dragon demigod has definite perks. Perks we have to be very careful about using, since the humans don't know about our existence. We're able to shift into dragon form. We have unique powers. Lastly, we're attractive to the human race. Handy, since we live among them. Unlike others of my kind, I inherited one of those traits. Only one. Thing is, I'm okay with that. More than okay. I'm talented at what I do. I own my own custom workshop. I like to get my hands dirty. There is only one rule at my place of business. I never deal directly with the clients. I'm a moody bastard. A loner. Happiest when under the hood of a car. I never once broke my rule, until the day she walked into my shop. How could he have done this? I should be sad. I should be grieving but I'm not. All I can feel is angry. My brother killed himself because he owed a lot of money to the worst kind of people and now, they're after me. They want payment one way or another. For the last couple of weeks, all I've done is exist. Running from one place to the next. These murderous gangsters are right on my tail. They're slowly catching up to me. It won't be long and they'll have me. Just when I think it can't get any worse, my car breaks down. That's when I meet him. A beast of a man. He's rude. He's conceited. He might be exactly what I need to get out of this mess. No cheating! Contains hot alpha males and therefore strong sexual themes/language.

An awkward, traumatized omega and a patient alpha determined to court him properly... fate has a way of righting old wrongs. Stolen from his mother's arms and reported stillborn at birth, Tom spent nearly twenty-one years in structured captivity with other stolen omegas. His brothers. A dozen omegas, each with a secret superpower, who now must learn a whole new skill-how to thrive in a modern world. Not every brother emerged from their past unscathed, and Tom had the worst of it. His key to survival was a healthy respect for rules. Now that he's free, he's still a little bit obsessive and a whole lot compulsive. He's got anxiety, fear of change... and a list of plans for his future. None of which involved finding a fated mate. But if they had? His plans definitely wouldn't have been to meet his dream alpha while smelling of afterbirth and the blood of an enemy killed in defense of his pregnant brother-the same brother whose child he then had to deliver... post-shift and naked. If he'd been planning, if he'd made a list and checked it twice, Tom never could've designed an alpha more perfectly devoted than the delicious one fate put in front of him during one of the craziest days of his life... an alpha so patient, he insists on courting the skittish omega. *The West Coast Wolves* is an mpreg series about five alphas. From the world-famous couple who lived alongside a three-generation wolf pack, this book of inspiration, drawn from the wild, will fascinate animal and nature lovers alike. For six years Jim and Jamie Dutcher lived intimately with a pack of wolves, gaining their trust as no one has before. In this book the Dutchers reflect on the virtues they observed in wolf society and behavior. Each chapter exemplifies a principle, such as kindness, teamwork, playfulness, respect, curiosity, and compassion. Their heartfelt stories combine into a thought-provoking meditation on the values shared between the human and the animal world. Occasional photographs bring the wolves and their behaviors into absorbing focus.

MY CAPTIVE. MY MATE. MY PRIZE. I didn't order the capture of the beautiful American she-wolf. I didn't buy her from the traffickers. I didn't even plan to claim her. But no male shifter could have withstood the test of a full moon and a locked room with Sedona, naked and shackled to the bed. I lost control, not only claiming her, but also marking her, and leaving her pregnant with my wolfpup. I won't keep her prisoner, as much as I'd like to. I allow her to escape to the safety of her brother's pack. But once marked, no she-wolf is ever really free. I will follow her to the ends of the Earth, if I

As one of the final surviving members of a brutal shifter clan, I've been chained and imprisoned for my entire life by my human uncle for the sole purpose of keeping other humans safe from me. At least that's his excuse. Solitude and pain are all I've known, so when four men show up claiming to be my saviors I'm not exactly receptive to the idea. Sure, I'm grateful that they've busted me out of my own personal brand of hell, but that's about as far as the gratitude goes. Now I have no money, no pack, and nowhere to go unless I take them up on their offer to transport me safely to Newhaven, a sanctuary for omega wolves deep in the woodlands of Alaska. With no other choice left, I take it while vowing to keep my distance for the week-long trip. But as time passes my guard falls, leaving me conflicted and suddenly vulnerable to the charismatically handsome group of men. Will I make it to Newhaven without falling for them, and do I really want to? This is a reverse harem wolf shifter romance with themes of abuse trauma, overcoming it, and learning to trust the ones you love.

Mara always assumed her mate would be a man from her own pack. A good man. Not a sadistic, sinful Alpha named Kaden.

I let Claire believe I was dead. It was the only way to keep her safe. The only way I could prepare a new, bright world for her. My great kingdom where she will be comfortable, spoiled, and adored. However, a foreign ruler dares question my authority, believing himself greater than the tyrant who has destroyed one city and conquered another. Ending him would be nothing to me. Yet it would seem that his Omega has caught the attention of my trusted general, a man who may be even more evil than I. Whose machinations are just as devious, and whose intentions are unclear. Jules Havel covets the female. And I have never known the man not to take what he demands as his due.
