My name is Fynn Young. Fynn is pronounced as it sounds - F-I-N-N. I live in Mississippi in a small city called Tupelo. I was born in 1901. If you guessed my age to be 114 years old, you are correct. So how am I still alive? I am a female wolf shifter. When I was 24 years old, I learned I had a unique gift. I could change into a black wolf. I will forever look as though I am in my early 30s now. Being a shifter is something I have struggled with for 90 years. Coming to terms with it, I mean. I live in the South and I haven't come into contact of any of my kind but once and he was no help. I don't want to live in a pack, although they say packs are healthier and are more adjusted. I don't have very much information as far as being a wolf shifter. I don't know anyone else like me. So while I do my tracking, I also look for people like me who can hopefully answer my questions. I do know a little about what I can do. I can shift anytime; I don't need a full moon. Silver does hurt very badly and will kill a shifter if it isn't treated immediately. I don't kill humans when I shift, I hunt for small game animals. I do love dogs. I actually have a dachshund named Riley. And as far as I know, there is no cure for what I have since I was born a shifter. When I shift, I transform into a 110-pound female wolf with hazel green eyes and thick dark brown, almost black fur. I chose to use my, curse, as I call it, for good. I track down missing people. People who may be missing by choice, or who may not be. I also track children who are lost, kidnapped, or are runaways. I work alongside my trusting companion Riley and two other friends. This is our story.

I'm officially a member of Mateo's pack now, which means the panthers can't touch me. I thought joining his pack would mean that I would finally belong somewhere, but not everybody is welcoming. I'm still the odd one out--the runt who stole their future alpha. But those things don't matter. I have my mates, and I'm content. For the first time in my life, I am happy. When the truth comes out about my past, about who I really am, even my friends start to doubt me. Maybe they're right. Maybe I'm not a good person. Layla Rosewood--the unwanted panther. Still, I refuse to give up, no matter how bleak things may seem. If being the runt has taught me anything, it's how to survive. I'll show them all that I'm stronger than they think. My sister sat astride the large cat creature, laughing. My sister? I strode away from the second-story window using my energy as a stage. My power buoyed me, swirling purple and red with shimmers of silver, like sparklers at a celebration. The woman on the far side of the Warlock Society's tall brick wall did look like me. Thinner with stronger facial features, but we had the same phosphorescent green eyes and dark, wavy hair. She definitely gave off more badass vibes. With half her head shaved and riding a giant feline, she had instant tough-girl status. Her aura swirled with rainbows like an oil slick on a puddle. The cat creature was the size of a bus, with orange and black striped fur. Its long tail swayed behind it, twitching with anticipation like a house cat watching birds through a window. Zombies filled the city street, swaying around them. When my sister laughed, the undead turned and watched as if waiting for a command. A flash of sparkling fuchsia caught my eye. A child-sized woman with wings shot from behind the mammoth cat and fluttered above my sister. Bright pink hair braided in tight cornrows accentuated red, almond-shaped eyes. She smiled at me, exposing long, purple fangs. Okay... "I am Ophelia," my supposed sister announced. "The seventh daughter of the seventh son, the shifter who cannot shift. The warlock who is a woman, the anomaly, the other part of you. Your destiny." The person Suki said I needed to end the zombies... The undead parted, and a man appeared—naked except for intricate black tattoos from his chin down to the tips of his toes. His shaved head and sharp facial features were the only parts of him not inked. "You want to introduce your friends?" I asked. Ophelia laughed again, and the cat grinned, exposing two more canines as thick as my arm. Awesome. "Okay... a shifter who can't shift. That's just not a shifter, right? I can't shift either, but I don't go around using it as a moniker." Her lips didn't move, but her eyes lit with amusement as she answered in my head. "I'm the shifter who cannot shift into animals." Telepathic much? Green and yellow power pooled beneath Ophelia, lifting her into the air. She wore black leather pants and a matching halter top. I resisted the urge to look down at my own outfit—a handmade linen shirt tucked into brown leather pants, scuffed, bitten through, and dirty. The way Ophelia's chi supported her, the way the undead obeyed, the fact she had a giant cat, a fanged pixie, and a tattooed naked dude on her side all added up to a formidable opponent. Ophelia walked toward me across her chi, stopping at the edge of the warlocks' dome of protection. The pink woman, her wings a blur of motion, zipped above us, darting around like a bug. "I cannot shift into animals. But I can shift into the winds," Ophelia said inside my head. Trees in the yard below us bent as a wave of cold air blasted. "I can shift into the sea, into the rains." Thunder sounded and clouds manifested above us, curling into a storm, shot through with lightning. "Wow," I said, because that was impressive stuff. She paced at the edge of the spell's protection, her power moving under her. "I am your destiny," she said, stopping and putting a hand on one hip, "because I am your death." So...this isn't going to be a sweet sisterly reunion—more of a fight-to-the-death kind of thing. **Beware: This series is for adults who enjoy steamy paranormal romance with strong urban fantasy vibes and who don't mind a few f-bombs.**

