The dramatic story of neighbors in a small Danish fishing village who, during the Holocaust, shelter a Jewish family waiting to be ferried to safety in Sweden. It is 1943 in Nazi-occupied Denmark. Anett and her parents are hiding a Jewish woman and her son, Carl, in their cellar until a fishing boat can take them across the sound to neutral Sweden. The soldiers patrolling their street are growing suspicious, so Carl and his mama must make their way to the harbor despite a cloudy sky with no moon to guide them. Worried about their safety, Anett devises a clever and unusual plan for their safe passage to the harbor. Based on a true story. Four German Jews, refugees from Nazi Germany, play chamber music together in Palestine while trying to adjust to exile and learning to live in a new land and culture

Each year, Israel's young men and women are drafted into compulsory military service and are required to engage directly in the Israeli-Palestinian conflict. This conflict is by its nature intensely complex and is played out under the full glare of international security. So, how does Israel's education system prepare its young people for this? How is Palestine, and the Palestinians against whom these young Israelis will potentially be required to use force, portrayed in the school system? Nurit Peled-Elhanan argues that the textbooks used in the school system are laced with a pro-Israel ideology, and that they play a part in priming Israeli children for military service. She analyzes the presentation of images, maps, layouts and use of language in History, Geography and Civic Studies textbooks, and reveals how the books might be seen to marginalize Palestinians, legitimize Israeli military action and reinforce Jewish-Israeli territorial identity. This book provides a fresh scholarly contribution to the Israeli-Palestinian debate, and will be relevant to the fields of Middle East Studies and Politics more widely.

Presents stories of women who lived and suffered alongside Liana Millu during months in a concentration camp, describing their struggle to overcome violence and tragedy

"The haunting story of a Jewish family in Eastern Europe in the 1930s as seen through the eyes of an unforgettable nine-year-old boy."--Back cover.

This remarkable memoir by Marek Edelman, member of the Warsaw Ghetto Resistance five-person command team, tells first-hand of the struggle of Warsaw's Jews against the Nazis in the spring of 1943. Features a new introduction by John Rose, author of *The Myths of Zionism* (Pluto, 2004).

Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Oggi le persone si stimano e si rispettano in base al loro grado di utilità materiale da rendere agli altri e non, invece, al loro valore intrinseco ed estrinseco intellettuale. Per questo gli inutili sono emarginati o ignorati.

Presents the last testimony of Liana Millu before her death (2005), consisting of an interview in which she reflects on her experiences in Auschwitz-Birkenau. She considers that for the extermination of the Jews to have happened, three premises or traits of human character must have been present in the mind of the Nazis: violence, indifference, and scorn. Asserts that at the

root of that evil lay the simple fact of despising the "other" because he is different, not recognizing in him human qualities ascribed to oneself. She concludes that this is the lesson of Auschwitz that should be drawn for future generations.

In the 20th century, Europe was haunted by a specter of its own imagining: Judeo-Bolshevism. Fear of a Jewish Bolshevik plot to destroy the nations of Europe took hold during the Russian Revolution and spread across the continent. Paul Hanebrink shows that the myth of ethno-religious threat is still alive today, in Westerners' fear of Muslims.

A young bride shuts herself up in a bedroom on her wedding day, refusing to get married. In this moving and humorous look at contemporary Israel and the chaotic ups and downs of love everywhere, her family gathers outside the locked door, not knowing what to do. The bride's mother has lost a younger daughter in unclear circumstances. Her grandmother is hard of hearing, yet seems to understand her better than anyone. A male cousin who likes to wear women's clothes and jewelry clings to his grandmother like a little boy. The family tries an array of unusual tactics to ensure the wedding goes ahead, including calling in a psychologist specializing in brides who change their mind and a ladder truck from the Palestinian Authority electrical company. The only communication they receive from behind the door are scribbled notes, one of them a cryptic poem about a prodigal

daughter returning home. The harder they try to reach the defiant woman, the more the despairing groom is convinced that her refusal should be respected. But what, exactly, ought to be respected? Is this merely a case of cold feet? A feminist statement? Or a mourning ritual for a lost sister? This provocative and highly entertaining novel lingers long after its final page.

Contests Romano's views on Jewish subjects as expressed in his book "Lettera a un amico ebreo" (Longanesi, Milano, 1997), concerning the subjects of Jewish religion, antisemitism, the Shoah, Zionism and the State of Israel. Contends that Romano's arguments are superficial, lack scientific basis, and that many of them belong to the camp of revisionism.

Why discuss the Jewish Question? Because it is here, and because its emergence into American thought should contribute to its solution, and not to a continuance of those bad conditions which surround the Question in other countries. The Jewish Question has existed in the United States for a long time. Jews themselves have known this, even if Gentiles have not. There have been periods in our own country when it has broken forth with a sullen sort of strength which presaged darker things to come. Many signs portend that it is approaching an acute stage. Not only does the Jewish Question touch those matters that are of common knowledge, such as financial and commercial control, usurpation of political power, monopoly of necessities, and autocratic direction of the very news that the American people read; but it reaches into cultural regions and so touches the very heart of American life. This question reaches down into South America and threatens to become an important factor in Pan-American relations. It is interwoven with much of the menace of organized and calculated disorder which troubles the nations today. It is not of recent growth, but its roots go deep, and the long Past of this Problem is counterbalanced by prophetic hopes and programs which involve a very deliberate and creative view of the Future. This little book is the partial record of an investigation of the Jewish Question. It is printed to enable interested readers to inform themselves on the data published in *The Dearborn Independent* prior to Oct. 1, 1920. The demand for back copies of the paper was so great that the supply was exhausted early, as was also a large edition of a booklet containing the first nine articles of the series. The investigation still proceeds, and the articles will continue to appear as heretofore until the work is done. The motive of this work is simply a desire to make facts known to the people. Other motives have, of course, been ascribed to it. But the motive of prejudice or any form of antagonism is hardly strong enough to support such an investigation as this. Moreover, had an unworthy motive existed, some sign of it would inevitably appear in the work itself. We confidently call the reader to witness that the tone of these articles is all that it should be. The International Jew and his satellites, as the conscious enemies of all that Anglo-Saxons mean by civilization, are not spared, nor is that unthinking mass which defends anything that a Jew does, simply because it has been taught to believe that what Jewish leaders do is Jewish. Neither do these articles proceed upon a false emotion of brotherhood and apology, as if this stream of doubtful tendency in the world were only accidentally Jewish. We give the facts as we find them; that of itself is sufficient protection against prejudice or passion.

Evie and Lottie are twin sisters, but they couldn't be more different. What they do have in common is their Jewishness - even though the family isn't religious. When their mother gets a high-profile job and is targeted by antisemitic trolls on social media, the

girls brush it off at first - but then the threats start getting uglier. . .
