically Completely revised and updated Includes the latest information on web hosting, search engine optimization, pay-per-click advertising, harnessing the power of social media marketing, and more Whether you're a budding entrepreneur or a small business owner looking to expand your business online, this up-to-date and easy-to-follow guide covers all the essentials you need to know to get on the Web quickly and economically, without all the technical jargon and hype bogging you down.

Business owners are regularly confronted by legal questions and problems. But with lawyers typically charging \$250 an hour, calling one can be a fast track to the poorhouse. Fortunately, Legal Guide for Starting & Running a Small Business clearly explains how to: -- raise start-up money -- get licenses and permits -- buy or sell a business -- negotiate a favorable lease -- hire freelancers and employees -- understand business tax rules -- pick and protect a name -- resolve legal disputes -- and much more

Author of cult classics The Pumpkin Plan and The Toilet Paper Entrepreneur offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that: - Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances. - A small, profitable business can be worth much more than a large business surviving on its top line. - Businesses that attain early and sustained profitability have a better shot at achieving long-term growth. With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

Starting and Running a Business All-in-One For Dummies John Wiley & Sons
