From the New York Times bestselling author of *The Night Circus*, a timeless love story set in a secret underground world—a place of pirates, painters, lovers, liars, and ships that sail upon a starless sea. Zachary Ezra Rawlins is a graduate student in Vermont when he discovers a mysterious book hidden in the stacks. As he turns the pages, entranced by tales of lovelorn prisoners, key collectors, and nameless acolytes, he reads something strange: a story from his own childhood. Bewildered by this inexplicable book and desperate to make sense of how his own life came to be recorded, Zachary uncovers a series of clues—a bee, a key, and a sword—that lead him to a masquerade party in New York, to a secret club, and through a doorway to an ancient library hidden far below the surface of the earth. What Zachary finds in this curious place is more than just a buried home for books and their guardians—it is a place of lost cities and seas, lovers who pass notes under doors and across time, and of stories whispered by the dead. Zachary learns of those who have sacrificed much to protect this realm, relinquishing their sight and their tongues to preserve this archive, and also of those who are intent on its destruction. Together with Mirabel, a fierce, pink-

haired protector of the place, and Dorian, a handsome, barefoot man with shifting alliances, Zachary travels the twisting tunnels, darkened stairwells, crowded ballrooms, and sweetly soaked shores of this magical world, discovering his purpose—in both the mysterious book and in his own life.

“Halima Khatun decided to write a book because nobody was talking. More specifically, nobody was talking about arranged marriages,” MyLondon “It’ll make you laugh a lot... and maybe cry a bit,” Asian Life magazine. Blurb A British-Bengali girl looking for Mr Right. A motley crew of men, some hoping it’s them. A mum on a mission to match make. And an age-old tradition with a twist. Welcome to the world of the arranged marriage. “While I’m young, (somewhat) free and single, time is - by Bengali standards - marching on. I’ve got to meet my dream man, or at least someone I can grow to like, and get married. The trouble is, having never fully fit in with my English friends or Asian community, I don’t really know what - or who – I’m looking for. Luckily (or not) for me, arranged marriages are still a thing. So alongside my own dating efforts, it’s everyone’s business - from my adorable yet overbearing mum, to pretend aunties and profiteering opportunists - to find me a match. With all this help, I’m pretty sure I’ll land a husband, but will he be ‘The One’?” The Secret Diary of an Arranged Marriage lifts the lid on the intriguing world of British-Bengali matrimony. The debut novel from former journalist Halima Khatun explores family, identity and belonging with acerbic humour. Not your average arranged marriage romance or British chick-lit, It’ll change your view of matchmaking for good... Reader reviews: "This is a great book to read on transport or going on holidays. laughed lots!" "I loved reading this book! Such an enjoyable read which was hilarious at some points but also really highlighted how arranged marriages are viewed from different perspectives, especially in western society. It's hard to find a book that isn't too 'heavy' but also covers important issues and makes you really empathise with the main character - I even shed a tear at one point! This would be great to pack with you for your holidays or for the daily commute, it's a real page turner and is actually very relatable even if the concept of arrange marriages is something you're not familiar with. Highly recommend if you're looking for a fun read but something a bit different from the usual chick-lit." "I started this book late one evening and just couldn't put it down! i really enjoyed it. I love the writing style and the self-deprecating humour. it's a real window into a world I don't know at all and I found it fascinating. I'm left wanting to know what happens next!" About the author Halima Khatun is a former journalist (having worked for ITV and the BBC), writer and PR consultant. Since she was a child, she knew that words would be her thing. With a lifelong passion for writing, Halima wrote her first novel - a coming-of-age children's story - at the age of 12. It was politely turned down by all the major publishing houses. However, proving that writing was indeed her forte, Halima went on to study English and Journalism and was one of just four people in the UK to be granted a BBC scholarship during

Ludwig Wittgenstein's works encompass a huge number of published philosophical manuscripts, notebooks, lectures, remarks, and responses, as well as his unpublished private diaries. The diaries were written mainly in coded script to interpolate his writings on the philosophy of language with autobiographic passages, but were previously unknown to the public and impossible to decode without learning the coding system. This book deciphers the cryptography of the diary entries to examine what Wittgenstein's personal idiom reveals about his public and private identities. Employing the semiotic doctrine of Charles S. Peirce, Dinda L. Gorfée argues that the style of writing reflects the variety of Wittgenstein's emotional moods, which were profoundly affected by his medical symptoms. Bringing Peirce's reasoning of abduction together with induction and deduction, the book investigates how the semiosis of the emotional, energetic,

Through close examinations of diaries, diary publication, and diaries in fiction, this book explores how the diary's construction of time and space made it an invaluable and effective vehicle for the dominant discourses of the period; it also explains how the genre evolved into the feminine, emotive, private form we continue to privilege today.

This inspiring book gives you a splendid example of how to live as a Christian in a secular environment that can be indifferent or hostile to your Faith. For Elisabeth Leseur had two great loves: God, and her husband Felix. Felix loved Elisabeth as well; yet to their mutual sorrow, he couldn't share the life of the Spirit that Elisabeth cherished. Occasionally the happiness of their life together in upper-class Parisian society was shattered by Felix's frustration and impatience. How could such an intelligent woman waste her time, as he saw it, with ignorant superstitions? Sometimes he and his friends would even ridicule and mock her faith. But Elisabeth loved Felix too much to allow their home to degenerate into an emotional war zone. She realized that confrontations and arguments were useless; she chose instead to keep quiet and pray for Felix. In her secret diary, she recorded how she used his efforts to destroy her faith as means

to grow in love for him and for God. Throughout their life together, it grieved Elisabeth to think that Felix might be separated from her for all eternity because of his rejection of God. For her, life in Heaven wouldn't be happy without him. Yet when she died prematurely, Felix was still an unbeliever. The story doesn't end there. When Felix found this diary, he discovered how Elisabeth's whole life bore witness to the truth of the God she loved. In time, Felix was transformed by the diary and his memories of Elisabeth. He became a Christian and, later, a priest. Now she may even be declared a saint. Elisabeth's diary and spiritual writings (all included in this one volume) map out for you a path to marital harmony and greater love for God especially if you love someone who stands outside the Faith. Let Elisabeth's two great loves, and her faith and perseverance, inspire you now.

This book focuses on girls and girlhoods, texts for and about girls, and the cultural contexts that shape girls' experience. It brings together scholars from girls' studies and children's literature, fields that have traditionally conducted their research separately, and the collaboration showcases the breadth and complexity of girl-related studies. Contributors from disciplines such as sociology, literature, education, and gender studies combine these disciplinary approaches in novel ways with insights from international studies, postcolonial studies, game studies, and other fields. Several of the authors engage in activist and policy-development work around girls who experience poverty and marginalization. Each essay is concerned in one way or another with the politics of girlhood as they manifest in national and cultural contexts, in the everyday practices of girls, and in textual ideologies and agendas. In contemporary Western societies girls and girlhood function to some degree as markers of cultural reproduction and change. The essays in this book proceed from the assumption that

This book builds on cognitive stylistics, humour studies and psychological approaches to literature and film to explore the emotional aspects of humorous narrative comprehension. It investigates how the linguistic features of comic novels and short stories (by, for example, Douglas Adams, Joseph Heller and Nick Hornby) can shape readers' experience of comedy, considering the ways in which moods, characters and the plot is used to trigger blends of positive and negative emotion. The book offers an approach to such features of comedy as dark humour, cringe humour and comic suspense, emphasising the relationship

between humorous language and mental states which are typically considered serious. Agnes Marszalek's focus on the non-humorous side of experiencing comedy offers a key contribution to the study of humorous narratives.