Sometimes taking a chance is the only choice. As the public face of Kagan Industries, Sean Reynolds has no interest in pack politics or leadership. But when the rightful next in line wolf shifter abandons the pack, the void becomes an opportunity of a lifetime—in his wolf's eyes, anyway. Not in Sean's eyes. A light-hearted, STAND ALONE paranormal by NEW YORK TIMES BESTSELLING AUTHOR Vivian Arend ----- Wolf shifter Cole Masterson has been waiting impatiently for his future to arrive. The prophecy declared at his birth seems like pure gibberish, but he's still spent the past thirty-three years trying to prepare for whatever's coming. When his mate finally arrives, her appearance—on a skidoo stolen from him, no less—triggers a cascade of events he's not sure he's ready for. Dani Neville thought the covert training offered by the leader of an ultra-secret shifter association was her only escape from being stuck forever on an isolated island with her bear-shifter clan. But when her first assignment goes awry, and she ends up being chased through the wilderness by the sexiest, growliest wolf ever, Dani begins to wonder if her goals were big enough. Suddenly Cole's got to deal with the most delectable thief he's ever had the misfortune to meet—a woman who's also his fated mate, and years younger than him. The dragon won't open his heart ...Years ago, I saw something unbelievable: a soldier transforming into a beast to run into a burning building. He saved a lot of people that day, but I could never track him down. Until now. Ian's a local firefighter—and a dragon. The world knows dragons exist, but I'm determined to show everyone there are more supernatural beings out there than anyone imagines. A reporter as good as I am can always root out a hot story. I'm not going to fall for the target of my investigation, and tragedy in his past means he's not going to give his heart to me. It doesn't matter how hot our chemistry burns, it's not happening, no matter how steamy our stolen kisses get. Soon enough, I don't want to uncover his secrets for a story. I want everything about him for myself. His dragon knows we're meant to be fated mates, so how do I convince the man to take a new chance at love?

LEONIDAS: I am a Dragon Prince of the House of Smoke... and I am cursed. Falling in love was never in the cards for me. An angry witch made sure of that—if I lose my heart, I lose my life. Only now, a treaty guaranteeing peace will die with me, unless I convince some hapless human to fall in love with me and bear my child—a dragonling born of magic and a Love that's True. But I know nothing of love. Five hundred years of guarding my heart and opening my bed mean I've got zero chance at this. Yet if I fail, it won't just be my death... but countless others. ROSALYN: My luck has never been good. Being a witch who can't do magic sucks on most days—it's even worse when your mother's cancer can't be cured. But I'll do whatever it takes to turn our luck around, including stealing magic healing blood from a shifter. Besides, they owe me—a hot-as-sin shifter seduced my mother, got us thrown out of the coven, and ruined my life. One of them can bleed a little to make things right. And a dragon prince with his wacky Mating Game and blood ten times more powerful? The perfect mark. My luck might just be turning good after all. He needs her to love him without losing his heart; she wants nothing to do with his kind; and the fate of the mortal and immortal worlds depends on them not just opening their hearts, but surviving a Love that's True... Bear shifters. Bad Boys. Four loyal alphas claim their fated mates. One night at an Enchanted bar changed my entire world forever... I should have just let him have the drink and run. I didn't. Toby's eyes sucked me in--almost as fast as his lips. I have no idea who I thought I was fooling. Could a thieving witch and a billionaire bear ever end up together? Of course not. Is that why I hid our baby from him for years? Or was it his underworld ties and workplace scandals? Now, I am caught up in something that is forcing me to steal from him. The matter is life or death, after all. He still has the same effect on me as he did when we first met, but I can't get sucked in again. If fate finds you once, it has a pesky way of catching up with you again--not unlike your past. ***** BOOKS IN THIS BEAR SHIFTER COLLECTION Bear's Desire, Shifter Encounter, Doctor Enchanted, Alpha's Deception If you love alpha bears, shifters, bad boys, and secret baby romances, then you will love Revenge of the Bears: Bear Shifter Romance Collection! My life has been an endless march of survival and roadblocks. The gate closed, and we were trapped in the DarkVerse. We eventually made peace with the darklings, but for over a century, gatekeepers came and went, and still, we could not return home. Then I was taken against my will, and tortured for decades. When I escape, all that is on my mind is vengeance and the drive to finally accomplish what I set out to do: open the gate. But I wasn't prepared for her. We plucked Jade out of a nightmare of a life. How she is even sane is a wonder to me, but the second she manifests, she is proving to be one of the best of her kind. I shouldn't keep watching her. My eyes shouldn't linger. But I can't stop. I'm astounded by this woman and everything she has overcome. And by her stolen glances, the way she doesn't turn away from my scars of war and torture, I don't think I'm alone in this. She is a darkling, and I am an ultralight. We couldn't be more different. We're natural enemies. But Jade has changed everything, and I'm not so sure going back to the LightVerse is where I belong anymore.

It's 1936. Thirty-year-old Alice has given up on finding a husband. Between civil engineering and mountain climbing, her interests are so masculine, she scares men away. A poor route choice strands her—lost, hungry, and scared—next to Lon Chaney's cabin deep in the Sierra Nevada Mountains. Jed senses a woman stumbling down the steep, inhospitable mountain behind his borrowed cabin. Her scent tantalizes and excites him. Mates are scarce these days, and if his nose is right, she's his fated one. His and his two pack mates, that is, who are mercifully gone at the moment. Jed crafts a careful strategy, knowing the mate bond might not be enough to convince her to stay once she finds out it will link her to all three of them—forever. Alice adds Jed to her list of problems when he melts out of the shadowed darkness. At first she declines his offer of help, but he keeps talking until she ends up inside the cozy log cabin in front of a roaring fire. His skilled hands and a shot of whiskey heat her blood to molten, and her carefully tended world explodes into desperate hunger to make love with the man rubbing her weary feet. As caught up in lust as Alice, Jed takes a chance. A big one. Will mating with her before disclosing everything turn out to be a huge mistake?

Our colonization ship crashed, stranding us on a strange new world. To make matters worse, my best friend disappeared while scouting the area near our crash site. In my search to find her, I'm stolen by a dragon—a creature straight out of every fairy tale book I'd ever read as a child. He takes me back to his kingdom and I'm shocked when he shifts into a man—a fierce Drakarian warrior. He claims that I am his fated one—his Linaya. Despite my protests, he refuses to let me go—and I cannot deny that I'm drawn to him in ways I do not understand. The more time we spend together, I begin to wonder: what would it be like to be fated to a dragon?
